Notes to Consolidated Financial Statements  
September 30, 2014  
(unaudited)

**(1) Organization**

ICON Income Fund Ten, LLC (the “LLC” or “Fund Ten”), a Delaware limited liability company, transferred all of its assets and liabilities to ICON Income Fund Ten Liquidating Trust (the “Liquidating Trust”), a Delaware statutory trust, as of December 31, 2013. When used in these notes to consolidated financial statements, the terms “we,” “us,” “our” or similar terms refer to (i) the LLC and its consolidated subsidiaries for all periods prior to the transfer of the assets and liabilities of the LLC to the Liquidating Trust and (ii) the Liquidating Trust and its consolidated subsidiaries at the conclusion of business on December 31, 2013 and thereafter.

Prior to the transfer of the assets and liabilities of the LLC to the Liquidating Trust, the manager of the LLC was ICON Capital, LLC, a Delaware limited liability company formerly known as ICON Capital Corp. (the “Manager”). At the conclusion of business on December 31, 2013 and thereafter, our Manager became the managing trustee of the Liquidating Trust (the “Managing Trustee”). The terms “Manager” and “Managing Trustee” are interchangeable, as the context so requires, when used in these notes to consolidated financial statements.

We engaged in one business segment, the business of purchasing equipment and leasing it to third parties, providing equipment and other financing, acquiring equipment subject to lease and, to a lesser degree, acquiring ownership rights to items of leased equipment at lease expiration.

Effective April 30, 2010, we completed our operating period. On May 1, 2010, we commenced our liquidation period, during which we have sold and will continue to sell our assets and/or let our investments mature in the ordinary course of business

**(2) Summary of Significant Accounting Policies**

*Basis of Presentation and Consolidation*

Our accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission for Quarterly Reports on Form 10-Q. In the opinion of our Managing Trustee, all adjustments, which are of a normal recurring nature, considered necessary for a fair presentation have been included. These consolidated financial statements should be read together with our consolidated financial statements and notes included in our Annual Report on Form 10-K for the year ended December 31, 2013. The results for the interim period are not necessarily indicative of the results for the full year.

*Credit Quality of Finance Leases and Credit Loss Reserve*

Our Managing Trustee weighs all credit decisions based on a combination of external credit ratings as well as internal credit evaluations of all borrowers. A borrower’s credit is analyzed using those credit ratings as well as the borrower’s financial statements and other financial data deemed relevant.

As our finance leases are limited in number, our Managing Trustee is able to estimate the credit loss reserve based on a detailed analysis of each finance lease as opposed to using portfolio-based metrics. Finance leases are analyzed quarterly and categorized as either performing or non-performing based on payment history. If a finance lease becomes non-performing due to a borrower’s missed scheduled payments or failed financial covenants, our Managing Trustee analyzes whether a credit loss reserve should be established or whether the finance lease should be restructured. Material events would be specifically disclosed in the discussion of each finance lease held.

Finance leases are generally placed in a non-accrual status when payments are more than 90 days past due. Additionally, our Managing Trustee periodically reviews the creditworthiness of companies with payments outstanding less than 90 days and based upon our Managing Trustee’s judgment, these accounts may be placed in a non-accrual status.

ICON Income Fund Ten Liquidating Trust  
(A Delaware Statutory Trust)  
Notes to Consolidated Financial Statements  
September 30, 2014  
(unaudited)

In accordance with the cost recovery method, payments received on non-accrual finance leases are applied to principal if there is doubt regarding the ultimate collectability of principal. If collection of the principal of non-accrual finance leases is not in doubt, interest income is recognized on a cash basis. Finance leases in non-accrual status may not be restored to accrual status until all delinquent payments have been received, and we believe recovery of the remaining unpaid receivable is probable.

When our Managing Trustee deems it is probable that we will not be able to collect all contractual rental payments on a non-performing finance lease, we perform an analysis to determine if a credit loss reserve is necessary. This analysis considers the estimated cash flows from the finance lease, or the collateral value of the asset underlying the finance lease when lease repayment is collateral dependent. If it is determined that the impaired value of the non-performing finance lease is less than the net carrying value, we will recognize a credit loss reserve or adjust the existing credit loss reserve with a corresponding charge to earnings. We then charge off our net investment in finance leases in the period that it is deemed uncollectible by reducing the credit loss reserve and the balance of our net investment in finance leases.

#### *Recent Accounting Pronouncements*

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, *Revenue from Contracts with Customers* (“ASU 2014-09”), requiring revenue to be recognized in an amount that reflects the consideration expected to be received in exchange for goods and services. The adoption of ASU 2014-09 becomes effective for us on January 1, 2017, including interim periods within that reporting period. Early adoption is not permitted. We are currently in the process of evaluating the impact of the adoption of ASU 2014-09 on our consolidated financial statements

In August 2014, FASB issued ASU No. 2014-15, *Presentation of Financial Statements – Going Concern: Disclosure of Uncertainties about an Entity’s Ability to Continue as a Going Concern* (“ASU 2014-15”), which provides guidance about management’s responsibility to evaluate whether there is substantial doubt about an entity’s ability to continue as a going concern and to provide related footnote disclosures. The adoption of ASU 2014-15 becomes effective for us on our fiscal year ending December 31, 2016, and all subsequent annual and interim periods. Early adoption is permitted. The adoption of ASU 2014-15 is not expected to have a material effect on our consolidated financial statements.

### (3) Net Investment in Finance Leases

Net investment in finance leases consisted of the following:

	September 30, 2014	December 31, 2013
Minimum rents receivable	\$ 12,072,244	\$ 29,087,789
Estimated unguaranteed residual values	7,300,000	7,300,000

for the three and nine months ended September 30, 2014, respectively. We paid distributions to our Managing Trustee of \$32,827 and \$83,585 for the three and nine months ended September 30, 2013, respectively. Additionally, our Managing Trustee’s interest in the net income attributable to us was \$

5,152  
and \$  
23,151

for the three and nine months ended September 30, 2014, respectively. Our Managing Trustee’s interest in

the net income attributable to us was \$12,187 and \$31,513 for the three and nine months ended September 30, 2013, respectively.

During the three and nine months ended September 30, 2014, we incurred administrative expense reimbursements of \$71,965 to our Managing Trustee. Our Managing Trustee has waived the following fees in relation to services provided during the three and nine months ended September 30, 2014 and 2013:

Entity	Capacity	Description	Three Months Ended September 30,		Nine Months Ended September 30,	
			2014	2013	2014	2013
ICON Capital, LLC	Managing Trustee	Management fees	\$ 286,709	\$ 229,513	\$ 850,777	\$ 682,797
ICON Capital, LLC	Managing Trustee	Administrative expense reimbursements	-	56,428	125,764	186,519
			<u>\$ 286,709</u>	<u>\$ 285,941</u>	<u>\$ 976,541</u>	<u>\$ 869,316</u>

At September 30, 2014, we had a net receivable due from our Managing Trustee of \$69,357, due to a receivable from our Managing Trustee related to a reimbursable expense, partially offset by a payable due to our Managing Trustee related to administrative expense reimbursements.

## (5) Derivative Financial Instruments

We may enter into derivative financial instruments for purposes of hedging specific financial exposures, including movements in foreign currency exchange rates and changes in interest rates on our non-recourse long-term debt. We enter into these instruments only for hedging underlying exposures. We do not hold or issue derivative financial instruments for purposes other than hedging, except for warrants, which are not hedges. Certain derivatives may not meet the established criteria to be designated as qualifying accounting hedges, even though we believe that these are effective economic hedges.

We recognize all derivative financial instruments as either assets or liabilities on the consolidated balance sheets and measure those instruments at fair value. Changes in the fair value of such instruments are recognized immediately in earnings unless certain criteria are met. These criteria demonstrate that the derivative is expected to be highly effective at offsetting changes in the fair value or expected cash flows of the underlying exposure at both the inception of the hedging relationship and on an ongoing basis and include an evaluation of the counterparty risk and the impact, if any, on the effectiveness of the derivative. If these criteria are met, which we must document and assess at inception and on an ongoing basis, we recognize the changes in fair value of such instruments in accumulated other comprehensive income (loss) ("AOCI"), a component of equity on the consolidated balance sheets. Changes in the fair value of the ineffective portion of all derivatives are recognized immediately in earnings.

U.S. GAAP and relevant International Swaps and Derivatives Association, Inc. agreements permit a reporting entity that is a party to a master netting agreement to offset fair value amounts recognized for derivative instruments that have been offset under the same master netting agreement. We elected to present the fair value of derivative contracts on a gross basis on the consolidated balance sheets.

### *Interest Rate Risk*

Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements on our variable non-recourse debt. Our strategy to accomplish these objectives is to match the projected future cash flows with the underlying debt service. Each interest rate swap involves the receipt of floating-rate interest payments from a counterparty in exchange for us making fixed-rate interest payments over the life of the agreement without exchange of the underlying notional amount.

### *Counterparty Risk*

We manage exposure to possible defaults on derivative financial instruments by monitoring the concentration of risk that we have with any individual bank and through the use of minimum credit quality standards for all counterparties. We do not

ICON Income Fund Ten Liquidating Trust  
(A Delaware Statutory Trust)  
Notes to Consolidated Financial Statements  
September 30, 2014  
(unaudited)

require collateral or other security in relation to derivative financial instruments. Since it is our policy to enter into derivative contracts only with banks of internationally acknowledged standing, we consider the counterparty risk to be remote.

#### *Designated Derivatives*

As of September 30, 2013, we had noncontrolling interests in two joint ventures, ICON Eagle Corona Holdings, LLC (“ICON Eagle Corona”) and ICON Eagle Carina Holdings, LLC (“ICON Eagle Carina”), that had two floating-to-fixed interest rate swaps designated and qualifying as cash flow hedges with an aggregate notional amount of \$6,435,224. These interest rate swaps were scheduled to mature on November 14, 2013. On October 28, 2013, the joint ventures terminated the interest rate swaps by making a total payment of approximately \$32,000. As a result, we no longer hold any derivatives.

For these derivatives, the joint ventures recorded their interest in the gain or loss from the effective portion of changes in the fair value of derivatives designated and qualifying as cash flow hedges in AOCI and such gain or loss was subsequently reclassified into earnings in the period that the hedged forecasted transaction affected earnings and was recorded as a component of loss from investment in joint ventures. During the three and nine months ended September 30, 2013, the joint ventures recorded no hedge ineffectiveness in earnings.

The table below presents the effect of our share of the joint ventures’ derivative financial instruments designated as cash flow hedging instruments on the consolidated statements of comprehensive income for the three and nine months ended September 30, 2013:

Period	Derivatives Designated as Hedging Instruments	Amount of Loss Recognized in AOCI on Derivatives (Effective Portion)	Location of Loss Reclassified from AOCI into Income (Effective Portion)	Amount of Loss Reclassified from AOCI into Income (Effective Portion)
Three Months Ended September 30, 2013	Interest rate swaps	\$ (362)	Loss from investment in joint ventures	\$ (13,580)
Nine Months Ended September 30, 2013	Interest rate swaps	\$ (1,930)	Loss from investment in joint ventures	\$ (53,983)

At September 30, 2014 and December 31, 2013, we had no unrealized loss recorded to AOCI related to the joint ventures’ interest in the change in fair value of interest rate swaps.

#### **(6) Commitments and Contingencies**

At the time we acquire or divest of our interest in an equipment lease or other financing transaction, we may, under very limited circumstances, agree to indemnify the seller or buyer for specific contingent liabilities. Our Managing Trustee believes that any liability of ours that may arise as a result of any such indemnification obligations will not have a material adverse effect on our consolidated financial condition or results of operations taken as a whole.

**Item 2**

**. Managing Trustee's Discussion and Analysis of Financial Condition and Results of Operations**

The following is a discussion of our current financial position and results of operations. This discussion should be read together with our unaudited consolidated financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q and the audited consolidated financial statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2013. This discussion should also be read in conjunction with the disclosures below regarding "Forward-Looking Statements."

As used in this Quarterly Report on Form 10-Q, references to "we," "us," "our" or similar terms include ICON Income Fund Ten Liquidating Trust and its consolidated subsidiaries.

**Forward-Looking Statements**

Certain statements within this Quarterly Report on Form 10-Q may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 ("PSLRA"). These statements are being made pursuant to the PSLRA, with the intention of obtaining the benefits of the "safe harbor" provisions of the PSLRA, and, other than as required by law, we assume no obligation to update or supplement such statements. Forward-looking statements are those that do not relate solely to historical fact. They include, but are not limited to, any statement that may predict, forecast, indicate or imply future results, performance, achievements or events. You can identify these statements by the use of words such as "may," "would," "could," "anticipate," "believe," "estimate," "expect," "continue," "further," "plan," "seek," "intend," "predict" or "project" and variations of these words or comparable words or phrases of similar meaning. These forward-looking statements reflect our current beliefs and expectations with respect to future events. They are based on assumptions and are subject to risks and uncertainties and other factors outside of our control that may cause actual results to differ materially from those projected. We undertake no obligation to update publicly or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

**Overview**

We operated as an equipment leasing and finance program in which the capital our beneficial owners invested was pooled together to make investments, pay fees and establish a small reserve. We primarily engaged in the business of purchasing equipment and leasing or servicing it to third parties, equipment financing, acquiring equipment subject to lease and, to a lesser degree, acquiring ownership rights to items of leased equipment at lease expiration. Some of our equipment leases were acquired for cash and were expected to provide current cash flow, which we refer to as "income" leases. For our other equipment leases, we financed the majority of the purchase price through borrowings from third parties. We refer to these leases as "growth" leases. These growth leases generated little or no current cash flow because substantially all of the rental payments received from the lessee were used to service the indebtedness associated with acquiring or financing the asset. For these leases, we anticipated that the future value of the leased equipment would exceed the cash portion of the purchase price.

Our Managing Trustee manages and controls our business affairs, including, but not limited to, our equipment leases and other financing transactions.

Effective April 30, 2010, we completed our operating period. On May 1, 2010, we commenced our liquidation period, during which we have sold and will continue to sell our assets and/or let our investments mature in the ordinary course of business.

The Liquidating Trust is governed by a Liquidating Trust Agreement that appointed our Manager as Managing Trustee of the Liquidating Trust. The Liquidating Trust's assets include an investment in ICON Containership I, LLC and an investment in ICON Containership II, LLC. These investments, as well as all other assets and liabilities of the LLC, were transferred to the Liquidating Trust on December 31, 2013 in order to reduce expenses and to maximize potential distributions to beneficial owners. On December 31, 2013, all shares of the LLC's limited liability company interests were exchanged for an equal number of beneficial interests (the "Interests") in the Liquidating Trust.

The financial condition and results of operations of the LLC are presented as those of the Liquidating Trust back to the beginning of the earliest period presented.

**Recent Significant Transactions**

We did not engage in any significant transactions since December 31, 2013.

**Recent Accounting Pronouncements**

In May 2014, FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which will become effective for us on January 1, 2017. We are currently in the process of evaluating the impact of the adoption of ASU 2014-09 on our consolidated financial statements.

In August 2014, FASB issued ASU No. 2014-15, *Presentation of Financial Statements – Going Concern: Disclosure of Uncertainties about an Entity’s Ability to Continue as a Going Concern*, which will become effective for us on our fiscal year ending December 31, 2016. The adoption of ASU 2014-15 is not expected to have a material effect on our consolidated financial statements.

We do not believe any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on our consolidated financial statements.

**Results of Operations for the Three Months Ended September 30, 2014 (the “2014 Quarter”) and 2013 (the “2013 Quarter”)**

Revenue and other income for the 2014 Quarter and the 2013 Quarter is summarized as follows:

	Three Months Ended September 30,		Change
	2014	2013	
Finance income	\$ 711,600	\$ 1,445,515	\$ (733,915)
Loss from investment in joint ventures	-	(150,702)	150,702
Interest and other income (loss)	10,871	(19,902)	30,773
Total revenue and other income	\$ 722,471	\$ 1,274,911	\$ (552,440)

Total revenue and other income for the 2014 Quarter decreased \$552,440, or 43.3%, as compared to the 2013 Quarter. The decrease in finance income was primarily due to the normal lifecycle of our bareboat charters with ZIM Israel Navigation Co. Ltd. (“ZIM”). The decrease was partially offset by losses no longer incurred in the 2014 Quarter from our investment in joint ventures as a result of the termination of their operations following the sale of vessels by ICON Eagle Corona and ICON Eagle Carina after the 2013 Quarter.

Expenses for the 2014 Quarter and the 2013 Quarter are summarized as follows:

	Three Months Ended September 30,		Change
	2014	2013	
Administrative expense reimbursements	\$ 71,965	\$ -	\$ 71,965
General and administrative	135,293	56,203	79,090
Total expenses	\$ 207,258	\$ 56,203	\$ 151,055

Total expenses for the 2014 Quarter increased \$151,055, or 268.8%, as compared to the 2013 Quarter. The increase in general and administrative expenses was primarily due to an increase in professional fees. The increase in administrative expense reimbursements was due to expenses incurred by our Managing Trustee in the 2014 Quarter, with such expenses waived in the 2013 Quarter.

*Net Income Attributable to Fund Ten Liquidating Trust*

As a result of the foregoing factors, net income attributable to us for the 2014 Quarter and the 2013 Quarter was \$515,213 and \$1,218,708, respectively. Net income attributable to us per weighted average additional Interest outstanding for the 2014 Quarter and the 2013 Quarter was \$3.44 and \$8.14, respectively.

**Results of Operations for the Nine Months Ended September 30, 2014 (the “2014 Period”) and 2013 (the “2013 Period”)**

Revenue and other income for the 2014 Period and the 2013 Period is summarized as follows:

	Nine Months Ended September 30,		Change
	2014	2013	
Finance income	\$ 2,738,112	\$ 4,584,971	\$ (1,846,859)
Income (loss) from investment in joint ventures	1,379	(755,478)	756,857
Interest and other (loss) income	(1,723)	337	(2,060)
Total revenue and other income	\$ 2,737,768	\$ 3,829,830	\$ (1,092,062)

Total revenue and other income for the 2014 Period decreased \$1,092,062, or 28.5%, as compared to the 2013 Period. The decrease in finance income was primarily due to the normal lifecycle of our bareboat charters with ZIM. The decrease was partially offset by losses no longer incurred in the 2014 Period from our investment in joint ventures as a result of the termination of their operations following the sale of vessels by ICON Eagle Corona and ICON Eagle Carina after the 2013 Period.

Expenses for the 2014 Period and the 2013 Period are summarized as follows:

	Nine Months Ended September 30,		Change
	2014	2013	
Administrative expense reimbursements	\$ 71,965	\$ -	\$ 71,965
General and administrative	332,025	715,818	(383,793)
Total expenses	\$ 403,990	\$ 715,818	\$ (311,828)

Total expenses for the 2014 Period decreased \$311,828, or 43.6%, as compared to the 2013 Period. The decrease in general and administrative expenses was primarily due to the reimbursement by our former lessee of certain sales taxes accrued in prior quarters and the continued reduction of expenses as a result of being in our liquidation period. The decrease was partially offset by an increase in administrative expense reimbursements due to expenses incurred by our Managing Trustee in the 2014 Period, with such expenses waived in the 2013 Period.

*Net Income (Loss) Attributable to Noncontrolling Interests*

Net income (loss) attributable to noncontrolling interests increased by \$55,912, from a net loss of \$37,283 for the 2013 Period to net income of \$18,629 for the 2014 Period. The increase was primarily attributable to accrued sales taxes in the 2013 Period.

*Net Income Attributable to Fund Ten Liquidating Trust*

As a result of the foregoing factors, net income attributable to us for the 2014 Period and the 2013 Period was \$2,315,149 and \$3,151,295, respectively. Net income attributable to us per weighted average additional Interest outstanding for the 2014 Period and the 2013 Period was \$15.46 and \$21.05, respectively.

**Financial Condition**

This section discusses the major balance sheet variances at September 30, 2014 compared to December 31, 2013.

*Total Assets*

Total assets decreased \$15,104,171, from \$36,695,835 at December 31, 2013 to \$21,591,664 at September 30, 2014. The

[Table of contents](#)

decrease was primarily due to distributions paid to our beneficial owners, partially offset by the operating income for the 2014 Period.

*Current Assets*

Current assets decreased \$12,462,423, from \$22,146,899 at December 31, 2013 to \$9,684,476 at September 30, 2014. The decrease was primarily due to reduced rental payments scheduled over the next twelve months.

*Equity*

Equity decreased \$15,090,577, from \$36,104,884 at December 31, 2013 to \$21,014,307 at September 30, 2014. The decrease was primarily the result of distributions paid to our beneficial owners, partially offset by net income in the 2014 Period.

**Liquidity and Capital Resources**

*Summary*

At September 30, 2014 and December 31, 2013, we had cash and cash equivalents of \$6,070,789 and \$6,966,884, respectively. During our liquidation period, which we commenced on May 1, 2010, our main sources of cash are the collection of income pursuant to our finance leases and proceeds from sales of assets held directly by us or indirectly by our joint ventures and our main use of cash is distributions to our beneficial owners.

Cash and cash equivalents include cash in banks and highly liquid investments with original maturity dates of three months or less. Our cash and cash equivalents are held principally at one financial institution and at times may exceed insured limits. We have placed these funds in a high quality institution in order to minimize risk relating to exceeding insured limits.

During the liquidation period, cash generated by our investing activities has become a more significant source of liquidity as we sell assets or let them mature in the ordinary course of business. We believe that cash generated from the expected results of our operations will be sufficient to finance our liquidity requirements for the foreseeable future, including distributions to our beneficial owners, general and administrative expenses, management fees and administrative expense reimbursements. We anticipate that our liquidity requirements for the remaining life of the fund will be financed by the expected results of our operations, as well as cash received from our investments at maturity.

We anticipate being able to meet our liquidity requirements into the foreseeable future. However, our ability to generate cash in the future is subject to general economic, financial, competitive, regulatory and other factors that affect us and our lessees' and borrowers' businesses that are beyond our control.

*Cash Flows*

*Operating Activities*

Cash provided by operating activities increased \$6,528,201, from \$10,000,059 in the 2013 Period to \$16,528,260 in the 2014 Period. The increase was primarily due to the scheduled increase in bareboat charter receipts and the continued reduction of expenses paid in the 2014 Period as a result of being in our liquidation period.

*Investing Activities*

Cash provided by investing activities decreased \$7,139, from \$7,139 in the 2013 Period to \$0 in the 2014 Period as a result of a final distribution from a joint venture investment in the 2013 Period.

*Financing Activities*

Cash used in financing activities increased \$9,056,833, from \$8,367,522 in the 2013 Period to \$17,424,355 in the 2014 Period. The increase was primarily due to an increase in distributions paid to our beneficial owners in the 2014 Period.

*Distributions*

We, at our Managing Trustee's discretion, paid monthly distributions to beneficial owners starting with the first month after each additional beneficial owner's admission following the commencement of our operations through the end of our operating period, which was on April 30, 2010. Distributions paid during our liquidation period will vary, depending on the timing of the sale of our assets and/or the maturity of our investments and our receipt of finance and other income from our investments. We

[Table of contents](#)

paid distributions to our Managing Trustee and additional beneficial owners of \$174,244 and \$17,250,111, respectively, during the 2014 Period.

**Commitments and Contingencies and Off-Balance Sheet Transactions**

*Commitments and Contingencies*

At the time we acquire or divest of our interest in an equipment lease or other financing transaction, we may, under very limited circumstances, agree to indemnify the seller or buyer for specific contingent liabilities. Our Managing Trustee believes that any liability of ours that may arise as a result of any such indemnification obligations will not have a material adverse effect on our consolidated financial condition or results of operations taken as a whole.

*Off-Balance Sheet Transactions*

None.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Smaller reporting companies are not required to provide the information required by this item.

**Item 4. Controls and Procedures**

*Evaluation of disclosure controls and procedures*

In connection with the preparation of this Quarterly Report on Form 10-Q for the three months ended September 30, 2014, our Managing Trustee carried out an evaluation, under the supervision and with the participation of the management of our Managing Trustee, including its Co-Chief Executive Officers and the Principal Financial and Accounting Officer, of the effectiveness of the design and operation of our Managing Trustee's disclosure controls and procedures as of the end of the period covered by this report pursuant to the Securities Exchange Act of 1934, as amended. Based on the foregoing evaluation, the Co-Chief Executive Officers and the Principal Financial and Accounting Officer concluded that our Managing Trustee's disclosure controls and procedures were effective.

In designing and evaluating our Managing Trustee's disclosure controls and procedures, our Managing Trustee recognized that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Our Managing Trustee's disclosure controls and procedures have been designed to meet reasonable assurance standards. Disclosure controls and procedures cannot detect or prevent all error and fraud. Some inherent limitations in disclosure controls and procedures include costs of implementation, faulty decision-making, simple error and mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based, in part, upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all anticipated and unanticipated future conditions. Over time, controls may become inadequate because of changes in conditions, or the degree of compliance with established policies or procedures.

*Evaluation of internal control over financial reporting*

There have been no changes in our internal control over financial reporting during the three months ended September 30, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II - OTHER INFORMATION

### Item 1. Legal Proceedings

In the ordinary course of conducting our business, we may be subject to certain claims, suits, and complaints filed against us. In our Managing Trustee's opinion, the outcome of such matters, if any, will not have a material impact on our consolidated financial position or results of operations. We are not aware of any material legal proceedings that are currently pending against us or against any of our assets.
