Item 8.01. Other Events.

On March 5, 2014, eMagin Corporation (the "Company") received a notification to stop shipments to a customer pending review of a possible wire bonding problem in a microdisplay. Similar notices from two other customers have been received by eMagin. These customers, who supply systems to government programs that include eMagin displays, have indicated that they will not accept eMagin displays until the issue has been resolved. Hence, this issue will result in a delay of shipments to these customers, which will impact first quarter 2014 revenue. The Company believes that upon completion of its review and with concurrence of the applicable customers, anticipated shipments of the Company's products to such customers will resume shortly.

The foregoing contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, including those regarding eMagin Corporation's expectations, intentions, strategies and beliefs pertaining to future events or future financial performance. Actual events or results may differ materially from those in the forward-looking statements as a result of various important factors, including those described in the Company's most recent filings with the SEC. Although we believe that the expectations reflected in the forward-looking statements are reasonable, such statements should not be regarded as a representation by the Company, or any other person, that such forward-looking statements will be achieved. The business and operations of the Company are subject to substantial risks which increase the uncertainty inherent in forward-looking statements. In light of the foregoing, readers are cautioned not to place undue reliance on such forward-looking statements.

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
