Item 1.01 Entry Into a Material Definitive Agreement.

Asset Purchase Agreement

On May 17, 2016, Perseon Corporation (the “Company”) entered into an asset purchase agreement (the “Asset Purchase Agreement”) with MedLink Technologies, LLC, a North Carolina corporation (“MedLink”), pursuant to which MedLink agreed to acquire substantially all of the Company’s assets for \$4.35 million. The Asset Purchase Agreement contains certain customary representations and warranties and covenants.

In connection with entry into the Asset Purchase Agreement, MedLink made an \$850,000 bid deposit, which the Company may use to fund its operations during the pendency of the Chapter 11 Case (as defined below), provided, that if MedLink is not the successful bidder at the auction, then the Company must return the bid deposit plus 5% interest on any amount of the bid deposit used by the Company to fund its operations.

The Asset Purchase Agreement is subject to a number of closing conditions, including, among others, (i) the approval of the Bankruptcy Court in the Chapter 11 Case, as described and defined in Item 1.03 below; (ii) the Company must pay on a current basis certain key vendors and employees; (iii) the accuracy of representations and warranties of the parties; and (iv) material compliance with the obligations set forth in the Asset Purchase Agreement.

The asset purchase pursuant to the Asset Purchase Agreement is expected to be conducted under the provisions of Section 363 of the Bankruptcy Code (as defined below) and will be subject to a marketing process, with proposed bidding procedures and receipt of a higher and better bid at auction. Upon entry by the Bankruptcy Court, the bidding procedures order will provide that (i) MedLink be the “stalking horse” bidder for the assets identified in the Asset Purchase Agreement; (ii) if MedLink is not the successful bidder at auction, the Company must pay a break-up fee to MedLink equal to \$217,500; (iii) to be a qualified bidder at the auction, a bidder must make an \$850,000 deposit, and (iv) any overbids at the auction must be no less than \$100,000.

The foregoing description of the Asset Purchase Agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Asset Purchase Agreement, a copy of which is attached as Exhibit 2.1 to this report and is incorporated herein by reference.

License Agreement

In order to induce MedLink to purchase substantially all of the Company’s assets pursuant to the Asset Purchase Agreement, on May 16, 2016, the Company and MedLink also entered into a license agreement (the “License”) providing MedLink with an exclusive license to sell the Company’s products and use the Company’s intellectual property in China, Hong Kong, Taiwan and Korea (the “License Territory”). The License contains certain customary representations and warranties and covenants.

MedLink paid the Company \$200,000 to receive the License. In addition, MedLink is required to pay the Company an annual royalty of 5% of net profits made in the License Territory by MedLink and any sublicensee of MedLink, up to a maximum of \$3,000,000, inclusive of the \$200,000 already paid. In addition, MedLink has the right to use any supplier used by the Company in connection with the production of its products in the License Territory.

The foregoing summary of the License does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the License Agreement, a copy of which is attached hereto as Exhibit 10.1 to this report and incorporated herein by reference.

Item 1.03 Bankruptcy or Receivership.

On May 23, 2016, the Company filed a voluntary petition for relief under chapter 11 of 11 U.S.C. §§ 101 *et seq.* of the United States Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the District of Utah (the “Bankruptcy Court”). The Company’s caption and case number is *In re Perseon Corporation*, Case No. 16-24435 (Bankr. D. Utah) (the “Chapter 11 Case”). The Company plans to continue to operate its business as a “debtor-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court.

Item 7.01 Regulation FD Disclosure.

Modified SEC Reporting

The Company plans to seek approval from the Securities and Exchange Commission (the “SEC”) to adopt a modified reporting program with respect to its reporting obligations under the federal securities laws, during the pendency of the Bankruptcy Case. In lieu of continuing to file Quarterly Reports on Form 10-Q and Annual Reports on Form 10-K under Section 15(d) of the Securities Exchange Act of 1934, the Company would each month file with the SEC a Current Report on Form 8-K that will have attached to it the monthly financial reports required by the Bankruptcy Court. Such bankruptcy filings are generally made on the 20th day of each month covering the prior month’s operations. The Company will be conferring with the Office of the United States Trustee in Utah regarding the specific timing for filing monthly operating reports in the Chapter 11 Case. The Company will continue to file Current Reports on Form 8-K as is required by the federal securities laws.

Cautionary Note Regarding the Chapter 11 Case

The Company’s stockholders are cautioned that trading in shares of the Company’s common stock or its publicly traded warrants during the pendency of the Chapter 11 Case will be highly speculative and will pose substantial risks. The Company expects that the currently outstanding shares of its common stock and the publicly traded warrants will be eventually cancelled and extinguished by the Bankruptcy Court. The holders of the Company’s common stock and publicly traded warrants may not receive any proceeds from the sale of substantially all of the Company’s assets due to the Company’s obligations to creditors and others. As a result, the Company expects that its currently outstanding stock has no value. Trading prices for the Company’s common stock may bear little or no relation to actual recovery, if any, by holders thereof in the Company’s Chapter 11 Case. Accordingly, the Company urges extreme caution with respect to existing and future investments in its common stock.

This Current Report on Form 8-K contains forward-looking statements regarding future events and the Company’s future financial operations.
