THE COMPANY

We are a leading global designer, manufacturer and marketer of hoists, actuators, cranes, rigging tools, digital power control systems, and other material handling products serving a wide variety of commercial and industrial end-user markets. Our products are used to efficiently and ergonomically move, lift, position and secure objects and loads. We are the U.S. market leader in hoists and material handling drive systems, our principal line of products, as well as certain chain, forged attachment, and actuator products which we believe provides us with a strategic advantage in selling our other products. We have achieved this leadership position through strategic acquisitions, our extensive, diverse and well-established distribution channels and our commitment to product innovation and quality. We have one of the most comprehensive product offerings in the industry and we believe we have more overhead hoists in use in North America than all of our competitors combined. Additionally, we believe we are the market leader of manual hoist and actuator products in Europe, which provides us further opportunity to sell our other products through our existing distribution channels in that region. Our products are sold globally and our brand names, including CM, Coffing, Chester, Duff-Norton, Pfaff, Shaw-Box, Yale, Telemotive, Electromotive Systems, OmniPulse, IMPULSE, Enrange, Mondel, M-FORCE, and Quattro are among the most recognized and well-respected in the marketplace

In September 2015, we significantly expanded our product offering with the acquisition of Magnetek, Inc. (“Magnetek”). The acquisition combines Magnetek’s technology with our broad line of lifting and positioning mechanical products to create a more comprehensive solution for customers. Magnetek's digital power control systems serve the needs of selected niches of traditional and emerging markets that are becoming increasingly dependent on “smart” power. Much of Magnetek's focus is on developing and introducing innovative electronic drive solutions that both enhance our customers' operational efficiency and save energy.

Our products include a wide variety of electric chain hoists, electric wire rope hoists, hand-operated hoists, winches, lever tools, air-powered hoists, hoist trolleys, overhead steel jib and gantry cranes, alloy and carbon steel chain, closed-die forged attachments, such as hooks, shackles, textile slings, clamps, logging tools and load binders; industrial components, such as mechanical and electromechanical actuators and rotary unions; below-the-hook special purpose lifters; tire shredders; and light-rail systems. These products are typically manufactured for stock or assembled to order from standard components and are sold primarily through a variety of commercial distributors and to a lesser extent, directly to end-users. The diverse end-users of our products are in a variety of industries including: manufacturing, power generation and distribution, utilities, wind power, warehouses, commercial construction, oil exploration and refining, petrochemical, marine, ship building, transportation and heavy duty trucking, agriculture, logging and mining. We also serve a niche market for the entertainment industry including permanent and traveling concerts, live theater and sporting venues.

For more information about our business, please refer to the “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section of our annual report on Form 10-K for the fiscal year ended March 31, 2016 and our Quarterly Reports on Form 10-Q filed subsequent to such Annual Report on Form 10-K, which are incorporated by reference into this prospectus and any prospectus supplement hereto in their entirety, as the same may be amended, supplemented or superseded.

Our principal executive offices are located at 205 Crosspoint Parkway, Getzville, New York 14068. Our telephone number is (716) 689-5400. Our web site address is www.cmworks.com. The information on our website is not part of this prospectus.

RISK FACTORS

An investment in our common stock involves risk. Prior to making a decision about investing in our securities, you should carefully consider those risk factors included in our most recent Annual Report on Form 10-K and our subsequently filed Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, which are incorporated herein by reference, as well as those risk factors that may be included in any applicable prospectus supplement, together with all of the other information included in this prospectus, any prospectus supplement and the documents we incorporate by reference, in evaluating an investment in our common stock. If any of the risks discussed in the foregoing documents were to occur, our business, financial condition, results of operations and cash flows could be materially adversely affected. For more information, please see the sections entitled “Cautionary Statement Regarding Forward-Looking Statements” and “Where You Can Find More Information.”

SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION

Statements made in this prospectus and the documents incorporated herein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements that relate to future plans, events, liquidity, financial results or performance, including statements relating to future cash flows and liquidity and future cost alignment actions, as well as estimated unrecognized stock compensation expense, computation of the annual estimated effective tax rate at each interim period, projected capital expenditures, future contractual obligations, current business outlook, estimated charges related to the restructuring of global operations, future global economic conditions, future growth or market share gains, the ability to manage costs or invest in future initiatives, as well as future changes in foreign currency rates, are forward-looking statements as defined under the Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as “anticipates,” “believes,” “estimates,” “expects,” “intends,” “may,” “plans,” “projects,” “will,” “would,” and similar expressions or expressions of the negative of these terms.

These statements involve known and unknown risks and are based upon current information and expectations. Actual results may differ materially from those anticipated if the information on which those estimates were based ultimately proves to be incorrect or as a result of certain risks and uncertainties that could cause our actual results to differ materially from the results expressed or implied by such statements, including general economic and business conditions, conditions affecting the industries served by us and our subsidiaries, conditions affecting our customers and suppliers, competitor responses to our products and services, the overall market acceptance of such products and services, facility consolidations and other restructurings, foreign currency fluctuations, the integration of acquisitions and other factors disclosed in our periodic reports filed with the Securities and Exchange Commission (the “SEC”). Consequently such forward-looking statements should be regarded as our current plans, estimates and beliefs. We do not undertake and specifically decline any obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect any future events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, we intend to use the net proceeds that we receive from the sale of any securities by us covered by this prospectus for general corporate purposes, which may include, among other things: reducing or refinancing indebtedness; making acquisitions of assets, businesses or securities; stock repurchases and capital expenditures; and for working capital. When specific securities are offered, the prospectus supplement relating thereto will set forth our intended use of the net proceeds that we receive from the sale of such securities. Pending the application of the net proceeds, we may invest the proceeds in marketable securities and short-term investments.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated:

	Three Months Ended		Year Ended March 31,				
	June 30,	June 30,					
	2016	2015	2016	2015	2014	2013	2012
Ratio of Earnings to Fixed Charges (1)	4.2	8.0	4.3	3.6	3.9	3.8	3.1

- (1) For purposes of calculating the ratio of earnings to fixed charges, earnings represents income (loss) from continuing operations before income taxes plus fixed charges. Fixed charges include interest expense, including amortization of deferred financing costs, debt extinguishment costs, capitalized interest, and the portion of operating rental expense which management believes is representative of the interest component of rent expense.

The following description of our capital stock is a summary only and is derived from our certificate of incorporation, which is incorporated by reference into this prospectus.

Voting Rights.

Holders of common stock are entitled to one vote on all matters submitted to a vote of our shareholders, including the election of directors. There is no cumulative voting. Therefore, the holders of a majority of the shares of common stock voted in an election of directors can elect all of the directors then standing for election, subject to any rights of the holders of any outstanding preferred stock, if any.

Liquidation.

In the event of any dissolution, liquidation or winding up of our affairs, whether voluntary or involuntary, after payment of our debts and other liabilities and making provision for the holders of outstanding preferred stock, if any, our remaining assets will be distributed ratably among the holders of our common stock

Pre-emption.

There are no pre-emptive or other rights to subscribe for any of our shares or securities.

Dividends.

Holders of shares of common stock are entitled to receive dividends, if, as and when such dividends are declared by our Board of Directors out of assets legally available therefor after payment of dividends required to be paid on shares of outstanding preferred stock, if any.

Transfer Agent and Registrar.

The transfer agent and registrar for our common stock is American Stock Transfer and Trust Company.

Preferred Stock

Our Board of Directors has the authority to issue preferred stock in one or more series and to establish the rights and restrictions granted to or imposed on any unissued shares of preferred stock and to fix the number of shares constituting any series without any further vote or action by our shareholders. Our Board of Directors has the authority, without approval of our shareholders, to issue preferred stock that has voting and conversion rights superior to our common stock, which could have the effect of deterring, delaying or preventing a change in control. We currently have no plans to issue any shares of preferred stock.

There are 250,000 shares of our Series A junior participating preferred stock reserved for issuance upon exercise of rights under our rights agreement.

The terms and provisions of any preferred stock that may be offered by this prospectus will be described in the applicable prospectus supplement. You should read the certificate of designations relating to the applicable series of preferred stock for additional information before you purchase any preferred stock.

Warrants

We may issue warrants for the purchase of our debt securities, common stock, preferred stock, or units of two or more of these types of securities. Warrants may be issued independently or together with debt securities, common stock or preferred stock and may be attached to or separate from these securities. Each series of warrants will be issued under a separate warrant agreement. We will distribute a prospectus supplement with regard to each issue or series of warrants. Each such prospectus supplement will describe:

- the title of the warrants;
- the aggregate number of warrants to be issued and currently outstanding, if any;
- the price or prices at which the warrants will be issued;

- the number or principal amount of securities purchasable upon exercise of the warrants and the exercise price of each warrant;
- the procedures and conditions relating to the exercise of the warrants including:
 - ⊙ the date on which the right to exercise the warrants will commence and the date on which the right will expire;
 - ⊙ the maximum or minimum number of the warrants which may be exercised at any time; and
 - ⊙ any limitations relating to the exchange and exercise of such warrants;
- in the case of warrants to purchase our common stock or preferred stock, any provisions for adjustment of the number or amount of shares of our common stock or preferred stock receivable upon exercise of the warrants or the exercise price of the warrants;
- in the case of warrants to purchase preferred stock, the designation, stated value and terms, such as liquidation, dividend, conversion and voting rights, of the series of preferred stock purchasable upon exercise of the warrants;
- if applicable, the number of warrants issued with each share of our common stock, preferred stock or debt securities, and the date on and after which the warrants and the related securities will be separately transferable;
- if applicable, a discussion of any material federal income tax considerations; and
- any other material terms of such warrants.

Exercise of Warrants

Each warrant will entitle the holder of the warrant to purchase the securities, at the exercise price as shall be set forth in, or be determinable as set forth in, the prospectus supplement relating to the warrants. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchased upon such exercise. If less than all of the warrants represented by a warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Prior to the exercise of any warrants, holders of the warrants will not have any of the rights of holders of the securities purchasable upon exercise, including:

- in the case of warrants for the purchase of debt securities, the right to receive payments of principal of, or any premium or interest on, the debt securities purchasable upon exercise, or to enforce covenants in the applicable indenture; or
- in the case of warrants for the purchase of common stock or preferred stock, the right to vote or to receive any payments of dividends on the common stock or preferred stock purchasable upon exercise.

Certificates for warrants to purchase securities will be exchangeable for new warrant certificates of different denominations to the extent set forth in the prospectus supplement.

Rights

We may issue rights to purchase our common stock, preferred stock or debt securities that we may offer to our securityholders. The rights may or may not be transferable by the persons purchasing or receiving the rights. In connection with any rights offering, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other persons would purchase any offered securities remaining unsubscribed for after such rights offering. Each series of rights will be issued under a separate rights agent agreement to be entered into between us and a bank or trust company, as rights agent, that we will name in the applicable prospectus supplement. The rights agent will act solely as our agent in connection with the rights and will not assume any obligation or relationship of agency or trust for or with any holders of rights certificates or beneficial owners of rights.

The prospectus supplement relating to any rights that we offer will include specific terms relating to the offering, including, among other matters:

- the date of determining the security holders entitled to the rights distribution;
- the aggregate number of rights issued and the aggregate number of shares of common stock or preferred stock or the aggregate principal amount of debt securities purchasable upon exercise of the rights;
- the exercise price;

- the conditions to completion of the rights offering;
- the date on which the right to exercise the rights will commence and the date on which the rights will expire; and
- any applicable federal income tax considerations.

Each right would entitle the holder of the rights to purchase for cash the principal amount of shares of common stock, preferred stock or debt securities at the exercise price set forth in the applicable prospectus supplement. Rights may be exercised at any time up to the close of business on the expiration date for the rights provided in the applicable prospectus supplement. After the close of business on the expiration date, all unexercised rights will become void.

If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than our security holders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby arrangements, as described in the applicable prospectus supplement.

Stock Purchase Contracts

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and obligating us to sell to the holders, a specified number or variable number of shares of our common stock or preferred stock at a future date or dates. The consideration per share may be fixed at the time stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as part of stock purchase units consisting of a stock purchase contract and our debt securities, preferred stock, any other securities described in the applicable prospectus supplement or debt obligations of third parties, including U.S. treasury securities, securing the holders' obligations to purchase the shares under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis.

The applicable prospectus supplement will describe the terms of any stock purchase contracts or stock purchase units. Material federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will be discussed in the related prospectus supplement.

Units

We may issue units, which will consist of one or more of common stock, preferred stock, warrants, rights, stock purchase contracts, debt securities or any combination thereof. The applicable prospectus supplement for any units will describe:

- all terms of the units and of the shares of common stock, shares of preferred stock, warrants, rights, stock purchase contracts, debt securities or any combination thereof comprising the units, including whether and under what circumstances the securities comprising the units may or may not be traded separately;
- a description of the terms of any unit agreement governing the units; and
- a description of the provisions for the payment, settlement, transfer or exchange of the units.

Debt Securities and Guarantees

The following description discusses the general terms and provisions of the debt securities that we may offer under this prospectus. The debt securities may be issued as senior debt securities or subordinated debt securities. The indebtedness represented by the senior debt securities will rank equally with all of our other unsecured and unsubordinated debt. The indebtedness represented by the subordinated debt securities will rank junior and be subordinate in right of payment to the prior payment in full of our senior debt, to the extent and in the manner set forth in the applicable prospectus supplement for the securities.

The senior debt securities and the subordinated debt securities will be issued under separate indentures between us and one or more U.S. banking institutions. The trustee for each series of our debt securities will be identified in the applicable prospectus supplement. We may refer to the indenture covering the senior debt securities as the “senior indenture” and the indenture covering the subordinated debt securities as the “subordinated indenture.” Together the senior indenture and the subordinated indenture are called “indentures.”

The form of the indentures are filed as exhibits to the registration statement of which this prospectus is a part. The indentures are subject to and governed by the Trust Indenture Act of 1939, or the Trust Indenture Act, and may be supplemented or amended from time to time following their execution. We have not yet selected a trustee for either of the indentures, and we have not yet executed either indenture. Prior to issuing any debt securities, we will be required to select a trustee for the applicable indenture or indentures, qualify the trustee or trustees under the Trust Indenture Act and execute the applicable indenture or indentures.

The form of each indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which the particular terms of the issue modify the terms of the applicable form of indenture will be described in the prospectus supplement relating to such series of debt securities.

The following summary describes selected provisions of the indentures. This summary does not describe every aspect of the debt securities or the applicable indenture and is subject to, and qualified in its entirety by reference to, all the provisions of the applicable indenture, including the terms defined in the applicable indenture. We urge you to read the applicable indenture in its entirety. This summary is also subject to, and qualified in its entirety by reference to, the description of the particular debt securities in the applicable prospectus supplement.

General.

The indentures provide that we will be able to issue an unlimited aggregate principal amount of debt securities under the indentures, in one or more series, and in any currency or currency units. We are not required to issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture or a resolution of our board of directors or in one or more officer’s certificates pursuant to a board resolution. We will describe in the applicable prospectus supplement the terms of the debt securities being offered, including:

- the title, and the price at which we will sell, the offered debt securities;

- whether the offered debt securities are senior debt securities or subordinated debt securities;
- the aggregate principal amount of the offered debt securities;
- the date or dates on which principal will be payable or how to determine such date or dates;
- the rate or rates or method of determination of interest;
- the date from which interest will accrue;
- the dates on which interest will be payable and any record dates for the interest payable on the interest payment dates;
- the place of payment on the offered debt securities;
- any obligation or option we have to redeem, purchase or repay the offered debt securities, or any option of the registered holder to require us to redeem or repurchase offered debt securities, and the terms and conditions upon which the offered debt securities will be redeemed, purchased or repaid;
- the currency or currencies, including composite currencies or currency units, in which payment of the principal of (or premium, if any) or interest, if any, on any of the offered debt securities will be payable if other than the currency of the United States of America;
- any index, formula or other method used to determine the amount of principal, premium, if any, or interest;
- the terms and conditions upon which payment on the offered debt securities may change;

- whether the offered debt securities are defeasible;
- any addition to or change in the events of default;

- any addition to or change in the covenants in the applicable indenture;
- the terms of any right to convert the offered debt securities into common shares; and
- any other terms of the offered debt securities not inconsistent with the provisions of the applicable indenture.

If the offered debt securities are denominated in whole or in part in any currency other than U.S. dollars, if the principal of (and premium, if any) or interest, if any, on the offered debt securities are to be payable in a currency or currencies other than that in which the debt securities are to be payable, or if any index is used to determine the amount of payments of principal of (and premium, if any) or interest on any series of the debt securities, material federal income tax, accounting and other considerations applicable thereto will be described in the applicable prospectus supplement.

If so provided in the applicable prospectus supplement, we may issue our debt securities at a discount below their principal amount and pay less than the entire principal amount of our debt securities upon declaration of acceleration of their maturity. The applicable prospectus supplement will describe all

material federal income tax, accounting and other considerations applicable to any such original issue discount securities.

The general provisions of the indentures do not contain any provisions that would limit our ability or the ability of our subsidiaries to incur indebtedness or that would afford holders of our debt securities protection in the event of a highly leveraged or similar transaction involving us or any of our subsidiaries. Please refer to the applicable prospectus supplement for information with respect to any deletions from, modifications of or additions to, the events of default described below that are applicable to the offered debt securities or any covenants or other provisions providing event risk or similar protection.

Payment.

Unless we state otherwise in the applicable prospectus supplement, we will pay interest on a debt security on each interest payment date to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date.

Unless we state otherwise in the applicable prospectus supplement, we will pay principal of and any premium on the debt securities at stated maturity, upon redemption or otherwise, upon presentation of the debt securities at the office of the applicable trustee, as our paying agent, or at other designated places. Any other paying agent initially designated for the debt securities of a particular series will be identified in the applicable prospectus supplement.

Form, Transfers and Exchanges.

The debt securities of each series will be issued only in fully registered form, without interest coupons. Unless we state otherwise in the applicable prospectus supplement, the debt securities will be issued in denominations of \$1,000 each or multiples thereof.

Subject to the terms of the applicable indenture and the limitations applicable to global securities, you may exchange or transfer debt securities at the corporate trust office of the trustee or at any other office or agency maintained by us for that purpose, without the payment of any service charge, except for any tax or governmental charge.

Global Securities.

The debt securities of any series may be issued, in whole or in part, by one or more global certificates that will be deposited with the depository identified in the applicable prospectus supplement.

No global security may be exchanged in whole or in part for the debt securities registered in the name of any person other than the depository for that global security or any nominee of that depository except in the following circumstances or as otherwise provided in the applicable prospectus supplement. The depository may discontinue providing its services as depository with respect to the securities at any time by giving reasonable notice to us or the applicable trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates are required to be printed and delivered. In addition, we may decide to discontinue use of the system of book-entry-only transfers through a depository. In that event, certificates will be printed and delivered to the depository.

Unless otherwise stated in any prospectus supplement, The Depository Trust Company, or DTC, will act as depository. Beneficial interests in global certificates will be shown on, and transfers of global certificates will be effected only through records maintained by DTC and its participants.

Events of Default.

Unless otherwise specified in the applicable prospectus supplement, an event of default occurs with respect to debt securities of any series if:

- we do not pay any interest on any debt securities of the applicable series within 30 days of the due date (following any deferral allowed under the terms of the debt securities and elected by us);
- we do not pay principal or premium, if any, on any debt securities of the applicable series at maturity;
- we do not deposit any sinking fund payment when due by the terms of the applicable debt securities;
- we default in the performance, or are in breach, of a covenant or warranty of the applicable indenture (other than a covenant or warranty default or breach that is elsewhere specifically dealt with or which expressly has been included in the applicable indenture solely for the benefit of debt securities other than that series), and such default or breach continues for a period of 60 days after there has been given by registered or certified mail, to us by the applicable trustee or to us and the applicable trustee by the holders of at least 25% of the principal amount of debt securities of the affected series, a written notice specifying such default or breach and requiring it to be remedied;
- certain events of bankruptcy, insolvency, receivership or reorganization with respect to us occur; or
- any other event of default provided with respect to debt securities of that series occurs.

No event of default with respect to a series of debt securities necessarily constitutes an event of default with respect to the debt securities of any other series issued under the indentures.

Each indenture requires us to file annually with the applicable trustee an officers' certificate as to our compliance with all conditions and covenants under the applicable indenture. Each indenture provides that the applicable trustee may withhold notice to the holders of a series of debt securities of any default, except payment defaults on those debt securities, if it considers such withholding to be in the interest of the holders of that series of debt securities.

If an event of default occurs and is continuing with respect to any series of debt securities, then either the applicable trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare the principal amount, or, if any debt securities of that series are original issue discount securities, that portion of the principal amount of those original issue discount securities as may be specified in the terms of those original issue discount securities, of all of the debt securities of that series to be due and payable immediately, by a notice in writing to us, and to the applicable trustee if given by the holders, and upon any such declaration that principal amount, or

specified amount, plus accrued and unpaid interest, and premium, if any, will become immediately due and payable. Upon payment of that amount in the currency in which the debt securities are denominated (except as otherwise provided in the applicable indenture or the applicable prospectus supplement), all of our obligations in respect of the payment of principal of the debt securities of that series will terminate.

After a declaration of acceleration has been made and before the trustee has obtained a judgment or decree for payment of the money due on any series of debt securities, the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series, by written notice to us and the applicable trustee, may rescind and annul the declaration and its consequences, subject to any terms or conditions specified in the applicable prospectus supplement.

If an event of default results from bankruptcy, insolvency or reorganization, the principal amount of all the debt securities of a series, or that portion of the principal amount of such debt securities as may be specified in the applicable prospectus supplement, will automatically become immediately due and payable.

Subject to the provisions of each indenture relating to the duties of the applicable trustee, in case an event of default with respect to our debt securities of a particular series occurs and is continuing, the applicable trustee will be under no obligation to exercise any of its rights or powers under that indenture at the request, order or direction of any of the holders of debt securities of that series, unless the holders have offered to the applicable trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in complying with such request or direction. Subject to the provisions for the indemnification of the applicable trustee, the holders of a majority in principal amount of the outstanding debt securities of that series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee under the applicable indenture, or exercising any trust or power conferred on the applicable trustee with respect to the debt securities of that series.

Merger or Consolidation.

Each indenture provides that we may not consolidate with or merge or wind up into any other entity, whether or not we are the surviving entity, and that we may not sell, assign, convey, transfer or lease our properties and assets substantially as an entirety to any person, unless:

- the entity formed by the consolidation or into which we are merged, or the person which acquires us or which leases our properties and assets substantially as an entirety, is an entity organized and existing under the laws of the United States of America or any State or territory of the United States or the District of Columbia, and expressly assumes, by supplemental indenture, the due and punctual payment of the principal of (and premium, if any) and interest on all the outstanding debt securities and the performance of all of our covenants under the applicable indenture;
- immediately after giving effect to such transaction, no event of default under the applicable indenture, and no event which after notice or lapse of time or both would become an event of default, has happened and is continuing; and
- all other conditions specified in the applicable prospectus supplement are met.

Modification or Waiver.

Without prior notice to or the consent of any holders, we and the applicable trustee may modify the applicable indenture for any of the following purposes:

- to evidence the succession of another entity to us and the assumption by that successor of our covenants and obligations under the applicable indenture and under our debt securities issued thereunder;
- to add one or more covenants or other provisions for the benefit of the holders of all or any series of debt securities, and if those covenants are to be for the benefit of less than all series, stating that those covenants are expressly being included solely for the benefit of that series, or to surrender any right or power conferred upon us;
- to add any additional events of default for all or any series of debt securities, and if those events of default are to be applicable to less than all series, stating that those events of default are expressly being included solely to be applicable to that series;
- to change or eliminate any provision of the applicable indenture or to add any new provision to the applicable indenture that does not adversely affect the interests of the holders;
- to provide security for the debt securities of any series or to provide that any of our obligations under the debt securities or the applicable indenture shall be guaranteed and the terms and conditions for the release or substitution of the security or guarantee;
- to supplement any of the provisions of the applicable indenture to the extent necessary to permit or facilitate the defeasance and discharge of any series of debt securities, provided, that any such action will not adversely affect the interests of the holders of debt securities of that series or any other series of debt securities issued under the applicable indenture in any material respect;
- to establish the form or terms of debt securities of any series as permitted by the applicable indenture;
- to evidence and provide for the acceptance of appointment of a separate or successor trustee with respect to one or more series of debt securities and to add to or change any of the provisions of the applicable indenture as is necessary to provide for or facilitate the administration of the trusts thereunder by more than one trustee;
- to cure any ambiguity, defect or inconsistency;
- to eliminate any conflict between the terms of the applicable indenture and the debt securities issued thereunder and the Trust Indenture Act; or
- to modify any other provisions with respect to matters or questions arising under the applicable indenture that will not be inconsistent with any provision of the applicable indenture, provided, those other provisions do not adversely affect the interests of the holders of our outstanding debt securities of any series created thereunder prior to such modification in any material respect.

We and the applicable trustee may, with some exceptions, amend or modify either indenture with the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of all series affected by the amendment or modification. However, no amendment or modification may, without the consent of the holder of each outstanding debt security affected thereby:

- change the stated maturity of the principal of or interest on any debt security (other than pursuant to the terms of the debt security), reduce the principal amount, premium or interest payable upon redemption, change the currency in which any debt security is payable, or impair the right to bring suit to enforce any payment;
- reduce the percentages of holders whose consent is required for any modification or waiver or reduce the requirements for quorum and voting under the applicable indenture; or
- modify certain of the provisions in the applicable indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A modification which changes or eliminates any provision of an indenture expressly included solely for the benefit of holders of debt securities of one or more particular series or modifies the holders' rights will be deemed not to affect the rights under the indenture of the registered holders of debt securities of any other series.

Each of the indentures provides that the holders of not less than a majority in aggregate principal amount of the then outstanding debt securities of any series, by notice to the relevant trustee, may on behalf of the holders of the debt securities of that series waive any default or event of default and its consequences under the applicable indenture, except:

- a continuing default or event of default in the payment of the principal of (and premium, if any) or interest on any such debt security held by a non-consenting holder; or
- a default in respect of a covenant or provision of the indenture which cannot be modified or amended without the consent of the holder of each outstanding debt security of each series affected.

Legal Defeasance and Covenant Defeasance.

The applicable indenture with respect to the debt securities of any series may be discharged, subject to the terms and conditions as specified in the applicable prospectus supplement, when either:

- all debt securities, with the exceptions provided for in the applicable indenture, of that series have been delivered to the applicable trustee for cancellation;
- all debt securities of that series not theretofore delivered to the applicable trustee for cancellation:
 - ⊙ have become due and payable;
 - ⊙ will become due and payable at their stated maturity within one year; or
 - ⊙ are to be called for redemption within one year; or

- certain events or conditions occur as specified in the applicable prospectus supplement.

In addition, each series of debt securities may provide additional or different terms or conditions for the discharge or defeasance of some or all of our obligations as may be specified in the applicable prospectus supplement.

If provision is made for the defeasance of debt securities of a series, and if the debt securities of that series are registered securities and denominated and payable only in U.S. dollars, then the provisions of each indenture relating to defeasance will be applicable except as otherwise specified in the applicable prospectus supplement for debt securities of that series. Defeasance provisions, if any, for debt securities denominated in a foreign currency or currencies may be specified in the applicable prospectus supplement.

At our option, either (i) we will be deemed to have been discharged from our obligations with respect to debt securities of any series, i.e., the “legal defeasance option,” or (ii) we will cease to be under any obligation to comply with certain provisions of the applicable indenture with respect to certain covenants, if any, specified in the applicable prospectus supplement with respect to debt securities of any series, i.e., the “covenant defeasance option,” at any time after the conditions specified in the applicable prospectus supplement have been satisfied.

Senior Debt Securities.

The senior debt securities will be unsecured senior obligations and will rank equally with all other senior unsecured and unsubordinated debt. The senior debt securities will, however, be subordinated in right of payment to all of our secured indebtedness to the extent of the value of the assets securing that indebtedness. Except as provided in the senior indenture or specified in any authorizing resolution or supplemental indenture relating to a series of senior debt securities to be issued, no senior indenture will limit the amount of additional indebtedness that may rank equally with the senior debt securities or the amount of indebtedness, secured or otherwise, that may be incurred or preferred shares that may be issued by any of our subsidiaries.

Subordination.

If our assets are distributed upon our dissolution, winding up, liquidation or reorganization, the payment of the principal of (and premium, if any) and interest on any subordinated debt securities will be subordinated in right of payment, to the extent provided in the subordinated indenture and the applicable prospectus supplement, to the prior payment in full of all senior indebtedness, including senior debt securities. However, our obligation to pay the principal of (and premium, if any) or interest on the subordinated debt securities will not otherwise be affected. Unless otherwise stated in the applicable prospectus supplement, payment on account of principal (or premium, if any), sinking funds or interest on the subordinated debt securities may not be made at any time when there is a default in the payment of the principal, premium, if any, sinking funds, interest or certain other obligations on senior indebtedness. In addition, the prospectus supplement for any series of subordinated debt securities may provide that payments of the principal of (or premium, if any) or interest on the subordinated debt securities may be delayed or not paid under specified circumstances and periods. If, while we are in default on senior indebtedness, any payment is received by the trustee under the subordinated indenture or the holders of any of the subordinated debt securities before we have paid all senior indebtedness in full, the payment or distribution must be paid over to the holders of the unpaid senior indebtedness or applied to the repayment of the unpaid senior indebtedness. Subject to paying the senior indebtedness in full, the

holders of the subordinated debt securities will be subrogated to the rights of the holders of the senior indebtedness to the extent that payments are made to the holders of senior indebtedness out of the distributive share of the subordinated debt securities.

Due to the subordination, if our assets are distributed upon insolvency, some or all of our general creditors may recover more, ratably, than holders of subordinated debt securities. The subordinated indenture or applicable supplemental indenture may state that its subordination provisions will not apply to money and securities held in trust under the satisfaction and discharge and the legal defeasance provisions of the subordinated indenture.

If this prospectus is being delivered in connection with the offering of a series of subordinated debt securities, the applicable prospectus supplement or the information incorporated by reference in it will specify the approximate amount of senior indebtedness outstanding as of a recent date and any limitations on the issuance of additional senior indebtedness (or that there is not such limitation). Senior indebtedness with respect to any series of subordinated debt securities will have the meaning specified in the applicable prospectus supplement for that series.

Corporate Existence.

Subject to the terms of the applicable indenture, we will do or cause to be done all things necessary to preserve and keep in full force and effect our corporate existence, charter and statutory rights and franchises; provided, however, that we will not be required to preserve any right or franchise if we determine that the preservation thereof is no longer desirable in the conduct of our business.

Governing Law.

The indentures and our debt securities will be governed by, and construed in accordance with, the law of the State of New York.

Guarantees.

If the applicable prospectus supplement relating to a series of debt securities provides that those debt securities will have the benefit of a guarantee by the Company's then existing or future domestic subsidiaries, then the debt securities will be fully and unconditionally guaranteed by such guarantor subsidiaries. In the event of a bankruptcy, liquidation or reorganization of any of the non-guarantor subsidiaries, the non-guarantor subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to us. The guarantees will be general obligations of each guarantor. The guarantees will be joint and several obligations of the guarantors. If a series of debt securities is so guaranteed, a supplemental indenture to the applicable base indenture will be executed by each guarantor. The Subsidiary Guarantors are guarantors under the indenture governing our existing senior notes and our existing senior credit facilities. The obligations of each guarantor under its guarantee will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law. The terms of any guarantee and the conditions upon which any guarantor may be released from its obligations under that guarantee will be set forth in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

The securities that may be offered by this prospectus may be sold:

- through agents;
- to or through underwriters;
- to or through broker-dealers (acting as agent or principal);
- in “at the market offerings” within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market, on an exchange, or otherwise;
- directly to purchasers, through a specific bidding or auction process or otherwise; or
- through a combination of any such methods of sale.

Agents, underwriters or broker-dealers may be paid compensation for offering and selling the securities. That compensation may be in the form of discounts, concessions or commissions to be received from us, from the purchasers of the securities or from both us and the purchasers. The compensation received may be in excess of customary discounts, concessions or commissions. Any underwriters, dealers, agents or other investors participating in the distribution of the securities may be deemed to be “underwriters,” as that term is defined in the Securities Act, and compensation and profits received by them on sale of the securities may be deemed to be underwriting commissions, as that term is defined in the rules promulgated under the Securities Act.

Each time the securities are offered by this prospectus, the prospectus supplement, if required, will set forth:

- the name of any underwriter, dealer or agent involved in the offer and sale of the securities;
- the terms of the offering;
- any discounts, concessions or commissions and other items constituting compensation received by the underwriters, broker-dealers or agents;
- any over-allotment option under which any underwriters may purchase additional securities from us;
- any initial public offering price;
- any discounts or concessions allowed or re-allowed or paid to dealers;
- any securities exchanges on which the securities may be listed; and
- the anticipated date of delivery of the securities.

The securities may be sold at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices relating to the prevailing market prices or at negotiated prices. The distribution of securities may be effected from time to time in one or more transactions, by means of one or more of the following transactions, which may include crosses or block trades:

- exchange offers or other transactions on the Nasdaq Global Select Market or any other organized market where the securities may be traded;
- in the over-the-counter market;
- in negotiated transactions;
- through put or call option transactions relating to the securities;
- under delayed delivery contracts or other contractual commitments; or
- a combination of such methods of sale.

If underwriters are used in a sale, securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions. Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. If an underwriter or underwriters are used in the sale of securities, an underwriting agreement will be executed with the underwriter or underwriters at the time an agreement for the sale is reached. This prospectus and the prospectus supplement will be used by the underwriters to resell the securities.

To comply with the securities laws of certain states, if applicable, the securities offered by this prospectus will be offered and sold in those states only through registered or licensed brokers or dealers.

Agents, underwriters and dealers may be entitled under agreements entered into with us to indemnification by us against specified liabilities, including liabilities incurred under the Securities Act, or to contribution by us to payments they may be required to make in respect of such liabilities. The prospectus supplement will describe the terms and conditions of such indemnification or contribution. Some of the agents, underwriters or dealers, or their respective affiliates may be customers of, engage in transactions with or perform services for us in the ordinary course of business. We will describe in the prospectus supplement naming the underwriter the nature of any such relationship.

Our common stock is listed on the Nasdaq Global Select Market. Unless otherwise specified in the applicable prospectus supplement, each other class or series of securities issued will be a new issue with no established trading market. We may elect to list any other class or series of securities on any exchange, but we are not currently obligated to do so. It is possible that one or more underwriters, if any, may make a market in a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

Certain persons participating in the offering may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. We make no representation or prediction as to the direction or magnitude of any effect that such transactions may have on the price of the securities. For a description of these activities, see the information under the heading "Underwriting" in the applicable prospectus supplement.

Item 15 Indemnification of Directors and Officers.

Sections 721 through 726 of the New York Business Corporation Law, or BCL, grant New York corporations broad powers to indemnify their present and former directors and officers and those of affiliated corporations against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with threatened, pending or completed actions, suits or proceedings to which they are parties or are threatened to be made parties by reason of being or having been such directors or officers, subject to specified conditions and exclusions; give a director or officer who successfully defends an action the right to be so indemnified; and permit a corporation to buy directors' and officers' liability insurance. Such indemnification is not exclusive of any other rights to which those indemnified may be entitled under any by-laws, agreement, vote of shareholders or otherwise.

Section 402(b) of the BCL permits a New York corporation to include in its certificate of incorporation a provision eliminating the potential monetary liability of a director to the corporation or its shareholders for breach of fiduciary duty as a director, provided that such provision may not eliminate the liability of a director (i) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (ii) for any transaction from which the director receives an improper personal benefit or (iii) for any acts in violation of Section 719 of the BCL. Section 719 provides that a director who votes or concurs in a corporate action will be liable to the corporation for the benefit of its creditors and shareholders for any damages suffered as a result of an action approving (i) an improper payment of a dividend, (ii) an improper redemption or purchase by the corporation of shares of the corporation, (iii) an improper distribution of assets to shareholders after dissolution of the corporation without adequately providing for all known liabilities of the corporation or (iv) the making of an improper loan to a director of the corporation.

The Registrant's Restated Certificate of Incorporation includes the provisions permitted by Section 402(b).

The Registrant's Restated Certificate of Incorporation also provides that we shall indemnify, to the fullest extent permitted by the BCL, each person (and the heirs, executors, or administrators of such person) who was or is a party or is threatened to be made a party to, or is involved in, any civil or criminal action, suit or proceeding, by reason of the fact that such person is or was a director or officer of our company or is or was serving at our request as a director or officer of another corporation, partnership, joint venture, trust or other enterprise. We are also obligated to pay the cost of the expenses incurred by our officers and directors (including attorney's fees) in defending themselves in such proceedings in advance of final disposition if the officer or director agrees to repay the amount advanced in the event it is ultimately determined that the officer or director was not entitled to be indemnified by us as authorized by our certificate of incorporation. We are not obligated to indemnify any director or officer (or his or her heirs, executors or administrators) in connection with a proceeding initiated by such person unless such proceeding was authorized or consented to by our Board of Directors. We have entered into indemnification agreements with each of our current directors to effectuate the

indemnification provisions of our certificate of incorporation.

The Registrant's by-laws also allow it to indemnify, in the same manner and under the same circumstances as set forth in Sections 721 through 726 of the BCL, any person who was or is a party or is threatened to be made a party to any action or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was the Registrant's representative, against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with the action or proceeding if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the Registrant's best interests.

The Registrant also maintains an insurance policy insuring its directors and officers against liability for certain acts and omissions while acting in their official capacities on behalf of the Registrant.

Item 16 Exhibits.

The Exhibits listed on the Exhibit Index of this Registration Statement are filed herewith or are incorporated herein by reference to other filings.

Item 17 Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. Provided, however, that no statement made in a registration statement or prospectus that

is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) If and when applicable, the undersigned registrant, hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

(8) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933, and will be governed by the final adjudication of such issue.

Ladies and Gentlemen:

We have acted as counsel to Columbus McKinnon Corporation, a New York corporation (the "Company"), and certain of its subsidiaries named as guarantors in the Registration Statement referenced below (the "Guarantors") in connection with the preparation and filing with the Securities and Exchange Commission (the "Commission") of a Registration Statement on Form S-3 as amended by Amendment No. 1 thereto on Form S-3/A (the "Registration Statement") under the Securities Act of 1933, as amended (the "Securities Act"), relating to the registration under the Securities Act and the proposed issuance and sale from time to time pursuant to Rule 415 under the Securities Act, together or separately and in one or more series (if applicable) of up to \$250,000,000 aggregate offering amount of: (i) debt securities of the Company (the "Debt Securities"); (ii) guarantees of the Debt Securities by the Guarantors (the "Debt Securities Guarantees"), (iii) shares of the Company's common stock, par value \$0.01 per share (the "Common Stock"); (iv) shares of the Company's preferred stock, par value \$1.00 per share (the "Preferred Stock"); (v) warrants for the purchase of Debt Securities, Debt Securities Guarantees, Common Stock, Preferred Stock or units of two or more of such securities (the "Warrants"); (vi) rights to purchase Common Stock, Preferred Stock, Debt Securities Or Debt Securities Guarantees offered to the Company's security holders (the "Rights"); (vii) stock purchase contracts to purchase shares of Common Stock or Preferred Stock (the "Stock Purchase Contracts"); and (viii) units consisting of one or more of the securities described above. The Debt Securities, Debt Securities Guarantees, Common Stock, Preferred Stock, Warrants, Rights, Stock Purchase Contracts and units of the foregoing securities are collectively referred to herein as the "Securities." The Debt Securities are to be issued under an indenture between the Company and a trustee to be named at the time such Debt Securities are issued (the "Base Indenture").

In arriving at the opinions expressed below, we have examined originals, or copies certified or otherwise identified to our satisfaction as being true and complete copies of the originals, of such records of the Company and the Guarantors and certificates of officers of the Company and the Guarantors and of public officials and such documents as we have deemed relevant and necessary as the basis for the opinions set forth below. In our examination, we have assumed the genuineness of all signatures, the legal capacity and competency of all natural persons, the authenticity of all documents submitted to us as originals and the conformity to original documents of all documents submitted to us as copies. As to any facts material to these opinions, we have relied to the extent we deemed appropriate and without independent investigation upon statements and representations of officers and other representatives of the Company and the Guarantors and others.

We have assumed without independent investigation that:

(i) at the time any Securities are sold pursuant to the Registration Statement (the "Relevant Time"), the Registration Statement and any supplements and amendments thereto (including post-effective amendments) will be effective and will comply with all applicable laws;

(ii) at the Relevant Time, a prospectus supplement will have been prepared and filed with the Commission describing the Securities offered thereby and all related documentation and will comply with all applicable laws;

(iii) all Securities will be issued and sold in the manner stated in the Registration Statement and the applicable prospectus supplement;

(iv) at the Relevant Time, all corporate or other action required to be taken by the Company or any Guarantor to duly authorize each proposed issuance of Securities and any related documentation (including (a) the due reservation of any shares of Common Stock or Preferred Stock for issuance upon exercise, conversion or exchange of any Securities into Common Stock or Preferred Stock (a "Convertible Security"), and (b) the execution, delivery and performance of the Securities and any related documentation referred to in paragraphs 1 through 7 below) shall have been duly completed and shall remain in full force and effect;

(v) upon issuance of any Common Stock or Preferred Stock, including upon exercise, conversion or exchange of any Convertible Security, the total number of shares of Common Stock or Preferred Stock issued and outstanding will not exceed the total number of shares of Common Stock or Preferred Stock, as applicable, that the Company is then authorized to issue under its certificate of incorporation and other relevant documents;

(vi) in the case of Debt Securities and Debt Securities Guarantees, at the Relevant Time, the relevant trustee shall have been qualified under the Trust Indenture Act of 1939, as amended (the "TIA"), a Statement of Eligibility of the Trustee on Form T-1 shall have been properly filed with the Commission and the Base Indenture shall have been duly qualified under the TIA;

(vii) neither the certificate of incorporation of the Company or any Guarantor nor any applicable law will, after the date hereof, be amended in any manner that would adversely affect the opinions rendered herein; and

(viii) at the Relevant Time, a definitive purchase, underwriting or similar agreement and any other necessary agreement with respect to any Securities offered or issued will have been duly authorized by all necessary corporate or other action of the Company, each Guarantor (if applicable) and duly executed and delivered by the Company and each Guarantor (if applicable) and the other parties thereto.
