ICON Equipment and Corporate Infrastructure Fund Fourteen, L.P.

As of December 1, 2016

Introduction to Portfolio Overview

We are pleased to present ICON Equipment and Corporate Infrastructure Fund Fourteen, L.P.'s (the "Fund") Portfolio Overview for the quarter ended September 30, 2016. References to "we," "us," and "our" are references to the Fund, references to the "General Partner" are references to the general partner of the Fund, ICON GP 14, LLC, and references to the "Investment Manager" are references to the investment manager of the Fund, ICON Capital, LLC.

The Fund makes investments in companies that utilize equipment and other corporate infrastructure (collectively, "Capital Assets") to operate their businesses. These investments are primarily structured as debt and debt-like financings (such as loans and leases) that are collateralized by Capital Assets.

The Fund raised \$257,646,987 commencing with its initial offering on May 18, 2009 through the closing of the offering on May 18, 2011. The Fund entered into its liquidation period on May 19, 2016. During the liquidation period, the Fund began the orderly termination of its operations and has begun, and will continue, to gradually dispose of its assets and/or allow its investments to mature in the ordinary course of business. If our Investment Manager believes it would benefit our partners to reinvest the proceeds received from sold or matured investments in additional investments during the liquidation period, our Investment Manager may do so. Our Investment Manager is not paid acquisition fees or management fees for additional investments initiated during the liquidation period.

Disposition During the Quarter

Portfolio Overview (Continued)

	Jurong Aromatics Corporation Pte. Ltd.		
	Structure:	Loan	Collateral:
	Maturity Date:	1/16/2021	Equipment, plant, and machinery associated with a condensate splitter and aromatics complex located on Jurong Island, Singapore
	Current Status:	See Discussion	Net Carrying Value: \$0 ⁽⁵⁾

⁽¹⁾ Net carrying value of our investment in note receivable is the sum of the remaining principal outstanding and the unamortized initial direct costs, less deferred fees.

⁽²⁾ Leased equipment at cost is the cost of the equipment and initial direct costs, less accumulated depreciation and accumulated amortization. Net carrying value of our investment in leased equipment at cost is leased equipment at cost less any outstanding indebtedness associated with the investment.

⁽³⁾ The Vessel was returned to us whereupon we assumed operational responsibility of the Vessel. As such, this asset is classified as Vessel on our consolidated balance sheets.

⁽⁴⁾ Net carrying value of our investment in joint ventures is calculated as follows: investment at cost plus/less our share of the cumulative net income/loss of the joint venture and less distributions received since the date of our initial investment.

⁽⁵⁾ This investment is through a joint venture that we consolidated and presented on our consolidated balance sheets as net investment in note receivable. Net investment in note receivable is the sum of the remaining principal outstanding and the unamortized initial direct costs, less deferred fees and the credit loss reserve. Net carrying value represents our proportionate share of the investment and includes the recognition of an investment by noncontrolling interests for the share of such investment held by the joint venture's noncontrolling interest holders. Our Investment Manager determined to fully reserve the outstanding balance of the loan as of June 30, 2016.

Discussion

Jurong Aromatics Corporation Pte. Ltd.

Jurong Aromatics Corporation Pte. Ltd. ("Jurong") owns and operates a \$2 billion state-of-the-art aromatics plant. We participated in a subordinated loan in April 2011 alongside Standard Chartered Bank and BP Singapore Pte. Ltd., which was part of a \$2 billion financing package that included over \$500 million in equity from strategic investors. While the plant was completed on time, a combination of industry headwinds, the price decline of energy and other commodities and an economic slowdown in China and India forced Jurong into receivership, as the company did not have the liquidity to continue operations. In July 2016, a tolling arrangement with Jurong's suppliers was implemented and the plant resumed operations. As part of the receivership process, we are hoping that there will be a restructuring involving the senior lenders, shareholders and trade creditors that will allow us a chance to recover some of our investment.

Geden Holdings Limited / Stena Sonangol Suezmax Pool LLC / Americas Bulk Transport (BVI) Limited

Geden Lines ("Geden") is an international shipping company based in Turkey. We entered into a sale-leaseback with Geden for one tanker, the Center, and two dry bulkers, the Amazing and the Fantastic. While the tanker market has recovered and the outlook is stable, there are extreme headwinds facing the dry bulk market, mostly as a result of the slowdown in the Chinese economy, which for years was driven by heavy investment that fueled ton mile demand for steel, coal and iron ore. Such headwinds, combined with high vessel new building activity has led to an over capacity of available tonnage thereby keeping rates low. In April 2016, we were informed by Geden that it would redeliver the three vessels to us prior to lease expiration and that it would not be fulfilling its purchase obligations with respect to the three vessels.

On June 17, 2016, the Center was redelivered to us by Geden and the charter was terminated. Upon redelivery, the vessel was dry-docked until early July 2016, after which we renamed the vessel "Shamrock" and placed it into service for at least twelve months by participating in a pooling arrangement, with other crude oil tankers owned by unaffiliated third parties. As part of the pooling arrangement, we are entitled to receive a monthly distribution based partly on the performance of all vessels within the pool.

On July 5, 2016, the Amazing and the Fantastic were also redelivered to us by Geden and the charters were terminated. Upon redelivery, the vessels were renamed "Bulk Progress" and "Bulk Power," respectively, and were bareboat chartered to Americas Bulk Transport (BVI) Limited for a period of five years at a variable rate based on market conditions and actual performance of the vessels.

On September 27, 2016, we commenced a legal proceeding against Geden seeking monetary damages incurred as a result of its failure to meet its payment and performance obligations under the charter and guaranty related to the Center.

Discussion (Continued)

Técnicas Marítimas Avanzadas, S.A. de C.V.

On August 27, 2014, we, ICON Leasing Fund Twelve, LLC and ICON ECI Fund Fifteen, L.P., affiliates of our Investment Manager (collectively, "ICON"), advanced Técnicas Marítimas Avanzadas, S.A. de C.V. ("TMA") a senior secured facility of \$29,000,000 secured by two offshore supply vessels. On November 24, 2014, such facility agreement was amended to allow for a senior secured first lien and second lien structure and to include an additional two offshore supply vessels as security for the facility. A senior secured first lien tranche of \$66,000,000 was funded by an unrelated third party and ICON's original loan of \$29,000,000 was converted to the senior secured second lien tranche. As a condition to the amendment and increased facility size, TMA was required to have all four vessels under contract by March 31, 2015.

On March 31, 2015, TMA defaulted on the facility because only two of the four vessels had commenced employment. As a result of such default, the senior lender is, among other things, entitled to receive all cash flow from the existing employed vessels to pay interest and reduce its principal balance. Interest on ICON's tranche is currently being capitalized. While our loan has not been paid in accordance with the facility agreement, our collateral position continues to improve as the principal balance of the senior secured first lien tranche is paid down at a faster rate. In January 2016, the remaining two previously unchartered vessels had commenced employment. Our Investment Manager is currently engaged in discussions with the senior lender and TMA to amend the facility.

Revolving Line of Credit

We had an agreement with California Bank & Trust ("CB&T") for a revolving line of credit through May 30, 2017 of up to \$12,500,000 (the "Facility"), which was secured by all of the Fund's assets not subject to a first priority lien. Amounts available under the Facility were subject to a borrowing base that was determined, subject to certain limitations, by the present value of the future receivables under certain loans and lease agreements in which the Fund had a beneficial interest.

The interest rate on general advances under the Facility was CB&T's prime rate. We could have elected to designate up to five advances on the outstanding principal balance of the Facility to bear interest at the London Interbank Offered Rate plus 2.5% per year. In all instances, borrowings under the Facility were subject to an interest rate floor of 4.0% per year. In addition, we were obligated to pay an annualized 0.5% fee on unused commitments under the Facility. At September 30, 2016 and December 31, 2015, we had \$0 and \$4,500,000, respectively, outstanding under the Facility.

On July 15, 2016, we repaid the outstanding balance under the Facility of \$6,000,000 and on October 31, 2016, we terminated the Facility.

Performance Analysis (Continued)

One of our objectives is to provide cash distributions to our partners. In order to assess our ability to meet this objective, unaffiliated broker dealers, third party due diligence providers and other members of the investing community have requested that we report a financial measure that can be reconciled to our financial statements and can be used to assess our ability to support cash distributions from our business operations. We refer to this financial measure as cash available from our business operations, or CABO. CABO is not equivalent to our net operating income or loss as determined under GAAP. Rather, it is a measure that may be a better financial measure for an equipment fund because it measures cash generated by investments, net of management fees and expenses, during a specific period of time. We define CABO as the net change in cash during the period plus distributions to partners and investments made during such period, less the debt proceeds used to make such investments and the activity related to the Facility, as well as the net proceeds from equity raised through the sale of interests during such period, if any.

We believe that CABO may be an appropriate supplemental measure of an equipment fund's performance because it is based on a measurement of cash during a specific period that excludes cash from non-business operations, such as distributions, investments and equity raised.

Presentation of this information is intended to assist unaffiliated broker dealers, third party due diligence providers and other members of the investing community in understanding the Fund's ability to support its distributions from its business operations. It should be noted, however, that no other equipment funds calculate CABO, and therefore comparisons with other equipment funds are not meaningful. CABO should not be considered as an alternative to net income (loss) as an indication of our performance or as an indication of our liquidity. CABO should be reviewed in conjunction with other measurements as an indication of our performance.

Cash Available from Business Operations, or CABO, is the cash generated by investments during a specific period of time, net of fees and expenses, excluding distributions to partners, net equity raised and investments made.

Net Change in Cash per GAAP Cash Flow Statement	<u>Business Operations</u> Net cash flow generated by our investments, net of fees and expenses (CABO)	<u>Non-Business Operations</u> Net Equity Raised Cash expended to make investments and Distributions to Partners
---	--	--

As indicated above, the total net change in cash is the aggregate of the net cash flows from Business Operations and the net cash flows from Non-Business Operations. By taking the total net change in cash and removing the cash activity related to Non-Business Operations (distributions, investments and equity raised), the amount remaining is the net cash available from Business Operations (net cash flows generated by investments, net of fees and expenses).

In summary, CABO is calculated as:

- Net change in cash during the period per the GAAP cash flow statement
- + distributions to Partners during the period
- + investments made during the period
- debt proceeds to be specifically used to make an investment
- net proceeds from the sale of Interests during the period
- = CABO

Transactions with Related Parties

We have entered into certain agreements with our General Partner, our Investment Manager and CION Securities, LLC, formerly known as ICON Securities, LLC ("CION Securities"), an affiliate of our Investment Manager and the dealer manager of our offering, whereby we pay or paid certain fees and reimbursements to these parties. CION Securities was entitled to receive a 3% underwriting fee from the gross proceeds from sales of our limited partnership interests, of which up to 1% may have been paid to unaffiliated broker-dealers as a fee for their assistance in marketing the Fund and coordinating sales efforts.

In addition, we reimbursed our General Partner and its affiliates for organizational and offering expenses incurred in connection with our organization and offering. The reimbursement of these expenses was capped at the lesser of 1.44% of the gross offering proceeds (assuming all of our limited partnership interests were sold in the offering) and the actual costs and expenses incurred by our General Partner and its affiliates.

We pay or paid our Investment Manager (i) a management fee of 3.5% of the gross periodic payments due and paid from our investments and (ii) acquisition fees, through the end of the operating period, equal to 2.5% of the total purchase price (including indebtedness incurred or assumed and all fees and expenses incurred in connection therewith) of, or the value of the Capital Assets secured by or subject to, our investments.

Our General Partner and its affiliates also perform certain services relating to the management of our portfolio. Such services include, but are not limited to, credit analysis and underwriting, receivables management, portfolio management, accounting, financial and tax reporting, and remarketing and marketing services.

ICON Equipment and Corporate Infrastructure Fund Fourteen, L.P.

Transactions with Related Parties (Continued)

In addition, our General Partner and its affiliates are reimbursed for administrative expenses incurred in connection with our operations. Administrative expense reimbursements are costs incurred by our General Partner or its affiliates that are necessary to our operations.

Our General Partner also has a 1% interest in our profits, losses, cash distributions and liquidation proceeds. We paid distributions to our General Partner of \$0 and \$104,550 for the three and nine months ended September 30, 2016, respectively. We paid distributions to our General Partner of \$52,275 and \$156,825 for the three and nine months ended September 30, 2015, respectively. Additionally, our General Partner's interest in the net loss attributable to us was \$12,215 and \$94,423 for the three and nine months ended September 30, 2016, respectively. Our General Partner's interest in the net loss attributable to us was \$141,618 and \$255,825 for the three and nine months ended September 30, 2015, respectively.

Fees and other expenses incurred by us to our General Partner or its affiliates were as follows:

⁽²⁾ Amount charged directly to operations.

At September 30, 2016 and December 31, 2015, we had a net payable of \$172,423 and \$903,809, respectively, due to our General Partner and affiliates that primarily consisted of administrative expense reimbursements due to our Investment Manager.

At September 30, 2016 and December 31, 2015, we had a note receivable from a joint venture of \$2,597,674 and \$2,614,691, respectively, and accrued interest of \$246,307 and \$30,396, respectively. The accrued interest is included in other assets on our consolidated balance sheets. For the three and nine months ended September 30, 2016, interest income relating to the note receivable from the joint venture of \$103,295 and \$307,885, respectively, was recognized and included in finance income on our consolidated statements of operations. For the three and nine months ended September 30, 2015, interest income relating to the note receivable from the joint venture of \$104,008 and \$307,728, respectively, was recognized and included in finance income on our consolidated statements of operations.

Your participation in the Fund is greatly appreciated.

We are committed to protecting the privacy of our investors in compliance with all applicable laws. Please be advised that, unless required by a regulatory authority such as FINRA or ordered by a court of competent jurisdiction, we will not share any of your personally identifiable information with any third party.

Forward Looking Statements

Certain statements within this document may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (“PSLRA”). These statements are being made pursuant to the PSLRA, with the intention of obtaining the benefits of the “safe harbor” provisions of the PSLRA, and, other than as required by law, we assume no obligation to update or supplement such statements. Forward-looking statements are those that do not relate solely to historical fact. They include, but are not limited to, any statement that may predict, forecast, indicate or imply future results, performance, achievements or events. You can identify these statements by the use of words such as “may,” “will,” “could,” “anticipate,” “believe,” “estimate,” “expect,” “continue,” “further,” “plan,” “seek,” “intend,” “predict” or “project” and variations of these words or comparable words or phrases of similar meaning. These forward-looking statements reflect our current beliefs and expectations with respect to future events and are based on assumptions and are subject to risks and uncertainties and other factors outside our control that may cause actual results to differ materially from those projected. We undertake no obligation to update publicly or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

Additional Information

“Total Proceeds Received,” as referenced in the section entitled Disposition During the Quarter, does not include proceeds received to satisfy indebtedness incurred in connection with the investment, if any, or the payment of any fees or expenses with respect to such investment.

A detailed financial report on SEC Form 10-Q or 10-K (whichever is applicable) is available to you. It is typically filed either 45 or 90 days after the end of a quarter or year, respectively. Usually this means a filing will occur on or around March 31, May 15, August 14, and November 14 of each year. It contains financial statements and detailed sources and uses of cash plus explanatory notes. You are always entitled to these reports. Please access them by:

- Visiting www.iconinvestments.com, or
- Visiting www.sec.gov, or
- Writing us at: Angie Seenauth c/o ICON Investments, 3 Park Avenue, 36th Floor, New York, NY 10016

We do not distribute these reports to you directly in order to keep our expenses down as the cost of mailing this report to all investors is significant. Nevertheless, the reports are immediately available upon your request.
