PROXY STATEMENT
For
2017 Annual Meeting of Stockholders
To Be Held on May 3, 2017

This document will give you the information you need to vote on the matters listed on the accompanying Notice of Annual Meeting of Stockholders (“Notice of Annual Meeting”). Much of the information in this proxy statement (“Proxy Statement”) is required under rules of the Securities and Exchange Commission (“SEC”), and some of it is technical in nature. If there is anything you do not understand, please contact us at (212) 372-9590.

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the “Board”) of Garrison Capital Inc. (the “Company,” “we,” “us” or “our”) for use at our 2017 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Wednesday, May 3, 2017 at 10:00 a.m., Eastern Time, at the offices of Garrison Investment Group LP (“Garrison Investment Group”), located at 1290 Avenue of the Americas, Suite 914, New York, New York, and at any postponements or adjournments thereof. This Proxy Statement and the Company’s Annual Report on Form 10-K for the year ended December 31, 2016 (the “Annual Report”) are being provided to stockholders (“Stockholders”) of the Company of record as of March 8, 2017 (the “Record Date”) via the Internet on or about March 21, 2017. In addition, a Notice of Annual Meeting and a Notice of Internet Availability of Proxy Materials are being sent to Stockholders of record as of the Record Date.

Stockholders may provide their voting instructions through the Internet, by telephone or by mail by following the instructions on the Notice of Internet Availability of Proxy Materials. These options require Stockholders to input the control number, which is provided with the Notice of Internet Availability of Proxy Materials. If you vote using the Internet, after visiting www.proxyvote.com and inputting your control number, you will be prompted to provide your voting instructions. Stockholders will have an opportunity to review their voting instructions and make any necessary changes before submitting their voting instructions and terminating their Internet link. Stockholders that vote via the Internet, in addition to confirming their voting instructions prior to submission, will, upon request, receive an e-mail confirming their instructions.

If a Stockholder wishes to participate in the Annual Meeting but does not wish to give a proxy by the Internet, the Stockholder may (1) attend the Annual Meeting in person or (2) request and submit a proxy card or vote by telephone by following the instructions on the Notice of Internet Availability of Proxy Materials.

Any proxy authorized pursuant to this solicitation may be revoked by the person giving the proxy at any time before it is exercised (1) by submitting new voting instructions via the Internet voting site, by telephone, by obtaining and properly completing another proxy card that is dated later than the original proxy card and returning it, by mail, in time to be received before the Annual Meeting, (2) by attending the Annual Meeting and voting in person or (3) by a notice, provided in writing and signed by the Stockholder, delivered to the Company’s Secretary on any business day before the date of the Annual Meeting.

Purpose of the Annual Meeting

At the Annual Meeting, you will be asked to vote on the following proposals:

1. To elect one Class II director of the Company who will serve until the 2020 annual meeting of stockholders or until his successor is duly elected and qualifies (“Proposal 1”); and
2. To approve a new investment advisory agreement (the “New Advisory Agreement”) between the Company and Garrison Capital Advisers LLC (“Garrison Capital Advisers” or the “Adviser”), the Company’s investment adviser (“Proposal 2”).

Voting Securities

You may vote your shares at the Annual Meeting only if you were a Stockholder of record at the close of business on the Record Date. There were 16,049,352 shares of the Company's common stock (the "Common Stock") outstanding on the Record Date. Each share of Common Stock is entitled to one vote.

Quorum Required

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding on the Record Date will constitute a quorum. If there are not enough votes present for a quorum, the chairman of the Annual Meeting will have the power to adjourn the Annual Meeting to permit the further solicitation of proxies.

Abstentions. Abstentions will be treated as shares present for purposes of determining whether a quorum is present.

Broker Non-Votes. Shares held by a broker or other nominee for which the nominee has not received voting instructions from the beneficial owner and does not have discretionary authority to vote the shares on non-routine proposals (which are considered "broker non-votes" with respect to such proposals) will not be treated as shares present for purposes of determining whether a quorum is present.

Votes Required

Election of Directors

The election of a director requires the vote of a majority of the shares of Common Stock cast at the Annual Meeting in person or by proxy. Stockholders may not cumulate their votes.

Abstentions. With respect to approval of Proposal 1, abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on the election of directors.

Broker Non-Votes. Proposal 1 is a non-routine matter. As a result, if you hold shares in "street name" through a broker, bank or other nominee, your broker, bank or nominee will **not** be permitted to exercise voting discretion with respect to Proposal 1 at the Annual Meeting. Therefore, if you do not vote and you do not give your broker or other nominee specific instructions on how to vote for you, then your broker cannot vote with respect to Proposal 1.

Approval of the New Advisory Agreement

Approval of the New Advisory Agreement requires the affirmative vote of a "majority of the outstanding voting securities" of the Company. Under the Investment Company Act of 1940, as amended (the "1940 Act"), a "majority of the outstanding voting securities" means the affirmative vote of the lesser of (a) 67% or more of the shares of the Company present or represented by proxy at the Annual Meeting if the holders of more than 50% of the outstanding shares are present or represented by proxy at the Annual Meeting, or (b) more than 50% of the outstanding shares. If Proposal 2 is approved by the Stockholders, the New Advisory Agreement is expected to become effective as of the date on which such approval is received. If Proposal 2 is not approved by the Stockholders, the current investment advisory agreement between the Company and the Adviser will continue in effect, and the Board will consider the various alternatives, including seeking subsequent approval of a new investment advisory agreement by the Stockholders.

Abstentions. With respect to approval of Proposal 2, abstentions will have the effect of a vote against the proposal.

Broker Non-Votes. Proposal 2 is a non-routine matter. As a result, if you hold shares in “street name” through a broker, bank or other nominee, your broker, bank or nominee will **not** be permitted to exercise voting discretion with respect to Proposal 2 at the Annual Meeting. Therefore, if you do not vote and you do not give your broker or other nominee specific instructions on how to vote for you, then your broker cannot vote with respect to Proposal 2, which will have the effect of a vote against the proposal.

Adjournment and Additional Solicitation

If there appears not to be enough votes to approve the proposals at the Annual Meeting, the chairman of the Annual Meeting will have the power to adjourn the Annual Meeting to permit the further solicitation of proxies.

A Stockholder vote may be taken on Proposal 1 or Proposal 2 prior to any such adjournment if there are sufficient votes for approval of such proposal.

Appraisal Rights

Stockholders who vote against either proposal will not have appraisal or other similar rights with respect to such proposal.

Information Regarding This Solicitation

The Company will bear the expense of the solicitation of proxies for the Annual Meeting, including the cost of preparing and posting this Proxy Statement and the Annual Report to the Internet and the cost of mailing the Notice of Annual Meeting, the Notice of Internet Availability of Proxy Materials and any requested proxy materials to Stockholders. The Company intends to use the services of Broadridge Financial Solutions, Inc., a leading provider of investor communications solutions, to aid in the distribution and collection of proxy votes. The Company expects to pay market rates for such services. The Company reimburses brokers, trustees, fiduciaries and other institutions for their reasonable expenses in forwarding proxy materials to the beneficial owners and soliciting them to execute proxies.

In addition to the solicitation of proxies by use of the Internet, proxies may be solicited in person and/or by telephone, mail or facsimile transmission by directors or officers of the Company, officers or employees of Garrison Capital Advisers, Garrison Capital Administrator LLC, the Company’s administrator (“Garrison Capital Administrator”), and/or by a retained solicitor. No additional compensation will be paid to such directors, officers or regular employees for such services. If the Company retains a solicitor, the Company has estimated that it would pay approximately \$10,000 for such services. If the Company engages a solicitor, you could be contacted by telephone on behalf of the Company and urged to vote. The solicitor will not attempt to influence how you vote your shares but will ask that you take the time to cast a vote. You may also be asked if you would like to vote over the telephone and to have your vote transmitted to our proxy tabulation firm.

In each case, all of the voting rights to such shares have been passed through to the ultimate limited partners or members, as the case may be. In addition, the shares of Common Stock shown in the above table as being owned by Mr. Tansey reflect the fact that, due to his control of such entities, he may be viewed as having investment and voting power over an aggregate of 67,202 shares owned of record by Garrison Capital Advisers Holdings MM LLC. Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Company’s directors and other executive officers and any persons holding more than 10% of its Common Stock are required to report their beneficial ownership and any changes therein to the SEC and the Company. Specific due dates for those reports have been established, and the Company is required to report in this Proxy Statement any failure to file such reports by those due dates. Based on a review of Forms 3, 4 and 5 filed by directors, other executive officers and any person holding more than 10% of the Common Stock and other information provided to the Company, the Company believes that during the year ended December 31, 2016, no such person failed to file such reports by their specific due dates.

The following table sets forth the dollar range of our equity securities beneficially owned by each of our directors as of the Record Date. We are not part of a “family of investment companies,” as that term is defined in Schedule 14A.

PROPOSAL 1: ELECTION OF DIRECTORS

In accordance with the Company’s bylaws, the Board currently has five members. Two of these members are interested directors and three are independent directors. An interested director is an “interested person” of the Company, as defined in the 1940 Act, and independent directors are all other directors (the “Independent Directors”). Messrs. Cecil Martin, Joseph Morea and Matthew Westwood qualify as Independent Directors.

Directors are divided into three classes and are elected for staggered terms, with a term of office of one of the three classes of directors expiring each year. After this election, the terms of Class I, II and III will expire in 2019, 2020 and 2018, respectively. Each director will hold office for the term to which he is elected or until his successor is duly elected and qualifies.

A Stockholder can vote for or against, or abstain from voting with respect to, any nominee. In the absence of instructions to the contrary, it is the intention of Joseph Tansey and Brian Chase, the persons named as proxies, to vote such proxy FOR the election of each nominee named below. If a nominee should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person as is nominated by the Board as a replacement. The Board has no reason to believe that the nominee will be unable or unwilling to serve.

If the nominee is not elected by the Stockholders at the Annual Meeting, in accordance with the Company’s Certificate of Incorporation, the nominee will continue to serve as a director until his successor is elected and qualifies or until his earlier resignation, removal from office, death or incapacity.

THE BOARD, INCLUDING EACH OF ITS INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THE NOMINEE NAMED IN THIS PROXY STATEMENT.

Corporate Governance

We believe that maintaining the highest standards of corporate governance is a crucial part of our business, and we are committed to having in place the necessary controls and procedures designed to ensure compliance with applicable laws, rules and regulations.

Director Independence

The NASDAQ Global Select Market (“NASDAQ”) corporate governance requirements require listed companies to have a board of directors with at least a majority of Independent Directors. Under NASDAQ corporate governance requirements, in order for a director to be deemed independent, the Board must determine that the individual does not have a relationship that would interfere with the director’s exercise of independent judgment in carrying out his responsibilities. On an annual basis, each of our directors is required to complete a questionnaire designed to provide information to assist the Board in determining whether the director is independent under NASDAQ corporate governance requirements, the 1940 Act and our corporate governance guidelines. The Board has determined that each of Messrs. Martin, Morea and Westwood is independent under the NASDAQ corporate governance requirements and the 1940 Act. Our corporate governance guidelines require any director who has previously been determined to be independent to inform the Chairman of the Board, the Chairman of the Nominating and Corporate Governance Committee and our Secretary of any change in circumstance that may cause his status as an Independent Director to change. The Board limits membership on the Audit Committee, the Nominating and Corporate Governance Committee, the Compensation Committee and the Valuation Committee to Independent Directors.

The Board’s Oversight Role in Management

The Board’s role in management of the Company is one of oversight. Oversight of the Company’s investment activities extends to oversight of the risk management processes employed by Garrison Capital Advisers as part of its day-to-day management of our investment activities. The Board reviews risk management processes at both regular and special Board meetings throughout the year, consulting with appropriate representatives of Garrison Capital Advisers as necessary and periodically requesting the production of risk management reports or presentations. The goal of the Board’s risk oversight function is to ensure that the risks associated with our investment activities are accurately identified, thoroughly investigated and responsibly addressed. Stockholders should note, however, that the Board’s oversight function cannot eliminate all risks or ensure that particular events do not adversely affect the value of the Company’s investments.

The Board’s Composition and Leadership Structure

The 1940 Act and NASDAQ corporate governance requirements require that at least a majority of the Company’s directors not be “interested persons” (as defined in the 1940 Act) of the Company. Currently, three of the Company’s five directors are Independent Directors (and are not “interested persons”). Joseph Tansey, President of Garrison Investment Group, Chairman of the Board and our Chief Executive Officer is an interested person of the Company. The Board believes that it is in the best interests of our investors for Mr. Tansey to lead the Board because of his familiarity with our portfolio companies, his broad experience with the day-to-day management and operation of other investment funds and his significant background in the financial services industry, as described below.

The Board does not have a lead Independent Director. However, Mr. Martin, the Chairman of the Audit Committee, Mr. Morea, the Chairman of the Nominating and Corporate Governance Committee, and Mr. Westwood, the Chairman of the Valuation Committee, are Independent Directors and act as liaisons between the Independent Directors and management between meetings of the Board. The Board believes that its leadership structure is appropriate because the structure allocates areas of responsibility among the individual directors and the committees in a manner that enhances effective oversight. The Board also believes that its small size creates an efficient corporate governance structure that provides opportunity for direct communication and interaction between Garrison Capital Advisers and the Board.

Information About Each Director's Experience, Qualifications, Attributes or Skills

Below is additional information about each director (supplementing the information provided in the table above) that describes some of the specific experiences, qualifications, attributes and/or skills that each director possesses and which the Board believes has prepared each director to be an effective member of the Board. The Board believes that the significance of each director's experience, qualifications, attributes and/or skills is an individual matter (meaning that experience or a factor that is important for one director may not have the same value for another) and that these factors are best evaluated at the Board level, with no single director, or particular factor, being indicative of Board effectiveness. However, the Board believes that directors need to have the ability to review, evaluate, question and discuss critical information provided to them and to interact effectively with Company management, service providers and counsel, in order to exercise effective business judgment in the performance of their duties. The Board believes that its members satisfy this standard. Experience relevant to having this ability may be achieved through a director's professional experience, education and/or other personal experiences. The Company's counsel has significant experience advising funds and fund board members. The Board and its committees have the ability to engage other experts as appropriate. The Board evaluates its performance on an annual basis.

Experience, Qualifications, Attributes and/or Skills that Led to the Board's Conclusion that such Members Should Serve as Directors of the Company

The Board believes that, collectively, the directors have balanced and diverse experience, qualifications, attributes and skills, which allow the Board to operate effectively in governing the Company and protecting the interests of the Stockholders. Below is a description of the various experiences, qualifications, attributes and/or skills with respect to each director considered by the Board.

Interested Directors

Certain Relationships and Related Party Transactions

We have entered into agreements with Garrison Capital Advisers, in which our senior management and members of our investment committee have ownership and financial interests. Members of our senior management and members of the investment committee also serve as principals of other investment managers affiliated with Garrison Capital Advisers that do and may in the future manage investment funds, accounts or other investment vehicles with investment objectives similar to ours. In addition, our executive officers and directors and the members of Garrison Capital Advisers and members of the investment committee serve or may serve as officers, directors or principals of entities that operate in the same, or related, line of business as we do or of investment funds, accounts or other investment vehicles managed by our affiliates. These investment funds, accounts or other investment vehicles may have investment objectives similar to our investment objective. As a result, we may not be given the opportunity to participate in certain investments made by investment funds, accounts or other investment vehicles managed by Garrison Capital Advisers or its affiliates or by members of the investment committee. However, in order to fulfill its fiduciary duties to each of its clients, Garrison Capital Advisers intends to allocate investment opportunities in a manner that is fair and equitable over time and is consistent with the written allocation policy of Garrison Investment Group and its affiliated investment advisers, including Garrison Capital Advisers so that we are not disadvantaged in relation to any other client.

Policies and Procedures for Managing Conflicts

Garrison Capital Advisers and its affiliates have both subjective and objective procedures and policies in place and designed to manage the potential conflicts of interest between Garrison Capital Advisers' fiduciary obligations to us and the similar fiduciary obligations of its affiliates to other clients. For example, such policies and procedures are designed to ensure that investment opportunities are allocated in a fair and equitable manner among clients of Garrison Capital Advisers and its affiliates. An investment opportunity that is suitable for multiple clients of Garrison Capital Advisers and its affiliates may not be capable of being shared among some or all of such clients and affiliates due to the limited scale of the opportunity or other factors, including regulatory restrictions imposed by the 1940 Act. There can be no assurance that Garrison Capital Advisers' or its affiliates' efforts to allocate any particular investment opportunity fairly among all clients for whom such opportunity is appropriate will result in an allocation of all or part of such opportunity to us. Not all conflicts of interest can be expected to be resolved in our favor.

Garrison Capital Advisers may manage investment vehicles with similar or overlapping investment strategies with us and has put in place a conflict-resolution policy that addresses the co-investment restrictions set forth under the 1940 Act and seeks to ensure the equitable allocation of investment opportunities when we are able to invest alongside other accounts managed by Garrison Capital Advisers and its affiliates. When we invest alongside such other accounts as permitted, such investments are made consistent with the written allocation policy of Garrison Investment Group and its affiliated advisers, including Garrison Capital Advisers. Under this allocation policy, a fixed calculation, based on the type of investment, will be applied to determine the amount of each opportunity to be allocated to us. This allocation policy will be periodically approved by Garrison Capital Advisers and reviewed by our Independent Directors. We expect that these determinations will be made similarly for other accounts sponsored or managed by Garrison Capital Advisers and its affiliates. Where we are able to co-invest consistent with the requirements of the 1940 Act, if sufficient securities or loan amounts are available to satisfy our and each such account's proposed demand, we expect that the opportunity will be allocated in accordance with Garrison Capital Advisers' pre-transaction determination. If there is an insufficient amount of an investment opportunity to satisfy us and other accounts sponsored or managed by Garrison Capital Advisers or its affiliates, the allocation policy further provides that allocations among us and such other accounts will generally be made pro rata based on each account's available capital in the asset class being allocated, up to the amount proposed to be invested by each account. However, we cannot assure you that investment opportunities will be allocated to us fairly or equitably in the short-term or over time. We expect that these determinations will be made similarly for other accounts sponsored or managed by Garrison Investment Group and its affiliates. In situations where co-investment with other accounts managed by Garrison Capital Advisers or its affiliates is not permitted or appropriate, Garrison Investment Group and Garrison Capital Advisers will need to decide which client will proceed with the investment. The allocation policy of Garrison Investment Group and its affiliated investment advisers provides, in such circumstances, for investments to be allocated on a rotational basis to assure that all clients have fair and equitable access to such investment opportunities.

Co-Investment Opportunities

We have in the past and expect in the future to co-invest on a concurrent basis with other affiliates, unless doing so is impermissible with existing regulatory guidance, applicable regulations and our allocation procedures. We, Garrison Investment Group and Garrison Capital Advisers obtained exemptive relief from the SEC on January 12, 2015 to permit greater flexibility to negotiate the terms of co-investments if the Board determines that it would be advantageous for us to co-invest with other accounts managed by Garrison Capital Advisers or its affiliates in a manner consistent with our investment objectives, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors.

Material Non-Public Information

Our senior management, members of our investment committee and other investment professionals from Garrison Capital Advisers may serve as directors of, or in a similar capacity with, companies in which we invest or in which we are considering making an investment. Through these and other relationships with a company, these individuals may obtain material non-public information that might restrict our ability to buy or sell the securities of such company under the policies of the company or applicable law.

Investment Advisory Agreement

As further described below, we originally entered into an investment advisory agreement (as most recently amended and restated on August 5, 2016, the “Current Advisory Agreement”) with Garrison Capital Advisers on October 9, 2012, pursuant to which we pay Garrison Capital Advisers a fee for investment management services consisting of a base management fee and an incentive fee.

The management fee and incentive fee paid to Garrison Capital Advisers are based on the value of our investments, and there may be a conflict of interest when personnel of Garrison Capital Advisers are involved in the valuation process for our portfolio investments in addition to the incentives the incentive fee structure may create for Garrison Capital Advisers to make speculative investments. Garrison Capital Advisers was paid management fees and incentive fees under the Current Advisory Agreement for the fiscal year ended December 31, 2016 in the amount of \$8.8 million and zero, respectively, and for the fiscal year ended December 31, 2015 in the amount of \$7.2 million and \$4.0 million, respectively. The address of Garrison Capital Advisers is 1290 Avenue of the Americas, Suite 914, New York, New York 10104.

As further described below, the New Advisory Agreement is being presented to the Stockholders for approval at the Annual Meeting.

Administration Agreement

We have entered into an administration agreement (the “Administration Agreement”) pursuant to which Garrison Capital Administrator furnishes us with office facilities, equipment and clerical, bookkeeping, recordkeeping and other administrative services. Under the Administration Agreement, Garrison Capital Administrator performs, or oversees the performance of, our required administrative services, which include being responsible for the financial records which we are required to maintain and preparing reports to our Stockholders and reports filed with the SEC. Garrison Investment Group is the sole member of and controls Garrison Capital Administrator. For the fiscal years ended December 31, 2016 and 2015, the Company reimbursed Garrison Capital Administrator in the amount of \$1.1 million and \$0.9 million, respectively, for services provided under the Administration Agreement. The address of Garrison Capital Administrator is 1290 Avenue of the Americas, Suite 914, New York, New York 10104. The New Advisory Agreement will not affect amounts payable under the Administration Agreement.

License Agreement

We have entered into a license agreement (the “License Agreement”) with Garrison Investment Group pursuant to which Garrison Investment Group has granted us a non-exclusive, royalty-free license to use the name “Garrison.” Under the License Agreement, we have a right to use the Garrison name for so long as Garrison Capital Advisers or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we have no legal right to the “Garrison” name.

Staffing Agreement

Garrison Capital Advisers has entered into a staffing agreement (the “Staffing Agreement”) with Garrison Investment Group. Under the Staffing Agreement, Garrison Investment Group makes available to Garrison Capital Advisers experienced investment professionals and access to the senior investment personnel and other resources of Garrison Investment Group and its affiliates. The Staffing Agreement provides Garrison Capital Advisers with access to deal flow generated by the professionals of Garrison Investment Group and commits the members of Garrison Capital Advisers’ investment committee to serve in that capacity. Garrison Capital Advisers capitalizes on what we believe to be the significant deal origination, credit underwriting, due diligence, investment structuring, execution, portfolio management and monitoring experience of Garrison Investment Group’s investment professionals.

Related Party Transactions Policy

The Audit Committee, in consultation with the Company’s Chief Executive Officer, Chief Compliance Officer and legal counsel, has established a written policy to govern the review of potential related party transactions. The Audit Committee conducts quarterly reviews of any potential related party transactions and, during these reviews, it also considers any conflicts of interest brought to its attention pursuant to the Company’s Code of Conduct or Joint Code of Ethics.

PROPOSAL 2: APPROVAL OF THE INVESTMENT ADVISORY AGREEMENT

We are asking Stockholders to approve the New Advisory Agreement, a copy of which is attached hereto as Exhibit A, pursuant to which the fees payable to the Adviser would be revised to lower the base management fee and to lower the hurdle rate on the incentive fee on income (each as described in more detail below). The following description of the material terms of the New Advisory Agreement is a summary only and is qualified in its entirety by reference to Exhibit A.

If Proposal 2 is approved by the Stockholders, the New Advisory Agreement is expected to become effective as of the date on which such approval is received. If Proposal 2 is not approved by the Stockholders, the Current Advisory Agreement will continue in effect, and the Board will consider the various alternatives, including seeking subsequent approval of a new investment advisory agreement by the Stockholders.

Summary of the Advisory Agreements

Advisory Services

Subject to the overall supervision of the Board, the Adviser manages the day-to-day operations of, and provides investment management services to the Company. Under both the Current Advisory Agreement and the New Advisory Agreement, the Adviser (i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes; (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); (iii) executes, closes, services and monitors the Company's investments; (iv) determines the securities and other assets that the Company will purchase, retain or sell; and (v) provides the Company with such other investment advisory, research and related services as the Company may, from time to time, reasonably require for the investment of its funds.

Duration and Termination

The Company initially entered into an investment advisory agreement with the Adviser effective as of October 9, 2012, which was most recently amended and restated on August 5, 2016 upon the assignment of the previous agreement for purposes of the 1940 Act (and the resulting termination of such agreement) in connection with certain changes in the indirect ownership of the Adviser. The most recent amendment and restatement of the Current Advisory Agreement was approved by the Stockholders on May 1, 2015, was initially approved by the Board at an in-person meeting in March 2015 and was most recently approved by the Board at an in-person meeting on January 31, 2017. The Current Advisory Agreement has an initial one-year term and continues thereafter for successive one-year periods following annual approval in the manner required by the 1940 Act. If the Stockholders approve the New Advisory Agreement, the New Advisory Agreement will be in effect for an initial one year term and will continue thereafter for successive one-year periods following annual approval in the manner required by the 1940 Act.

Each of the Current Advisory Agreement and the New Advisory Agreement may be terminated without penalty (i) by vote of a majority of the Board, or by vote of a majority of the outstanding voting securities of the Company, as defined in the 1940 Act, or (ii) by the Adviser, each upon not less than sixty (60) days' written notice to the other. In addition, each of the Current Advisory Agreement and the New Advisory Agreement will terminate automatically in the event of its assignment.

Limitation of Liability and Indemnification

Each of the Current Advisory Agreement and the New Advisory Agreement provides that Garrison Capital Advisers and its officers, managers, partners, agents, employees, controlling persons, members and affiliates are not liable to us for any act or omission by it in connection with its duties or obligations under the Current Advisory Agreement and the New Advisory Agreement or otherwise as the Adviser, except that the foregoing exculpation does not extend to any act or omission constituting willful misfeasance, bad faith or gross negligence in the performance of the Adviser's duties or by reason of the reckless disregard of the Adviser's duties and obligations under the Current Advisory Agreement and the New Advisory Agreement. The Current Advisory Agreement and the New Advisory Agreement also provide for indemnification by us of Garrison Capital Advisers and its managers, partners, officers, employees, agents, controlling persons, members and affiliates for damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) incurred by them in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by us or our Stockholders or in our or our Stockholders' right) arising out of or based on Garrison Capital Advisers' duties or obligations under the Current Advisory Agreement and the New Advisory Agreement or otherwise as the Adviser, subject to the same limitations and conditions.

Advisory Fees

Each of the Current Advisory Agreement and the New Advisory Agreement provides that the Adviser receives a base management fee and an incentive fee.

Base Management Fee

Under the Current Advisory Agreement, the base management fee is calculated at an annual rate of 1.75% of our gross assets, excluding cash and cash equivalents but including assets purchased with borrowed funds, and is payable quarterly in arrears. The New Advisory Agreement will lower the base management fee to an annual rate of 1.50% of the Company's gross assets, excluding cash and cash equivalents but including assets purchased with borrowed funds, payable quarterly in arrears. Under each of the Current Advisory Agreement and the New Advisory Agreement, the base management fee is calculated based on the average carrying value of the Company's gross assets at the end of the two most recently completed calendar quarters, and appropriately adjusted for any share issuances or repurchases during the current calendar quarter. Base management fees for any partial month or quarter are appropriately pro rated.

Incentive Fee

Under each of the Current Advisory Agreement and the New Advisory Agreement, the incentive fee consists of two components, the income-based incentive fee and the capital gains-based incentive fee, which are independent of each other (except as provided in the Incentive Fee Cap and Deferral Mechanism described below), with the result that one component may be payable even if the other is not.

Incentive Fee Cap and Deferral Mechanism

Under each of the Current Advisory Agreement and the New Advisory Agreement, we have structured the calculation of these incentive fees, which we refer to collectively as the "Income and Capital Gain Incentive Fee Calculations," to include a fee limitation such that no incentive fee will be paid to the Adviser for any fiscal quarter if, after such payment, the cumulative incentive fees paid to the Adviser for the period that includes such fiscal quarter and the 11 full preceding fiscal quarters, which we refer as the "Incentive Fee Look-back Period", would exceed 20.0% of our Cumulative Pre-Incentive Fee Net Return (as defined below) during the Incentive Fee Look-back Period. The deferral component of the Incentive Fee Cap and Deferral Mechanism may cause incentive fees that accrued during one fiscal quarter to be paid to the Adviser at any time during the 11 full fiscal quarters following such initial full fiscal quarter. The initial Incentive Fee Look-back Period commenced on April 1, 2013.

We accomplish this incentive fee limitation by subjecting each incentive fee payable to a cap, which we refer to as the "Incentive Fee Cap". The Incentive Fee Cap in any quarter is equal to (a) 20.0% of Cumulative Pre-Incentive Fee Net Return during the Incentive Fee Look-back Period less (b) cumulative incentive fees of any kind paid to the Adviser by us during the Incentive Fee Look-back Period. To the extent the Incentive Fee Cap is zero or a negative value in any quarter, we will pay no incentive fee to the Adviser in that quarter. We only pay incentive fees to the extent allowed by the Incentive Fee Cap and Deferral Mechanism. To the extent that the payment of incentive fees is limited by the Incentive Fee Cap and Deferral Mechanism, the payment of such fees may be deferred and paid in subsequent quarters up to three years after their date of deferment, subject to applicable limitations included in the Current Advisory Agreement and the New Advisory Agreement.

"Cumulative Pre-Incentive Fee Net Return" refers to the sum of (a) Pre-Incentive Fee Net Investment Income for each period during the Incentive Fee Look-back Period and (b) the sum of cumulative realized capital gains, cumulative realized capital losses, cumulative unrealized capital depreciation and cumulative unrealized capital appreciation during the applicable Incentive Fee Look-back Period.

The New Advisory Agreement does not propose any changes to the Incentive Fee Cap and Deferral Mechanism.

Income-Based Incentive Fee under the Current Advisory Agreement

Under the Current Advisory Agreement, the first component of the incentive fee, which is income-based, is calculated and payable quarterly in arrears based on our Pre-Incentive Fee Net Investment Income for the immediately preceding calendar quarter, subject to a “catch-up” feature and the Incentive Fee Cap and Deferral Mechanism. For this purpose, “Pre-Incentive Fee Net Investment Income” means interest income, distribution income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement and any interest expense and any distributions paid on any issued and outstanding preferred stock, but excluding the incentive fee). “Pre-Incentive Fee Net Investment Income” includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind (“PIK”) interest or original issue discount and zero coupon securities), accrued income that we have not yet received in cash. “Pre-Incentive Fee Net Investment Income” does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

The portion of such incentive fee that is attributable to deferred interest (such as PIK interest or original issue discount) is paid to the Adviser, together with any other interest accrued on the loan from the date of deferral to the date of payment, only if and to the extent we actually receive such interest in cash, and any accrual thereof is reversed if and to the extent such interest is reversed in connection with any write-off or similar treatment of the investment giving rise to any deferred interest accrual. Any reversal of such amounts reduces net income for the quarter by the net amount of the reversal (after taking into account the reversal of incentive fees payable) and results in a reduction and possibly elimination of the incentive fees for such quarter. For the avoidance of doubt, no interest is paid to Garrison Capital Advisers on amounts accrued and not paid in respect of deferred interest.

Under the Current Advisory Agreement, the operation of the first component of the incentive fee for each quarter is as follows:

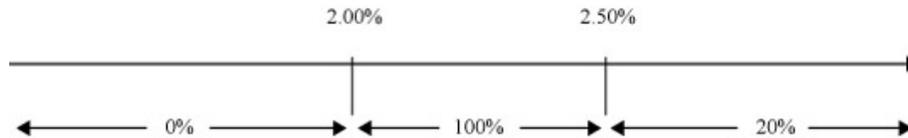

- no incentive fee is payable to the Adviser in any calendar quarter in which the Company’s Pre-Incentive Fee Net Investment Income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, does not exceed a hurdle rate (the “Hurdle Rate”) of 2.00% (8.00% annualized);
- 100% of the Company’s Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the Hurdle Rate but is less than 2.50% in any calendar quarter (10.00% annualized) is payable to the Adviser. We refer to this portion of our Pre-Incentive Fee Net Investment Income (which exceeds the Hurdle Rate but is less than 2.50%) as the “catch-up.” The effect of the “catch-up” provision is that, if such Pre-Incentive Fee Net Investment Income exceeds 2.50% in any calendar quarter, the Adviser will receive 20% of such Pre-Incentive Fee Net Investment Income as if the Hurdle Rate did not apply; and
- 20% of the amount of such Pre-Incentive Fee Net Investment Income, if any, that exceeds 2.50% in any calendar quarter (10.00% annualized) is payable to the Adviser (once the Hurdle Rate is reached and the catch-up is achieved).

There is no accumulation of amounts on the Hurdle Rate from quarter to quarter and, accordingly, there is no clawback of amounts previously paid if subsequent quarters are below the quarterly Hurdle Rate and there is no delay of payment if prior quarters are below the quarterly Hurdle Rate. Since the Hurdle Rate is fixed, as interest rates rise, it will be easier for the Adviser to surpass the Hurdle Rate and receive an incentive fee based on Pre-Incentive Fee Net Investment Income.

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The following is a graphical representation of the calculation of the income-based component of the incentive fee under the Current Advisory Agreement:

Quarterly Incentive Fee based on Pre-Incentive Fee Net Investment Income (Current Advisory Agreement)
(Expressed as a Percentage of the Value of Net Assets)

Income-Based Incentive Fee under the New Advisory Agreement

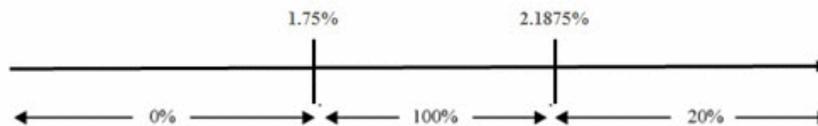

The New Advisory Agreement lowers the Hurdle Rate for the first component of the incentive fee to 1.75% (7.00% annualized). Under the New Advisory Agreement, the first component of the incentive fee for each quarter would be calculated as follows:

- no incentive fee will be payable to the Adviser in any calendar quarter in which the Company’s Pre-Incentive Fee Net Investment Income does not exceed the Hurdle Rate of 1.75%;
- 100% of the Company’s Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the Hurdle Rate but is less than 2.1875% in any calendar quarter (8.75% annualized) is payable to the Adviser. We refer to this portion of the Company’s Pre-Incentive Fee Net Investment Income (which exceeds the Hurdle Rate but is less than 2.1875%) as the “catch-up.” The effect of the “catch-up” provision is that, if such Pre-Incentive Fee Net Investment Income exceeds 2.1875% in any calendar quarter, the Adviser will receive 20% of such Pre-Incentive Fee Net Investment Income as if the Hurdle Rate did not apply; and
- 20% of the amount of such Pre-Incentive Fee Net Investment Income, if any, that exceeds 2.1875% in any calendar quarter (8.75% annualized) is payable to the Adviser (once the Hurdle Rate is reached and the catch-up is achieved).

Like under the Current Advisory Agreement, there will be no accumulation of amounts on the Hurdle Rate from quarter to quarter under the New Advisory Agreement and, accordingly, there will be no clawback of amounts previously paid if subsequent quarters are below the quarterly Hurdle Rate and there is no delay of payment if prior quarters are below the quarterly Hurdle Rate. The calculation of the incentive fee based on income under the New Advisory Agreement will be appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The following is a graphical representation of the calculation of the income-based component of the incentive fee under the New Advisory Agreement:

Quarterly Incentive Fee based on Pre-Incentive Fee Net Investment Income (New Advisory Agreement)
(Expressed as a Percentage of the Value of Net Assets)

Capital Gains-Based Incentive Fee

The second, capital gains component of the incentive fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the Current Advisory Agreement or the New Advisory Agreement, as of the termination date) and equals 20% of our cumulative aggregate realized capital gains from April 1, 2013 through the end of each calendar year, computed net of our aggregate cumulative realized capital losses and our aggregate cumulative unrealized capital depreciation through the end of such year, less the aggregate amount of any previously paid capital gains incentive fees and subject to the Incentive Fee Cap and Deferral Mechanism. If such amount is negative, then no capital gains incentive fee is payable for such year. Additionally, if the Current Advisory Agreement or the New Advisory Agreement is terminated as of a date that is not a calendar year end, the termination date is treated as though it were a calendar year end for purposes of calculating and paying the capital gains incentive fee. The capital gains component of the incentive fee is not subject to any minimum return to Stockholders. The Company accrues the capital gains incentive fee if, on a cumulative basis, the sum of net realized gains/(losses) plus net unrealized appreciation/(depreciation) is positive.

The New Advisory Agreement does not propose any changes to the incentive fee on capital gains.

Examples of Quarterly Incentive Fee Calculation

The following are examples of the calculation of the income-based component of the incentive fee under the New Advisory Agreement.

Example 1: Pre-incentive Fee Net Investment Income does not exceed 1.75% Hurdle Rate of New Advisory Agreement

Assumptions

- Investment income (including interest, distributions, fees, etc.) = 1.25%
- Other expenses (legal, accounting, custodian, transfer agent, etc.) = 0.25%
- Hurdle Rate: 1.75%
- Base management fee = 0.375%
- Pre-Incentive Fee Net Investment Income (investment income – (base management fee + other expenses)) = $1.25\% - (0.375\% + 0.25\%) = 0.625\%$

Pre-Incentive Fee Net Investment Income does not exceed the hurdle rate, therefore no income based incentive fee is earned by the Adviser.

Example 2: Pre-incentive Fee Net Investment Income exceeds 1.75% Hurdle Rate but does not exceed 2.50% “Catch up”

Assumptions

- Investment income (including interest, distributions, fees, etc.) = 2.50%
- Other expenses (legal, accounting, custodian, transfer agent, etc.) = 0.25%
- Hurdle Rate: 1.75%
- Base management fee = 0.375%
- Pre-Incentive Fee Net Investment Income (investment income – (base management fee + other expenses)) = $2.50\% - (0.375\% + 0.25\%) = 1.875\%$

Pre-Incentive Fee Net Investment Income exceeds the hurdle rate, therefore income based incentive fee is earned by the Adviser.

$$\begin{aligned} \text{Incentive fee} &= (100\% \times \text{"Catch-Up"}) + (\text{the greater of } 0\% \text{ AND } (20\% \times (\text{Pre-Incentive Fee Net Investment Income} - 2.1875\%))) \\ &= (100.0\% \times (\text{Pre-Incentive Fee Net Investment Income} - 1.75\%)) + 0\% \\ &= 100.0\% \times (1.875\% - 1.75\%) \\ &= 100.0\% \times 0.125\% \\ &= 0.125\% \end{aligned}$$

Example 3: Pre-incentive Fee Net Investment Income exceeds the Hurdle Rate and Quarterly Catch up

Assumptions

- Investment income (including interest, distributions, fees, etc.) = 3.00%
- Other expenses (legal, accounting, custodian, transfer agent, etc.) = 0.25%
- Hurdle Rate: 1.75%
- Base management fee = 0.375%
- Pre-Incentive Fee Net Investment Income (investment income – (base management fee + other expenses)) = 3.00% – (0.375% + 0.25%) = 2.375%

Pre-Incentive Fee Net Investment Income exceeds the hurdle rate, therefore income based incentive fee is earned by the Adviser.

$$\begin{aligned} \text{Incentive fee} &= (100\% \times \text{"Catch-Up"}) + (\text{the greater of } 0\% \text{ AND } (20\% \times (\text{Pre-Incentive Fee Net Investment Income} - 2.1875\%))) \\ &= (100.0\% \times \text{"Catch-Up"}) + 20\% \times (\text{Pre-Incentive Fee Net Investment Income} - 2.1875\%) \\ &= 100.0\% \times (2.1875\% - 1.75\%) + 20\% \times (2.375\% - 2.1875\%) \\ &= 100.0\% \times 0.4375\% + 20\% \times 0.1875 \\ &= 0.475\% \end{aligned}$$

Examples of the Capital Gains Component of Incentive Fee:

Example 1

Assumptions

- Year 1: \$20 million investment made in Company A ("Investment A"), and \$30 million investment made in Company B ("Investment B")
- Year 2: Investment A sold for \$50 million and fair market value, or FMV, of Investment B determined to be \$32 million
- Year 3: FMV of Investment B determined to be \$25 million
- Year 4: Investment B sold for \$31 million

The capital gains portion of the incentive fee would be:

Year 1: None

Year 2: Capital gains incentive fee of \$6.0 million (\$30 million realized capital gains on sale of Investment A multiplied by 20.0%)

Year 3: None; \$5.0 million (20.0% multiplied by (\$30 million cumulative capital gains less \$5 million cumulative capital depreciation)) less \$6.0 million (previous capital gains fee paid in Year 2)

Year 4: Capital gains incentive fee of \$200,000; \$6.2 million (\$31 million cumulative realized capital gains multiplied by 20.0%) less \$6.0 million (capital gains fee paid in Year 2)

Example 2

Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), \$30 million investment made in Company B (“Investment B”) and \$25 million investment made in Company C (“Investment C”)
- Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million
- Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million
- Year 4: FMV of Investment B determined to be \$35 million
- Year 5: Investment B sold for \$20 million

The capital gains portion of the incentive fee would be:

- Year 1: None
- Year 2: Capital gains incentive fee of \$5.0 million; 20.0% multiplied by \$25 million (\$30 million realized capital gains on Investment A less \$5 million unrealized capital depreciation on Investment B)
- Year 3: Capital gains incentive fee of \$1.4 million; \$6.4 million (20.0% multiplied by \$32 million (\$35 million cumulative realized capital gains less \$3 million unrealized capital depreciation on Investment B)) less \$5.0 million (capital gains fee received in Year 2)
- Year 4: None
- Year 5: None; \$5.0 million of capital gains incentive fee (20.0% multiplied by \$25 million (cumulative realized capital gains of \$35 million less realized capital losses of \$10 million)) less \$6.4 million (cumulative capital gains fee paid in Year 2 and Year 3)⁽¹⁾

- (1) The cumulative aggregate capital gains fee received by Garrison Capital Advisers in this hypothetical example (\$6.4 million) may be effectively greater than 20.0% of cumulative aggregate realized capital gains less net realized capital losses and aggregate cumulative net unrealized depreciation (\$5.0 million).

Example of the Application of the Incentive Fee Cap and Deferral Mechanism:

Assumptions

- In each of Years 1 through 4 in this example, as well as in each preceding year from the date of our initial public offering, Pre-Incentive Fee Net Investment Income equals \$40.0 million per year, which we recognized evenly in each quarter of each year and paid quarterly. This amount exceeds the hurdle rate and the requirement of the “catch-up” provision in each quarter of such year. As a result, the annual income related portion of the incentive fee, before the application of the Incentive Fee Cap and Deferral Mechanism in any year is \$8.0 million (\$40.0 million multiplied by 20%), and the cumulative income related portion of the incentive fee before the application of the incentive fee cap and deferral mechanism over any Incentive Fee Look-back Period is \$24 million (\$8.0 million multiplied by three). All income-related incentive fees were paid quarterly in arrears.
- In each year preceding Year 1, we did not generate realized or unrealized capital gains or losses, no capital gain-related incentive fee was paid and there was no deferral of incentive fees.
- Year 1: We did not generate realized or unrealized capital gains or losses
- Year 2: We realized a \$30.0 million capital gain and did not otherwise generate realized or unrealized capital gains or losses
- Year 3: We recognized a \$5.0 million unrealized capital depreciation and did not otherwise generate realized or unrealized capital gains or losses
- Year 4: We realized a \$6.0 million capital gain and did not otherwise generate realized or unrealized capital gains or losses

	Income Related Incentive Fee Earned by the Adviser Before Application of Incentive Fee Cap and Deferral Mechanism	Capital Gains Related Incentive Fee Earned by the Adviser Before Application of Incentive Fee Cap and Deferral Mechanism	Incentive Fee Cap	Incentive Fees Paid and Deferred
Year 1	\$8.0 million (\$40.0 million multiplied by 20%)	None	\$8.0 million (20% of Cumulative Pre-Incentive Fee Net Return during Incentive Fee Look-back Period of \$120.0 million less \$16.0 million of cumulative incentive fees paid)	Incentive fees of \$8.0 million paid; no incentive fees deferred

Fees Payable to the Adviser

The lower base management fee in the New Advisory Agreement will decrease the base management fees earned by the Adviser compared to the base management fees in the Current Advisory Agreement. However, the lower hurdle rate in the New Advisory Agreement will result in the Adviser being eligible to receive an incentive fee on income at certain performance levels at which the Adviser would not have received any such fee under the Current Advisory Agreement. As such, the lower hurdle rate in the New Advisory Agreement increases the probability that the Adviser will earn, and may increase the amount of any, incentive fee on income compared to the hurdle rate in the Current Advisory Agreement, subject to the Incentive Fee Cap and Deferral Mechanism.

The table below compares the annual advisory fees earned by the Adviser under the Current Advisory Agreement for the year ended December 31, 2016 (without giving effect to the irrevocable waiver by the Adviser of certain fees effective October 1, 2016 and prior to applying the Incentive Fee Cap and Deferral Mechanism) to the pro forma annual advisory fees assuming the New Advisory Agreement had been in effect for the year ended December 31, 2016.

Annual Advisory Fees	Current Advisory Agreement	New Advisory Agreement	Difference
(\$ in millions)			
Base Management Fees	\$ 7.2	\$ 6.2	(13.9)%
Incentive Fees	\$ 3.1	\$ 3.4	9.7%
Total	\$ 10.3	\$ 9.6	(6.8)%

Reasons for the Change in Fee Structure

The Company is proposing the revised fee structure in the New Advisory Agreement to better align the fee structure with the Company's and the Stockholders' interests by incentivizing the Adviser to invest in assets with lower absolute, but higher risk-adjusted, returns (although any failure of the Adviser to act in the Company's interests would be a breach of its fiduciary duties).

Additional Information Regarding the Adviser

Organization of the Adviser

The Adviser is a Delaware limited liability company that is registered as an investment adviser under the Investment Advisers Act of 1940, as amended. Each of Brian Chase, a director of the Company and its Chief Financial Officer, and Michael Butler, Chief Compliance Officer and Secretary of the Company, also hold an economic interest in the Adviser.

Executive Officers and Directors of the Adviser

Information regarding the principal executive officers of the Adviser is set forth below. The address of the Adviser and its executive officers is 1290 Avenue of the Americas, Suite 914, New York, New York 10104. The following are the executive officers of the Adviser, each of whom currently holds a position with the Company:

Recommendation of the Board

At an in-person meeting held on January 31, 2017, the Board, including a majority of the Independent Directors, considered and approved the New Advisory Agreement. In considering the New Advisory Agreement, the Board took into consideration (1) the nature, extent and quality of services to be performed by the Adviser; (2) the investment performance of the Company and the Adviser; (3) the costs of providing services to the Company; (4) the profitability of the relationship between the Company and the Adviser; (5) comparative information on fees and expenses borne by other comparable business development companies; (6) comparative business development companies' performance and other competitive factors; (7) the extent to which economies of scale would be realized as the Company grows; (8) whether fee levels reflect these economies of scale for the benefit of the Company's stockholders; and (9) other factors the Board deemed to be relevant. In its deliberations, the Board did not identify any single piece of information discussed below that was all-important, controlling or determinative of its decision.

The Board believes that the terms and conditions of the New Advisory Agreement are fair to, and in the best interests of, the Company and its Stockholders. The Board considered the changes to the fee structure proposed in the New Advisory Agreement. The Board believes that the lower hurdle rate (coupled with the lower base management fee) will better align the Adviser's interests with those of the Company and the Stockholders by incentivizing the Adviser to invest in assets with lower absolute, but higher risk-adjusted, returns (although any failure of the Adviser to act in the Company's interests would be a breach of its fiduciary duties). In addition, the Board believes that, upon Stockholder approval of Proposal 2, the Adviser will continue providing the same level of services as it currently provides under the Current Advisory Agreement at a cost that is fair and reasonable.

Nature, Extent and Quality of Services Provided

The Board considered the Adviser's specific responsibilities in all aspects of day-to-day management of the Company, noting that the services to be provided and the standard of care under the New Advisory Agreement are identical to those services provided and the standard of care under the Current Advisory Agreement. In particular, they noted that the Adviser had served as the Company's investment adviser since its inception in 2010.

In considering the nature, extent and quality of the services to be provided by the Adviser, the Board considered the quality of the Adviser's compliance infrastructure and past reports from the Company's Chief Compliance Officer. The Board noted that it had previously reviewed the Adviser's registration on Form ADV, as well as the response of the Adviser to a detailed series of questions which included, among other things, information about the background and experience of the Adviser's management and staff. The Board also considered its experience with the Adviser providing investment management services to the Company.

The Board also considered other services to be provided to the Company, such as monitoring adherence to the Company's investment restrictions and monitoring compliance with various Company policies and procedures and with applicable securities regulations. Based on the factors above, as well as those discussed below, the Board concluded that it was satisfied with the nature, extent and quality of the services to be provided to the Company by the Adviser.

Comparison of Management Fee and Expense Ratio to Other Business Development Companies

The Board considered that if the New Advisory Agreement becomes effective, the Adviser will receive a lower base management fee on gross assets, but the probability that the Adviser earns an incentive fee on income will increase. The Board discussed how this new fee structure may allow the Adviser to earn an incentive fee at a lower overall portfolio yield, which should incentivize the Adviser to make lower-risk investments that generally have a correspondingly lower absolute return. The Board reviewed and considered comparative data with respect to the expense ratios and the amount and structure of the expenses paid by other externally managed business development companies. The Board noted that base management fee of 1.50% proposed in the New Advisory Agreement is at the low-end of the range of base management fees charged by most externally managed business development companies and is lower than the base management fees of the four companies which priced their initial public offerings within six months of the Company's initial public offering. The Board also discussed (i) that the incentive fee was consistent with the range of other externally managed business development companies, (ii) that the hurdle rate of 1.75% (7.00% annualized) (a) was consistent with other business development companies that focus on investments that are senior in the portfolio company's capital structure and (b) accounts for the lower yield of the senior-risk investment and (iii) that the Company's total return hurdle provision was conservative compared to most other business development companies. The comparative data assisted the Board in assessing the fairness and reasonableness of the management and incentive fees to be paid under the New Advisory Agreement as well as the total estimated expenses to be paid by the Company. Based on the information reviewed and the considerations detailed above, the Board, including the Independent Directors, concluded that the fee and expense structure is fair and reasonable in relation to the services provided.

Experience of Management Team and Personnel

The Board discussed the experience of current key personnel of the Adviser and Garrison Investment Group. The Board considered that all of the current key portfolio management personnel of the Adviser are currently expected to continue their relationship with the Adviser following effectiveness of the New Advisory Agreement.

Historical Performance

The Board considered that, since its initial public offering in 2013:

- the Company's net asset value has decreased;
- the Company has experienced a negative market return (calculated based upon the change in market price per share during the period assuming reinvestment of distributions); and
- the Company has reduced its quarterly distribution per share to \$0.28, commencing with the distribution paid in December 2016.

The Board also considered that the Adviser has demonstrated a strong track record of funding portfolio companies and has been the investment adviser to the Company since the Company's inception. The Board also considered that, since its initial public offering, the Company has:

- invested all proceeds from its initial public offering into the Company's core strategy,
- purchased and securitized its unsecured consumer loan portfolio,
- refinanced its credit facility into a collateralized loan obligation vehicle;
- obtained an small business investment company ("SBIC") debenture license;
- received exemptive relief from the SEC regarding certain co-investment transactions and a modified asset coverage requirement for the U.S. Small Business Administration-guaranteed debentures of any SBIC subsidiary;
- increased trading and liquidity in the Common Stock by successfully executing sales of shares held by affiliates of the Adviser; and
- successfully executed a share repurchase plan.

Costs of Services Provided and Economies of Scale

The Board considered the costs incurred by the Company and the Adviser to provide services to the Company, the expected costs to be incurred by the Adviser, the profit that the Adviser may realize, and the Adviser's financial condition. Based on its review, the Board concluded that the Adviser is financially able to provide the Company with the services enumerated in the New Advisory Agreement. The Board also noted that it does not pay any other fees to the Adviser and that the Adviser does not derive any material indirect benefits from its relationship to the Company.

The Board considered the extent to which economies of scale may be realized as the Company grows, but concluded that economies of scale would be limited due to the time and effort involved in originating middle-market loans consistent with the Company's investment strategies

Conclusion

No single factor was determinative of the Board's decision to approve the New Advisory Agreement; rather, the Board based its determination on the total mix of information available to it. Based on a consideration of all the factors in their totality, the Board, including each of the Independent Directors, determined that the New Advisory Agreement, including the compensation payable under the agreement, was fair and reasonable to the Company. The Board, including each of the Independent Directors, therefore determined that the approval of the New Advisory Agreement was in the best interests of the Company and its Stockholders.

THE BOARD, INCLUDING EACH OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE NEW ADVISORY AGREEMENT.

All Other Fees: Other fees include fees billed for products and services, other than the services described above.

Pre-approval Policy

The Audit Committee has established a pre-approval policy that describes the permitted audit, audit-related, tax and other services to be provided by RSM. The policy requires that the Audit Committee pre-approve the audit and permissible non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor’s independence. All audit, audit-related, tax and other services provided by RSM to the Company during the fiscal year ended December 31, 2016 were approved by the Audit Committee in accordance with such policy. Any requests for audit, audit-related, tax and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

Audit Committee Report⁽¹⁾

The following is the report of the Audit Committee of Garrison Capital Inc. (the “Company”) with respect to the Company’s consolidated audited financial statements for the fiscal year ended December 31, 2016 (the “Audited Financial Statements”).

The Audit Committee has reviewed and discussed the Company’s Audited Financial Statements with management and RSM US LLP (“RSM”), the Company’s independent registered public accounting firm, with and without management present. The Audit Committee included in its review results of RSM’s examinations, the Company’s internal controls and the quality of the Company’s financial reporting. The Audit Committee also reviewed the Company’s procedures and internal control processes designed to ensure full, fair and adequate financial reporting and disclosures, including procedures for certifications by the Company’s chief executive officer and chief financial officer that are required in periodic reports filed by the Company with the Securities and Exchange Commission (the “SEC”). The Audit Committee is satisfied that the Company’s internal control system is adequate and that the Company employs appropriate accounting and auditing procedures.

The Audit Committee also has discussed with RSM matters relating to RSM’s judgments about the quality, as well as the acceptability, of the Company’s accounting principles as applied in its financial reporting as required by Statement of Auditing Standards No. 1301 (Communications with Audit Committees). In addition, the Audit Committee has discussed with RSM their independence from management and the Company, as well as the matters in the written disclosures received from RSM and required by Public Company Accounting Oversight Board Rule 3526 (Communication with Audit Committee Concerning Independence). The Audit Committee received a letter from RSM confirming their independence and discussed it with them. The Audit Committee discussed and reviewed with RSM the Company’s critical accounting policies and practices, internal controls, other material written communications to management and the scope of RSM’s audit and all fees paid to RSM during the fiscal year. The Audit Committee adopted guidelines requiring review and pre-approval by the Audit Committee of audit and audit-related services performed by RSM for the Company. The Audit Committee has reviewed and considered the compatibility of RSM’s performance of audit-related services with the maintenance of RSM’s independence as the Company’s independent registered public accounting firm.

Based on the Audit Committee’s review and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the Board of Directors approve the Audited Financial Statements and recommended to the Board of Directors that the Audited Financial Statements be included in the Company’s Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

BY AND BETWEEN

GARRISON CAPITAL INC.

AND

GARRISON CAPITAL ADVISERS LLC

This Fourth Amended and Restated Investment Advisory Agreement made this [●] day of [●] 2017 (this “**Agreement**”), by and between GARRISON CAPITAL INC., a Delaware corporation (the “**Corporation**”), and GARRISON CAPITAL ADVISERS LLC, a Delaware limited liability company (the “**Adviser**”).

WHEREAS, the Corporation operates as a closed-end, non-diversified management investment company;

WHEREAS, the Corporation has elected to be treated as a business development company under the Investment Company Act of 1940, as amended (the “**Investment Company Act**”);

WHEREAS, the Adviser is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (the “**Investment Advisers Act**”);

WHEREAS, the Corporation and the Adviser are party to that certain third amended and restated investment advisory agreement dated August 5, 2016 by and between the Corporation and the Adviser (the “**Prior Agreement**”); and

WHEREAS, the Corporation and the Adviser desire to amend and restate the Prior Agreement to set forth the terms and conditions for the continued provision by the Adviser of investment advisory services to the Corporation, and the stockholders of the Corporation approved this Agreement at a meeting held on [●], 2017.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the parties hereby agree as follows:

1. Duties of the Adviser.

(a) The Corporation hereby employs the Adviser to act as the investment adviser to the Corporation and to manage the investment and reinvestment of the assets of the Corporation, subject to the supervision of the board of directors of the Corporation (the “**Board of Directors**”), for the period and upon the terms herein set forth, (i) in accordance with the investment objective, policies and restrictions that are set forth in the Corporation’s filings with the Securities and Exchange Commission, as the same may be amended from time to time, (ii) in accordance with the Investment Company Act, the Investment Advisers Act and all other applicable federal and state law and (iii) in accordance with the Corporation’s certificate of incorporation and bylaws, each as amended or restated from time to time.

Without limiting the generality of the foregoing, the Adviser shall, during the term and subject to the provisions of this Agreement, (i) determine the composition of the portfolio of the Corporation, the nature and timing of the changes therein and the manner of implementing such changes; (ii) identify, evaluate and negotiate the structure of the investments made by the Corporation (including performing due diligence on prospective portfolio companies); (iii) execute, close, service and monitor the Corporation's investments; (iv) determine the securities and other assets that the Corporation will purchase, retain or sell; and (v) provide the Corporation with such other investment advisory, research and related services as the Corporation may, from time to time, reasonably require for the investment of its funds. The Adviser shall have the power and authority on behalf of the Corporation to effectuate its investment decisions for the Corporation, including the execution and delivery of all documents relating to the Corporation's investments and the placing of orders for other purchase or sale transactions on behalf of the Corporation.

In the event that the Corporation determines to acquire debt financing or to refinance existing debt financing, the Adviser shall arrange for such financing on the Corporation's behalf, subject to the oversight and approval of the Board of Directors.

If it is necessary or convenient for the Adviser to make investments on behalf of the Corporation through a subsidiary or special purpose vehicle or to otherwise form such subsidiary or special purpose vehicle, the Adviser shall have authority to create or arrange for the creation of such subsidiary or special purpose vehicle and to make such investments through such subsidiary or special purpose vehicle in accordance with the Investment Company Act.

(b) The Adviser hereby accepts such employment and agrees during the term hereof to render the services described herein for the amounts of compensation provided herein.

(c) Subject to the requirements of the Investment Company Act, the Adviser is hereby authorized, but not required, to enter into one or more sub-advisory agreements with other investment advisers (each, a "**Sub-Adviser**") pursuant to which the Adviser may obtain the services of the Sub-Adviser(s) to assist the Adviser in fulfilling its responsibilities hereunder. Specifically, the Adviser may retain a Sub-Adviser to recommend specific securities or other investments based upon the Corporation's investment objective and policies, and work, along with the Adviser, in structuring, negotiating, arranging or effecting the acquisition or disposition of such investments and monitoring investments on behalf of the Corporation, subject in all cases to the oversight of the Adviser and the Corporation. The Adviser, and not the Corporation, shall be responsible for any compensation payable to any Sub-Adviser. Any sub-advisory agreement entered into by the Adviser shall be in accordance with the requirements of the Investment Company Act, the Investment Advisers Act and other applicable federal and state law.

(d) For all purposes herein provided, the Adviser shall be deemed to be an independent contractor and, except as expressly provided or authorized herein, shall have no authority to act for or represent the Corporation in any way or otherwise be deemed an agent of the Corporation.

(e) The Adviser shall keep and preserve, in the manner and for the period that would be applicable to investment companies registered under the Investment Company Act, any books and records relevant to the provision of its investment advisory services to the Corporation, shall specifically maintain all books and records with respect to the Corporation's portfolio transactions and shall render to the Board of Directors such periodic and special reports as the Board of Directors may reasonably request. The Adviser agrees that all records that it maintains for the Corporation are the property of the Corporation and shall surrender promptly to the Corporation any such records upon the Corporation's request, provided that the Adviser may retain a copy of such records.

2. Corporation's Responsibilities and Expenses Payable by the Corporation. All investment professionals of the Adviser and their respective staffs, when and to the extent engaged in providing investment advisory and management services hereunder, and the compensation and routine overhead expenses of such personnel allocable to such services, shall be provided and paid for by the Adviser and not by the Corporation.

The Corporation shall bear all other costs and expenses of its operations and transactions, including those relating to: (a) organization; (b) calculating the Corporation's net asset value (including the cost and expenses of any independent valuation firm); (c) fees and expenses, including travel expenses, incurred by the Adviser or payable to third parties in performing due diligence on prospective portfolio companies, monitoring the Corporation's investments and, if necessary, enforcing the Corporation's rights; (d) interest payable on debt, if any, incurred to finance the Corporation's investments; (e) costs of offerings of the Corporation's common stock and other securities; (f) the Base Management Fee (as defined below) and any Incentive Fee (as defined below); (g) distributions on the Corporation's common stock; (h) administration fees payable to the Garrison Capital Administrator LLC (the "**Administrator**") under the administration agreement dated as of October 9, 2012 (as amended from time to time, the "**Administration Agreement**"); (i) transfer agent and custody fees and expenses; (j) the allocated costs incurred by the Administrator in providing managerial assistance to those portfolio companies that request it; (k) amounts payable to third parties relating to, or associated with, evaluating, making and disposing of investments; (l) brokerage fees and commissions; (m) registration fees; (n) listing fees; (o) taxes; (p) independent director fees and expenses; (q) costs associated with the Corporation's reporting and compliance obligations under the Investment Company Act and applicable U.S. federal and state securities laws; (r) the costs of any reports, proxy statements or other notices to the Corporation's stockholders, including printing costs; (s) costs of holding stockholder meetings; (t) the Corporation's fidelity bond; (u) directors and officers/errors and omissions liability insurance, and any other insurance premiums; (v) litigation, indemnification and other non-recurring or extraordinary expenses; (w) direct costs and expenses of administration and operation, including audit and legal costs; (x) fees and expenses associated with marketing efforts; (y) dues, fees and charges of any trade association of which the Corporation is a member; and (z) all other expenses reasonably incurred by the Corporation or the Administrator in connection with administering the Corporation's business, such as the allocable portion of overhead under the Administration Agreement, including rent and the Corporation's allocable portion of the costs and expenses of its chief compliance officer, chief financial officer and their respective staffs.

3. Compensation of the Adviser. The Corporation agrees to pay, and the Adviser agrees to accept, as compensation for the investment advisory and management services provided by the Adviser hereunder, a fee consisting of two components: a base management fee (the “**Base Management Fee**”) and an incentive fee (the “**Incentive Fee**”), each as hereinafter set forth. The Corporation shall make any payments due hereunder to the Adviser or to the Adviser’s designee as the Adviser may otherwise direct. To the extent permitted by applicable law, the Adviser may elect, or adopt a deferred compensation plan pursuant to which it may elect to defer all or a portion of its fees hereunder for a specified period of time.

(a) The Base Management Fee shall be calculated at an annual rate equal to 1.50% of the gross assets of the Corporation, excluding cash and cash equivalents but including assets purchased with borrowed funds. For services rendered under this Agreement, the Base Management Fee shall be payable quarterly in arrears. The Base Management Fee shall be calculated based on the average carrying value of the gross assets of the Corporation at the end of the two most recently completed calendar quarters. Such amount shall be appropriately adjusted (based on the actual number of days elapsed relative to the total number of days in such calendar quarter) for any share issuances or repurchases during a calendar quarter. The Base Management Fee for any partial month or quarter shall be appropriately pro-rated (based on the number of days actually elapsed at the end of such partial month or quarter relative to the total number of days in such month or quarter). For purposes of this Agreement, cash equivalents shall mean U.S. government securities and commercial paper instruments maturing within 270 days of the date of purchase of such instrument by the Corporation. Notwithstanding anything herein to the contrary, to the extent that the Adviser or an affiliate of the Adviser provides investment advisory, collateral management or other similar services to a subsidiary of the Corporation, the Base Management Fee shall be reduced by an amount equal to the product of (a) the total fees paid to the Adviser by such subsidiary for such services and (b) the percentage of such subsidiary’s total equity that is owned, directly or indirectly, by the Corporation.

(b) The Incentive Fee, which is subject to the Incentive Fee Cap and Deferral Mechanism (as defined under Section 3(c) below), shall consist of two parts, as follows:

(i) One part will be calculated and payable quarterly in arrears based on the Pre-Incentive Fee Net Investment Income for the immediately preceding calendar quarter, subject to the Incentive Fee Cap and Deferral Mechanism. For this purpose, Pre-Incentive Fee Net Investment Income means interest income, distribution income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that the Corporation receives from portfolio companies) accrued during the calendar quarter, minus the Corporation’s operating expenses for the quarter (including the Base Management Fee, expenses payable under the Administration Agreement and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee). Pre-Incentive Fee Net Investment Income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments payment-in-kind interest and zero coupon securities), accrued income that the Corporation has not yet received in cash. Pre-Incentive Fee Net Investment Income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

Pre-Incentive Fee Net Investment Income, expressed as a rate of return on the value of the Corporation's net assets at the end of the immediately preceding calendar quarter, will be compared to a "hurdle rate" of 1.75% per quarter. The Corporation will pay the Adviser an Incentive Fee with respect to the Corporation's Pre-Incentive Fee Net Investment Income in each calendar quarter as follows; (1) no Incentive Fee in any calendar quarter in which the Corporation's Pre-Incentive Fee Net Investment Income does not exceed the hurdle rate; (2) 100% of the Corporation's Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the hurdle rate but is less than 2.1875% in any calendar quarter; and (3) 20% of the amount of the Corporation's Pre-Incentive Fee Net Investment Income, if any, that exceeds 2.1875% in any calendar quarter.

The portion of such Incentive Fee that is attributable to deferred interest (such as payment-in-kind interest or original issue discount) will be paid to the Adviser, together with any other interest accrued on the loan from the date of deferral to the date of payment, only if and to the extent the Corporation actually receives such interest in cash, and any accrual thereof will be reversed if and to the extent such interest is reversed in connection with any write-off or similar treatment of the investment giving rise to any deferred interest accrual.

These calculations will be appropriately pro rated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

- (ii) The second part of the Incentive Fee (the "**Capital Gains Fee**") will be determined and payable in arrears as of the end of each calendar year (or upon termination of this Agreement as set forth below) and will equal 20.0% of the Corporation's cumulative aggregate realized capital gains from April 1, 2013 through the end of that calendar year, computed net of the Corporation's aggregate cumulative realized capital losses and the Corporation's aggregate cumulative unrealized capital depreciation through the end of such year, less the aggregate amount of any previously paid Capital Gains Fees and subject to the Incentive Fee Cap and Deferral Mechanism. In the event that this Agreement shall terminate as of a date that is not a calendar year end, the termination date shall be treated as though it were a calendar year end for purposes of calculating and paying a Capital Gains Fee.

The Corporation shall accrue the Capital Gains Fee if, on a cumulative basis, the sum of net realized gains/(losses) plus net unrealized appreciation/ (depreciation) is positive. The Capital Gains Fee excludes any portion of realized gains/(losses) that are associated with the reversal of any portion of unrealized appreciation/depreciation attributable to periods prior to April 1, 2013.

(c) No Incentive Fee shall be paid to the Adviser for any fiscal quarter if, after such payment, the cumulative incentive fees paid to the Adviser for the period that includes the such quarter and the 11 full preceding fiscal quarters (the “**Incentive Fee Look-back Period**”) would exceed 20.0% of the Corporation’s Cumulative Pre-Incentive Fee Net Return (as defined below) during the Incentive Fee Look-back Period. Each quarterly Incentive Fee is subject to a cap (the “**Incentive Fee Cap**”) and a deferral mechanism through which the Adviser may recoup a portion of such deferred incentive fees (collectively, the “**Incentive Fee Cap and Deferral Mechanism**”). For the avoidance of doubt, the initial Incentive Fee Look-back Period commenced on April 1, 2013. The “**Incentive Fee Cap**” is equal to (a) 20.0% of Cumulative Pre-Incentive Fee Net Return during the Incentive Fee Look-back Period less (b) cumulative incentive fees of any kind paid to the Adviser during the Incentive Fee Look-back Period. To the extent the Incentive Fee Cap is zero or a negative value in any quarter, the Corporation shall pay no Incentive Fee to the Adviser in that quarter. To the extent that the payment of Incentive Fees is limited by the Incentive Fee Cap, the payment of such fees shall be deferred and paid in subsequent quarters up to three years after their date of deferment, subject to applicable limitations included herein. The Corporation shall only pay Incentive Fees to the extent allowed by the Incentive Fee Cap and Deferral Mechanism. “**Cumulative Pre-Incentive Fee Net Return**” during any Incentive Fee Look-back Period means the sum of (a) Pre-Incentive Fee Net Investment Income for each quarter during the Incentive Fee Look-back Period and (b) the sum of cumulative realized capital gains, cumulative realized capital losses, cumulative unrealized capital depreciation and cumulative unrealized capital appreciation during the applicable Incentive Fee Look-back Period.

4. Covenants of the Adviser. The Adviser hereby covenants that it is registered as an investment adviser under the Investment Advisers Act. The Adviser hereby agrees that its activities shall at all times be in compliance in all material respects with all applicable federal and state laws governing its operations and investments.

5. Excess Brokerage Commissions. The Adviser is hereby authorized, to the fullest extent now or hereafter permitted by law, to cause the Corporation to pay a member of a national securities exchange, broker or dealer an amount of commission for effecting a securities transaction in excess of the amount of commission another member of such exchange, broker or dealer would have charged for effecting such transaction if the Adviser determines, in good faith and taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm’s risk and skill in positioning blocks of securities, that the amount of such commission is reasonable in relation to the value of the brokerage and/or research services provided by such member, broker or dealer, viewed in terms of either that particular transaction or its overall responsibilities with respect to the Corporation’s portfolio, and constitutes the best net result for the Corporation.

6. Proxy Voting. The Adviser shall be responsible for voting any proxies solicited by an issuer of securities held by the Corporation in the best interest of the Corporation and in accordance with the Adviser's proxy voting policies and procedures, as any such proxy voting policies and procedures may be amended from time to time. The Corporation has been provided with a copy of the Adviser's proxy voting policies and procedures and has been informed as to how it can obtain further information from the Adviser regarding proxy voting activities undertaken on behalf of the Corporation. The Adviser shall be responsible for reporting the Corporation's proxy voting activities, as required, through periodic filings on Form N-PX.

7. Limitations on the Employment of the Adviser. The services of the Adviser to the Corporation are not, and shall not be, exclusive. The Adviser may engage in any other business or render similar or different services to others including, without limitation, the direct or indirect sponsorship or management of other investment based accounts or commingled pools of capital, however structured, having investment objectives similar to those of the Corporation; provided that its services to the Corporation hereunder are not impaired thereby. Nothing in this Agreement shall limit or restrict the right of any manager, partner, officer or employee of the Adviser to engage in any other business or to devote his or her time and attention in part to any other business, whether of a similar or dissimilar nature, or to receive any fees or compensation in connection therewith (including fees for serving as a director of, or providing consulting services to, one or more of the portfolio companies of the Corporation, subject at all times to applicable law). So long as this Agreement or any extension, renewal or amendment hereof remains in effect, the Adviser shall be the only investment adviser for the Corporation, subject to the Adviser's right to enter into sub-advisory agreements. The Adviser assumes no responsibility under this Agreement other than to render the services called for hereunder. It is understood that directors, officers, employees and stockholders of the Corporation are or may become interested in the Adviser and its affiliates, as directors, officers, employees, partners, stockholders, members, managers or otherwise, and that the Adviser and directors, officers, employees, partners, stockholders, members and managers of the Adviser and its affiliates are or may become similarly interested in the Corporation as stockholders or otherwise.

Subject to any restrictions prescribed by law, by the provisions of the Code of Ethics of the Corporation and the Adviser and by the Adviser's Allocation Policy, the Adviser and its members, officers, employees and agents shall be free from time to time to acquire, possess, manage and dispose of securities or other investment assets for their own accounts, for the accounts of their family members, for the account of any entity in which they have a beneficial interest or for the accounts of others for whom they may provide investment advisory, brokerage or other services (collectively, "**Managed Accounts**"), in transactions that may or may not correspond with transactions effected or positions held by the Corporation or to give advice and take action with respect to Managed Accounts that differs from advice given to, or action taken on behalf of, the Corporation; provided that the Adviser allocates investment opportunities to the Corporation, over a period of time on a fair and equitable basis compared to investment opportunities extended to other Managed Accounts. The Adviser is not, and shall not be, obligated to initiate the purchase or sale for the Corporation of any security that the Adviser and its members, officers, employees or agents may purchase or sell for its or their own accounts or for the account of any other client if, in the opinion of the Adviser, such transaction or investment appears unsuitable or undesirable for the Corporation. Moreover, it is understood that when the Adviser determines that it would be appropriate for the Corporation and one or more Managed Accounts to participate in the same investment opportunity, the Adviser shall seek to execute orders for the Corporation and for such Managed Account(s) on a basis that the Adviser considers to be fair and equitable over time. In such situations, the Adviser may (but is not required to) place orders for the Corporation and each Managed Account simultaneously or on an aggregated basis. If all such orders are not filled at the same price, the Adviser may cause the Corporation and each Managed Account to pay or receive the average of the prices at which the orders were filled for the Corporation and all relevant Managed Accounts on each applicable day. If all such orders cannot be fully executed under prevailing market conditions, the Adviser may allocate the investment opportunities among participating accounts in a manner that the Adviser considers equitable, taking into account, among other things, the size of each account, the size of the order placed for each account and any other factors that the Adviser deems relevant.

8. Responsibility of Dual Directors, Officers and/or Employees. If any person who is a manager, member, partner, officer or employee of the Adviser or the Administrator is or becomes a director, officer and/or employee of the Corporation and acts as such in any business of the Corporation, then such manager, member, partner, officer and/or employee of the Adviser or the Administrator shall be deemed to be acting in such capacity solely for the Corporation and not as a manager, member, partner, officer and/or employee of the Adviser or the Administrator or under the control or direction of the Adviser or the Administrator, even if paid by the Adviser or the Administrator.

9. Limitation of Liability of the Adviser: Indemnification. The Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including its managing member and the Administrator) shall not be liable to the Corporation for any action taken or omitted to be taken by the Adviser in connection with the performance of any of its duties or obligations under this Agreement or otherwise as an investment adviser of the Corporation, except to the extent specified in Section 36(b) of the Investment Company Act concerning loss resulting from a breach of fiduciary duty (as the same is finally determined by judicial proceedings) with respect to the receipt of compensation for services, and the Corporation shall indemnify, defend and protect the Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its managing member and the Administrator, each of whom shall be deemed a third party beneficiary hereof) (collectively, the “**Indemnified Parties**”) and hold them harmless from and against all damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) incurred by the Indemnified Parties in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of the Corporation or its security holders) arising out of or otherwise based upon the performance of any of the Adviser’s duties or obligations under this Agreement or otherwise as an investment adviser of the Corporation. Notwithstanding the preceding sentence of this Section 9 to the contrary, nothing contained herein shall protect or be deemed to protect the Indemnified Parties against or entitle or be deemed to entitle the Indemnified Parties to indemnification in respect of, any liability to the Corporation or its security holders to which the Indemnified Parties would otherwise be subject by reason of willful misfeasance, bad faith or gross negligence in the performance of the Adviser’s duties or by reason of the reckless disregard of the Adviser’s duties and obligations under this Agreement (as the same shall be determined in accordance with the Investment Company Act and any interpretations or guidance by the Securities and Exchange Commission or its staff thereunder).

10. Effectiveness, Duration and Termination of Agreement. This Agreement shall become effective as of the first date above written. This Agreement shall continue automatically for successive annual periods, provided that such continuance is specifically approved at least annually by (a) the vote of the Corporation's Board of Directors, or by the vote of a majority of the outstanding voting securities of the Corporation and (b) the vote of a majority of the Corporation's Directors who are not parties to this Agreement or "interested persons" (as such term is defined in Section 2(a)(19) of the Investment Company Act) of any such party, in accordance with the requirements of the Investment Company Act.

This Agreement may be terminated at any time, without the payment of any penalty, upon not less than 60 days' written notice, by the vote of a majority of the outstanding voting securities of the Corporation, or by the vote of the Corporation's Directors or by the Adviser.

This Agreement shall automatically terminate in the event of its "assignment" (as such term is defined for purposes of Section 15(a)(4) of the Investment Company Act). The provisions of Section 9 of this Agreement shall remain in full force and effect, and the Adviser shall remain entitled to the benefits thereof, notwithstanding any termination of this Agreement.
