Item 8.01 Other Events.

Worldpay UK Limited (“Worldpay UK”), a subsidiary of Worldpay, Inc. (“Worldpay”), and The Royal Bank of Scotland (“RBS”) have agreed to end their referral arrangement during 2019. Under the arrangement, RBS exclusively refers potential clients to Worldpay UK, and Worldpay UK sells Worldpay-branded merchant acquiring and related services to these referred clients. Following the conclusion of the arrangement, Worldpay UK will continue to own the merchant acquiring relationships for its existing portfolio of clients that were previously referred by RBS.

Worldpay expects this agreement to have an immaterial impact on its operational and financial results. Worldpay operates multiple direct and referral-based distribution channels within the United Kingdom (“U.K.”) as well as globally. During 2017, RBS provided referrals that generated approximately \$4.8 million in annualized net revenue from new sales or approximately 0.1% of Worldpay’s annualized total company net revenue.

Worldpay expects its previously provided 2018 net revenue guidance to be unaffected by this announcement and for the impact on future revenue expectations to be similarly immaterial.
