Overview

CSSE is a growing media company building online video on-demand (“VOD”) networks that provide positive and entertaining video content for all screens. We also curate, produce and distribute long- and short-form video content that brings out the best of the human spirit, and distribute the online content of our affiliate, A Plus. We are aggressively growing our business through a combination of organic growth, licensing and distribution arrangements, acquisitions and strategic relationships. We are also expanding our partnerships with sponsors, television networks and independent producers. Our subsidiary, Screen Media, is a leading global independent television and film distribution company, which owns one of the largest independently owned television and film libraries. We also own Popcornflix[®], a popular online advertiser-supported VOD (“AVOD”) network, Pivotshare, a subscription-based VOD network, Truli.com, a faith-based AVOD network, and four additional AVOD networks, which collectively have rights to exhibit tens of thousands of hours of movies and television episodes.

We have an exclusive, perpetual and worldwide license agreement (“CSS License Agreement”) with our intermediate parent, CSS, a publishing and consumer products company, to create and distribute video content under the *Chicken Soup for the Soul*[®] brand (the “Brand”).

We operate in three areas:

- **Online Networks.** In this segment, we distribute and exhibit VOD and AVOD content directly to consumers across all media platforms, such as smartphones, tablets, gaming consoles and the web through our Popcornflix[®], A Plus, Pivotshare, and Truli networks. Popcornflix[®] had 15 million active users in 2017.
- **Television and Film Distribution.** In this segment, we distribute movies and television series worldwide to consumers through license agreements across all media, including theatrical, home video, pay-per-view, free, cable and pay television, VOD and new digital media platforms worldwide. We own the copyright or long-term distribution rights to more than 1,200 television series and feature films.
- **Television and Short-Form Video Production.** In this segment, we partner with highly regarded independent producers to develop and produce our video content, including Brand-related content.

Since our inception in January 2015, our business has grown rapidly. For the full year 2017, our audited net revenue was \$10.7 million, as compared to 2016 audited net revenue for the full year of \$8.1 million. For the nine months ended September 30, 2018, our net revenue was \$15.1 million, as compared to net revenue for the nine months ended September 30, 2017 of \$2.3 million. These increases were primarily due to the acquisition of Screen Media in November 2017 and the growth of our online networks and television and short-form video production business. We had audited net income of \$22.8 million for the full year 2017, as compared to a full year audited net income of \$0.8 million in 2016. The full year 2017 included a gain on bargain purchase of \$24.3 million and acquisition-related expenses of \$2.2 million relating to the acquisition of Screen Media, as discussed in the 2017 10-K under the section entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Recent Developments—Acquisition of Screen Media.*”

For the nine months ended September 30, 2018, our net loss available to common stockholders (after preferred stock dividends of \$0.4 million) was \$2.1 million, as compared to a net loss for the nine months ended September 30, 2017 of \$1.4 million.

Our 2017 unaudited Adjusted EBITDA was \$4.0 million for the full year, as compared to full year 2016 unaudited Adjusted EBITDA of \$3.8 million. For the nine months ended September 30, 2018, our unaudited Adjusted EBITDA was \$5.2 million, as compared to unaudited Adjusted EBITDA for the nine months ended September 30, 2017 of \$0.5 million. Adjusted EBITDA is defined in the section titled “—Reconciliation of GAAP Net Income as Reported to Adjusted EBITDA”.

To date we have reported the vast majority of our revenue and net income in the fourth quarter of each year. We have begun to sign some sponsorship contracts for 2018 and subsequent years, and are beginning production of some series, earlier in the year than in recent years. This has resulted in more balanced revenue across the third quarter of 2018, and should continue to result in more balanced revenue across the fourth quarter of 2018 and subsequent years. Additionally, revenue from both our online networks and television and film distribution business areas are more evenly spaced throughout the year, which should result in more balanced revenue, net income and Adjusted EBITDA going forward across all quarters of each year. While the operating results in these areas are expected to be more evenly distributed over fiscal quarters, the fourth quarter is generally the strongest quarter and the second quarter is generally the weakest quarter.

Business Strategy

Our vision is to use our solid core of traditional media production and distribution assets to build a powerful portfolio of online VOD networks and assets. Our production and distribution businesses generate current revenue and Adjusted EBITDA to fund our rapidly growing online networks. We will build and acquire assets such as content libraries, digital publishers with content related to our own, and stand-alone VOD networks.

One of our fundamental objectives is to continue to grow our VOD networks to create a “network of networks” as we continue to increase our content offerings to critical mass. Our strategy is to build our library of video content through a combination of Chicken Soup for the Soul original video content and opportunistic acquisitions of third-party video content libraries, such as our transformative acquisition of Screen Media, or other rights to video content as distressed networks seek to monetize their content libraries. We now own exhibition or distribution rights to over 34,000 hours of programming across our various platforms.

Online Networks

Our acquisition of Screen Media accelerated our entry into the direct-to-consumer VOD market through Popcornflix[®]. Popcornflix[®] has an extensive footprint with apps that have been downloaded by more than 25 million smartphones and other devices using iOS, Android and other operating systems. Popcornflix[®] had 15 million active users in 2018.

Popcornflix[®] is one of the largest AVOD services. Under the Popcornflix[®] brand, we operate a series of direct-to consumer advertising supported channels. On Popcornflix[®], we have the rights to exhibit more than 3,000 films and approximately 60 television series comprised of approximately 1,500 episodes, with new content added regularly. As a “free-to-consumer” digital streaming channel, Popcornflix[®] is an extremely popular online video platform that can be found on the web, iPhones and iPads, Android products, Roku, Xbox, Amazon Fire, Apple TV, Chromecast and Samsung and Panasonic Internet-connected televisions, among others. Popcornflix[®] is currently available in 56 countries and territories, including the United States, United Kingdom, Canada, Australia, the Scandinavian countries, Germany, France, Hong Kong and Singapore, with additional countries and territories to be added.

While Popcomflix[®] is currently an advertiser-supported VOD network, we expect to expand in subscription-based VOD networks.

Our entry into subscription-based VOD was recently initiated by our acquisition of the Pivotshare VOD network in August 2018. Pivotshare is comprised of a series of subscription-based VOD channels with 28,000 hours of programming. The network generates approximately \$2.5 million in gross billings and has approximately 25,000 paid subscriptions with average monthly billings of \$9 per subscription.

In addition to Popcomflix[®] and Pivotshare, we derive online networks revenue from our exclusive distribution relationship with A Plus, our affiliate, which develops and distributes high-quality, empathetic short-form videos and articles to millions of people worldwide. Our distribution relationship with A Plus allows us to accelerate the growth of our video library by providing us with content developed and distributed by A Plus that is complementary to the Brand.

In October 2018, we completed the acquisition of the assets of Truli Media Corp., a global family-friendly and faith-based online video channel (“Truli”). The Truli content library includes 2,500 hours of programming and brings us an additional 630,000 Facebook fans. Truli’s content fits strategically in our plans and includes film, television, music videos, sports, comedy and educational material. With the completion of the acquisition, Truli becomes our seventh advertiser-supported VOD channel.

In December 2018, we acquired all of the outstanding capital stock of A Plus, an affiliate of ours. Prior to the acquisition, A Plus was majority owned by an affiliate of CSS and, pursuant to a Distribution Agreement, we had the exclusive worldwide rights to distribute all video content (in any and all formants) and all editorial content (including articles, photos and still images) created, produced, edited or delivered by A Plus, and we received a net distribution fee equal to 40% of gross revenue generated by the distribution of the A Plus video content. As a result of the acquisition, the Distribution Agreement was terminated, resulting in our retention of 100% of the revenues generated by A Plus going forward, along with projected cost savings of over \$5 million for our company in 2019.

Television and Film Distribution

We distribute television series and films worldwide through Screen Media. We own the copyright or long-term distribution rights to approximately 3,500 hours of television series and feature films, representing one of the largest independently owned libraries of filmed entertainment in the world. We distribute our television series and films through direct relationships across all media, including theatrical, home video, pay-per-view, free, cable and pay television, VOD and emerging digital media platforms worldwide.

Screen Media’s distribution capabilities across all media will allow us to distribute our produced television series directly and eliminate the distribution fees (as much as 30% of revenue) that we currently pay to third parties for distribution of the rights we retain when we produce series with our sponsors. We believe that the cost savings from Screen Media’s distribution capabilities will enhance our revenue and profits from our produced television series.

We have distribution licensing agreements with numerous VOD services across all major platforms, such as cable and satellite VOD and Internet VOD, which includes TVOD for rentals or purchases of films, AVOD for free-to-viewer streaming of films supported by advertisements and SVOD for unlimited access to films for a monthly fee.

Our cable and satellite VOD distribution agreements include those with DirecTV, Cablevision (Altice USA), Verizon and In Demand (owned by Comcast, Charter and Time Warner Cable). Our Internet VOD distribution agreements include those with Amazon, iTunes, Samsung, YouTube, Hulu, Xbox, Netflix, Sony and Vudu, among others.

We are rapidly expanding international distribution of our content through agreements with iTunes, Sony PlayStation and Xbox, among others. Under these agreements, our titles are available on iTunes, Sony PlayStation and Xbox in the United Kingdom, Australia, France, Germany, Italy and Hong Kong, with additional territories added regularly.

Television and Short-Form Video Production

We utilize the *Chicken Soup for the Soul* brand, together with our management's industry experience and expertise, to generate revenue through the production and distribution of video content. We partner with sponsors and use highly-regarded independent producers to develop and produce video content. Using this approach provides us with access to a diverse pool of creative ideas for new video content projects and allows us to scale our business on a variable cost basis. We currently have producer agreements or arrangements in place with a number of these producers, including Litton Entertainment (a Hearst company). We anticipate entering into relationships with additional independent producers.

We seek committed funding from corporate and foundation sponsors covering more than the production costs prior to moving forward with a project. Since we seek to secure both the committed funding and production capabilities for our video content prior to moving forward with a project, we have high visibility into the profitability of a particular project before committing to proceed with such project. In addition, we take limited financial risk on developing our projects.

Corporate and foundation sponsors with which we work include HomeAway, Hilton Grand Vacations, American Humane, BISSELL Homecare, Inc., the Boniuk Foundation, Michelson Found Animals Foundation and the Morgridge Family Foundation, and we are currently in discussions with numerous others. We endeavor to retain meaningful back-end rights to our video content in these relationships, which provides opportunities for improved profitability and enhances our library value.

Our long-form video content consists of 30- to 60-minute episodic programs typically distributed initially on traditional television or cable networks. Our current long-form video content projects include:

- ***Chicken Soup for the Soul's Hidden Heroes ("Hidden Heroes")***. The multi-award winning *Hidden Heroes* is hosted by Brooke Burke and recently completed its third season on The CW Network. The Boniuk Foundation has agreed to sponsor a fourth season of *Hidden Heroes*. A segment of *Hidden Heroes* can be seen at <https://cssentertainment.com/hiddenheroes>.
- ***Being Dad, a Chicken Soup for the Soul Original Series ("Being Dad")***. This series is an intimate, revealing and entertaining portrait of nine men who are tackling one of the most important roles in the world: fatherhood. The episodes are about the lives of dads who are facing challenges that are simultaneously unique and universal. For example, a farmer teaches his teenage daughter to drive; a single dad re-enters the dating scene; a touring rock musician takes his family with him on the road; an over-protective dad struggles with his autistic daughter's growing independence; and gay dads deal with the emotional complexities of adoption. The fathers are different ages, races, and religions, but they are all bound by the singular belief that raising their children is life's greatest gift.
- ***Vacation Rental Potential***. This new television show gives viewers the information and inspiration needed to realize their dreams of using real estate entrepreneurship to obtain financial success. Hosted by Holly Baker, *Vacation Rental Potential* offers insight on how to make the dream of vacation homeownership possible. The show premiered on A&E Network in December 2017. In April 2018, *Vacation Rental Potential* was renewed for a second season by HomeAway.

Our short-form video content, including our branded short-form video content known as *Sips*, is receiving increased focus from our advertisers and sponsors. Such short-form video content is typically exhibited through online video content distribution and social media platforms, such as YouTube, Facebook, Yahoo, Dibly, Gateway Media, SheKnows, Rumble and Liquid Social among others, as well as on the social media channels of *Chicken Soup for the Soul* and our sponsors. A Plus is adding more short-form video content, and we are focusing on acquisitions in this space. Increasing revenue from short-form video will make our business less lumpy and assist in reducing the relative size of fourth quarter revenue compared to other quarters.

Competition

Video content production and distribution direct to consumers are highly competitive businesses. We face competition from companies within the entertainment business and from alternative forms of leisure entertainment, such as travel, sporting events, outdoor recreation, video games, the internet and other cultural and computer-related activities. We compete with the major studios, numerous independent motion picture and television production companies, television networks, pay television systems and online media platforms for the services of performing artists, producers and other creative and technical personnel, and production financing, all of which are essential to the success of our businesses.

In addition, our video content competes for media outlet and audience acceptance with video content produced and distributed by other companies. As a result, the success of any of our video content is dependent not only on the quality and acceptance of a particular production, but also on the quality and acceptance of other competing video content available in the marketplace at or near the same time.

Given such competition, and our stage of development, we intend to initially emphasize a lower cost structure, risk mitigation, reliance on financial partnerships and innovative financial strategies. Our cost structures are designed to utilize our flexibility and agility as well as the entrepreneurial spirit of our employees, partners and affiliates, in order to provide creative, desirable video content.

Intellectual Property

Under the CSS License Agreement, we have been granted the perpetual, exclusive, worldwide license by CSS to produce and distribute video content using the Brand and related content, such as stories published in the *Chicken Soup for the Soul* books. *Chicken Soup for the Soul* and related names are trademarks owned by CSS. We have the proprietary rights (including copyrights) in all our *Sips* and content that we produce. With the acquisition of Screen Media, we now own copyrights or global long-term distribution rights to Screen Media film library as well as Screen Media's AVOD application Popcornflix®.

We rely on a combination of confidentiality procedures, contractual provisions and other similar measures to protect our proprietary information and intellectual property rights.

Employees

As of September 30, 2018, we had 33 direct employees. The services of certain personnel, including our chairman and chief executive officer, vice chairman and chief strategy officer, our senior brand advisor, and chief financial officer, are provided to us under the CSS Management Agreement and are not included as direct employees of the Company. We also utilize many consultants in the ordinary course of our business and hire additional personnel on a project-by-project basis. We believe that our employee and labor relations are good, and we are committed to inclusion and strict policies and procedures to maintain a safe work environment.

Corporate Information

We are a Delaware corporation formed on May 4, 2016. CSS Productions, our predecessor and immediate parent company, was formed in December 2014 by CSS, and initiated operations in January 2015. We were formed to create a discrete entity focused on video content opportunities using the Brand. In May 2016, pursuant to the terms of the contribution agreement among CSS, CSS Productions and the Company (the "CSS Contribution Agreement"), all video content assets (the "Subject Assets") owned by CSS, CSS Productions and their CSS subsidiaries were transferred to the Company in consideration for its issuance to CSS Productions of 8,600,568 shares of the Company's Class B Common Stock. Since the date of the CSS Contribution Agreement, CSS Productions has transferred certain of these shares of Class B Common Stock to third parties and certain of these shares of Class B Common Stock have been converted into Class A Common Stock at the election of the holders thereof. Concurrently with the consummation of the CSS Contribution Agreement, certain rights to receive payments under certain agreements comprising part of the Subject Assets owned by Trema, LLC ("Trema"), a company principally owned and controlled by William J. Rouhana, Jr., the Company's chairman and chief executive officer, were assigned to the Company under a contribution agreement (the "Trema Contribution Agreement") in consideration for the Company's issuance to Trema of 159,432 shares of our Class B Common Stock. Thereafter, CSS Productions' operating activities ceased, and the Company continued the business operations of producing and distributing the video content.

Implications of Being an Emerging Growth Company

We are an “emerging growth company,” as defined in the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). As long as we are an emerging growth company, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies. These include, but are not limited to:

- Not being required to comply with the auditor attestation requirements in the assessment of our internal control over financial reporting;
- Not being required to comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditors’ report providing additional information about the audit and the financial statements;
- Reduced disclosure obligations regarding executive compensation; and
- Exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

We may remain an “emerging growth company” until as late as December 31, 2022, the fiscal year-end following the fifth anniversary of the completion of our initial public offering, though we may cease to be an emerging growth company earlier under certain circumstances, including if (a) we have more than \$1 billion in annual gross revenue in any fiscal year, (b) the market value of our common stock that is held by non-affiliates exceeds \$700 million as of any June 30 or (c) we issue more than \$1 billion of non-convertible debt over a three-year period.

Reconciliation of GAAP Net Income as Reported to Adjusted EBITDA:

In addition to the results reported in accordance with generally accepted accounting principles (“GAAP”), we use a financial measure, which is not recognized under GAAP, as a supplemental indicator of our operating performance. This non-GAAP financial measure is provided to enhance the reader’s understanding of our historical and current financial performance. Management believes that this measure provides useful information in that it excludes amounts that are not indicative of our core operating results and ongoing operations and provides a more consistent basis for comparison between periods. The non-GAAP financial measure that we currently use is Adjusted EBITDA which is defined as follows:

“Adjusted EBITDA” means earnings before interest, taxes, depreciation, amortization, acquisition-related costs, consulting fees related to the acquisition of Screen Media, and non-cash share-based compensation expense, and adjustments for other identified charges, such as costs incurred to form our company and to prepare for the offering of our Class A Common Stock to the public, prior to our initial public offering (“IPO”). Adjusted EBITDA does not include the gain on bargain purchase of Screen Media. Identified charges also include the cost of maintaining a board of directors prior to being a publicly traded company. As our IPO has been completed, director fees are deducted from Adjusted EBITDA. Adjusted EBITDA is not an earnings measure recognized by GAAP and does not have a standardized meaning prescribed by GAAP; accordingly, Adjusted EBITDA may not be comparable to similar measures presented by other companies. We believe Adjusted EBITDA to be a meaningful indicator of our performance that provides useful information to investors regarding our financial condition and results of operations. The most comparable GAAP measure is operating income.

A reconciliation of net (loss) income to Adjusted EBITDA for the nine months ended September 30, 2018 and 2017, and for the years ended December 31, 2017 and 2016 is as follows:

	Nine Months Ended September 30,		Year Ended December 31,

RISK FACTORS

Any investment in our securities involves a high degree of risk. Potential investors are urged to read and consider the risks and uncertainties relating to an investment in our company set forth below and those set forth in or incorporated by reference into this prospectus, including those set forth in our most recent annual report on Form 10-K, and those set forth in our quarterly reports on Form 10-Q for the fiscal quarters commencing after the end of the fiscal year covered by such annual report, and those set forth in our Registration Statement on Form S-1 declared effective on June 26, 2018 (File No. 333-225603) and in our Registration Statement on Form S-3 declared effective on October 19, 2018 (File No. 333-227596) and the prospectus supplement thereto. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business and results of operations. If any of these risks actually occur, our business, financial condition or results of operations could be seriously harmed. In that event, the market price for our Class A Common Stock and Series A Preferred Stock could decline and you may lose all or part of your investment.

Only a limited market exists for our Class A Common Stock and Series A Preferred Stock, which could lead to price volatility.

Our Class A Common Stock and Series A Preferred Stock trade on the Nasdaq Global Market under the symbols “CSSE” and “CSSEP”, respectively. However, trading volumes for our Class A Common Stock and Series A Preferred Stock have historically been low. The limited trading market for our Class A Common Stock and Series A Preferred Stock may cause fluctuations in the market value of our stock to be exaggerated, leading to price volatility in excess of that which would occur in a more active trading market for our stock.

Sales of substantial amounts of our Class A Common Stock or Series A Preferred Stock by the selling stockholders, or the perception that these sales could occur, could adversely affect the price of our Class A Common Stock or Series A Preferred Stock, respectively.

All of the shares of Class A Common Stock and Series A Preferred Stock registered hereunder are subject to lock-up agreements, and may not be sold until November 22, 2019, with respect to 50% of such shares, and February 22, 2020, with respect to the remaining shares. Furthermore, the Escrowed Common Stock and Escrowed Preferred Stock may not be sold until such shares are released from escrow under the terms of their respective escrow agreements. See “*Prospectus Summary – Background of the Offering*” beginning on page 8 of this prospectus for additional information.

Nevertheless, the sale by the selling stockholders of a significant number of shares of Class A Common Stock, or the perception in the public markets that the selling stockholders may sell all or a portion of their Class A Common Stock as a result of the registration of such shares hereunder, could have a material adverse effect on the market price of our Class A Common Stock. Similarly, the sale by the selling stockholders of a significant number of shares of Series A Preferred Stock, or the perception in the public markets that the selling stockholders may sell all or a portion of their Series A Preferred Stock as a result of the registration of such shares hereunder, could have a material adverse effect on the market price of our Series A Preferred Stock.

The forward-looking statements contained in this prospectus and in the documents incorporated by reference in this prospectus are based on current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments will be those that have been anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors incorporated by reference or described in “*Risk Factors*.” Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We do not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

PLAN OF DISTRIBUTION

Subject to the lock-up and escrow agreements described in "*Prospectus Summary – Background of the Offering*" beginning on page 8 of this prospectus, the selling stockholders may, from time to time, sell, transfer, or otherwise dispose of any or all of their shares or interests in such shares of Class A Common Stock and/or Series A Preferred Stock on any stock exchange, market, or trading facility on which the shares are traded or in private transactions. The selling stockholders may offer their shares of Class A Common Stock and/or Series A Preferred Stock at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling stockholders may use any one or more of the following methods when disposing of the shares or interests therein:

- any national securities exchange or quotation service on which the shares may be listed or quoted at the time of sale;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- in the over the counter market;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution or other future transaction exchange-related transaction in accordance with the rules of the applicable exchange or exchange-related transaction;
- privately negotiated transactions;
- short sales;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the pledged shares, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer the shares in other circumstances, in which case the pledgees, assignees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus; provided, however, that prior to any such transfer the following information (or such other information as may be required by the federal securities laws from time to time) with respect to each such selling beneficial owner must be added to the prospectus by way of a prospectus supplement or post-effective amendment, as appropriate: (1) the name of the beneficial owner; (2) any material relationship the beneficial owner has had within the past three years with us or any of our predecessors or affiliates; (3) the amount of shares owned by the beneficial owner before the offering; (4) the amount to be offered for the beneficial owner's account; and (5) the amount and (if one percent or more) the percentage of shares to be owned by the beneficial owner after the offering is complete.

In connection with the sale of our shares or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the shares in the course of hedging the positions they assume. The selling stockholders may also sell shares short and deliver these shares to close out their short positions, or loan or pledge shares to broker-dealers that in turn may sell these shares. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholders from the sale of the shares offered by them will be the purchase price of the shares less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of shares to be made directly or through agents. We will not receive any of the proceeds from the sale of shares offered by this prospectus.

The selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act of 1933, provided that they meet the criteria and conform to the requirements of that rule.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of the shares or interests therein may be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the shares to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the Registration Statement.

In order to comply with the securities laws of some states, if applicable, the shares may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, the shares may not be sold unless they have been registered or qualified for sale under the applicable state securities laws, or an exemption from registration or qualification requirements is available and is complied with, or registration or qualification is otherwise not required.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.
