DENTSPLY SIRONA Inc. (the “Company” or “Dentsply Sirona”) is unable to file its Annual Report on Form 10-K for the year ended December 31, 2018 (the “Form 10-K”) within the prescribed time period without unreasonable effort or expense.

This is due to the Company’s management needing additional time to review the accounting results and related internal controls of an immaterial business which is being shut down. In connection with the decision to discontinue the business’s operations, the Company identified certain accounting irregularities, which the Company believes are immaterial to its results of operations and for which the Company has taken remedial action. Net sales related to this business were less than 1% of the Company’s consolidated net sales for 2018. The Company requires additional time to complete its review but still expects to file the Form 10-K within the time period prescribed in Rule 12b-25 promulgated under the Securities Exchange Act of 1934.

Annex A (pursuant to Part IV, Question 3)

The Company announced in a preliminary earnings release its financial results for the fourth quarter and fiscal year ended December 31, 2018.

Reported net sales of \$1,059.7 million declined 2.9% compared to \$1,091.0 million in the fourth quarter of 2017, and declined 0.1% on an internal sales growth basis. Revenues saw solid increases in Europe, up 4.6% (+8.7% on an internal sales growth basis), and in the Rest of World, up 1.4% (+7.1% on an internal sales growth basis). This was partially offset by declines in the U.S., down 14.7% (-15.9% on an internal sales growth basis), driven by expected high levels of dealer destocking during the quarter.

Net income attributable to Dentsply Sirona for the fourth quarter of 2018 was \$1.8 million, or \$0.01 per diluted share, compared to a net loss of \$650.4 million, or \$2.85 per diluted share, in the fourth quarter of 2017. On an adjusted basis, excluding certain items, non-US GAAP net earnings per diluted share were \$0.58 compared to \$0.82 in the fourth quarter of 2017.

Fourth quarter Consumable revenues increased by 3.4% and increased by 5.4% on an internal sales growth basis. Consumable segment revenue growth benefited from a recovery in shipment levels at our European distribution center in Venlo, the Netherlands.

Technology & Equipment revenues declined by 7.4% in the fourth quarter of 2018, down 4.1% on an internal sales growth basis. Fourth quarter Technology & Equipment revenues were impacted by \$31 million of inventory destocking, as compared to inventory stocking of \$21 million in the fourth quarter of 2017. Excluding inventory stocking and destocking in both quarters, Technology & Equipment fourth quarter internal revenues would have increased as compared to the fourth quarter of the prior year.

Reported net sales of \$3,986.3 million as compared to \$3,993.4 million in 2017 and declined 1.8% on an internal sales growth basis. 2018 sales were negatively impacted, based on the Company's estimate, by approximately \$100 million due to inventory destocking at our dealer partners. In 2017, sales benefited from \$28 million of inventory build in the channel.

Net loss attributable to Dentsply Sirona for 2018 was \$1,011.0 million, or a loss of \$4.51 per share, compared to a net loss of \$1,550.0 million, or \$6.76 per diluted share in 2017. On an adjusted basis, excluding certain items, non-US GAAP earnings per diluted share in 2018 were \$2.01 compared to \$2.66 in 2017.

The Company believes that the results contained herein are materially correct; however, because management's review is ongoing, there can be no assurance that the financial and accounting information referred to in this filing will not change upon completion of the audit and filing of the Company's 10-K.
