

**TIME IS SHORT AND YOUR VOTE IS IMPORTANT
PLEASE VOTE YOUR PROXY TODAY**

March 4, 2019

Dear EDGE Stockholder:

The Special Meeting of Stockholders of Edge Therapeutics, Inc. (“**EDGE**”) scheduled for March 14, 2019 is rapidly approaching. According to our latest records, we have not received your vote for this important meeting. **Your vote is extremely important no matter how many shares you hold.**

As previously indicated, EDGE stockholders are being asked to vote on (i) a proposal to approve the issuance of EDGE common stock in connection with the merger, (ii) a proposal to approve a reverse split of EDGE common stock, and (iii) a proposal to approve the amended and restated 2014 EDGE equity incentive plan.

EDGE Reiterates its Support for, and Recommendation that Stockholders Vote in Favor of, the Share Issuance, the Reverse Split and the Equity Incentive Plan Proposals

EDGE Stockholders Will Have a Significant Opportunity To Participate in Potential Growth

The merger with PDS Biotechnology Corporation (“**PDS**”) will provide existing EDGE stockholders a significant opportunity to participate in the potential growth of the combined company following the merger. We expect that the combined company will be led by an experienced senior management team and a board of directors with representation from each of the current boards of directors of EDGE and PDS.

The EDGE Board Conducted a Thorough and Exhaustive Process

In the course of its evaluation of the merger and the merger agreement among EDGE, Echos Merger Sub, Inc. and PDS, the EDGE Board of Directors (the “**EDGE Board**”) evaluated over 140 potential merger partners, consulted with EDGE’s executive management, legal counsel and financial advisors, and reviewed and assessed a significant amount of information in reaching its decision to approve the transactions contemplated by the merger agreement.

The EDGE Board Considered a Number of Factors

Such factors included PDS’s proprietary platform, as well as its immunotherapies pipeline, which includes clinical stage candidates that hold the potential to address sizeable market opportunities, and may provide new medical benefits for patients and returns for investors

After considering the comprehensive diligence review that EDGE management had completed of other prospective transaction partners, the EDGE Board concluded that the merger with PDS would create a publicly traded company focused on advancing its proprietary platform, with its applicability in several cancer markets, as well as its product pipeline, which includes clinical stage candidates that hold the potential to address potential sizeable unmet market opportunities.

YOUR VOTE IS IMPORTANT

The reverse stock split proposal will not be approved unless holders of a majority of the outstanding shares of common stock vote "FOR" the proposal. If you fail to vote on the reverse split proposal, the effect will be the same as a vote against the proposal. **The EDGE Board unanimously recommends that EDGE stockholders vote FOR each of the above proposals.**
