

The following is an excerpt from a press release, dated February 21, 2019, providing an overview of Edge Therapeutic Inc.'s financial results for the full-year ended December 31, 2018.

Pending Merger with PDS Biotechnology

In November 2018, Edge and PDS Biotechnology Corporation, a privately-held, clinical-stage cancer immunotherapy company, announced that their respective boards of directors had approved a definitive merger agreement. The merger is expected to create a combined company with a growing pipeline of next generation cancer immunotherapies based on the proprietary, multi-functional Versamune[®] technology platform. The merger is expected to close in the first quarter of 2019, subject to the approval of the stockholders of Edge, as well as other customary closing conditions.

Edge has scheduled a special stockholders meeting on March 14, 2019 for Edge stockholders to vote on the merger and related matters. For details on the proposed merger and the other matters to be considered at the special stockholder meeting, please see the Registration Statement on Form S-4 that was filed with the Securities Exchange Commission (SEC) on January 25, 2019.
