**PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
To Be Held On Tuesday, May 14, 2019 at 9:00 am Eastern Time**

GENERAL INFORMATION

When are this proxy statement and the accompanying material scheduled to be sent to stockholders?

This proxy statement and accompanying proxy card or, for shares held in street name (held for your account by a broker or other nominee), voting instruction form, are scheduled to be sent to stockholders beginning on April 8, 2019.

Who is soliciting my vote?

The Board of Directors of the Company is soliciting your vote for the 2019 Annual Meeting of Stockholders.

When is the record date for the Annual Meeting?

The Company's Board of Directors has fixed the record date for the Annual Meeting as of the close of business on March 21, 2019 (the "Record Date").

How many votes can be cast by all stockholders?

A total of 73,876,939 shares of common stock of the Company were outstanding on March 21, 2019 and are entitled to be voted at the Annual Meeting. Each share of common stock is entitled to one vote on each matter.

How do I vote?

If you are a stockholder of record and your shares are registered directly in your name, you may vote:

- **By Internet.** Access the website at www.proxyvote.com and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted, or your internet vote cannot be completed and you will receive an error message.
- **By Telephone.** Call 1-800-690-6903 toll-free and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted, or your telephone vote cannot be completed.
- **By Mail.** Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope to Vote Processing, c/o Broadridge. Your proxy will be voted in accordance with your instructions. If you sign and return the enclosed proxy but do not specify how you want your shares voted, they will be voted FOR the election as directors of the nominees named herein to the Company's Board of Directors, FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019, FOR approval of the advisory vote on the compensation of our named executive officers, and will be voted according to the discretion of the proxy holder named in the proxy card upon any other business that may properly be brought before the Annual Meeting and at all adjournments and postponements thereof.
- **In Person at the Annual Meeting.** If you attend the Annual Meeting, be sure to bring a form of personal photo identification with you, and you may deliver your completed proxy card in person, or you may vote by completing a ballot, which will be available at the Annual Meeting.

If your shares of common stock are held in street name (held for your account by a broker or other nominee):

- **By Internet or By Telephone.** You will receive instructions from your broker or other nominee if you are permitted to vote by Internet or telephone.
- **By Mail.** You will receive instructions from your broker or other nominee explaining how to vote your shares.
- **In Person at the Annual Meeting.** If you attend the Annual Meeting, in addition to photo identification, you should both bring an account statement or a letter from the record holder indicating that you owned the shares as of the Record Date, and contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the Annual Meeting.

What are the Board's recommendations on how to vote my shares?

The Board of Directors recommends a vote:

Proposal No. 1: FOR election of each of the two Class I directors

Proposal No. 2: FOR ratification of selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019

Proposal No. 3: FOR approval of the advisory vote on the compensation of our named executive officers

Who pays the cost for soliciting proxies?

Verastem will bear the cost of solicitation of proxies. This includes the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding common stock. Verastem may solicit proxies by mail, personal interview, telephone, or via the Internet through its officers, directors and other management employees, who will receive no additional compensation for their services.

Can I change my vote?

You may revoke your proxy at any time before it is voted by notifying the Secretary of the Company in writing, by returning a signed proxy with a later date, by transmitting a subsequent vote over the Internet or by telephone prior to the close of the Internet voting facility or the telephone voting facility, or by attending the Annual Meeting and voting in person. If your stock is held in street name, you must contact your broker or nominee for instructions as to how to change your vote.

How is a quorum reached?

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and "broker non-votes" (i.e., shares represented at the Annual Meeting held by brokers, bankers or other nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and, with respect to one or more but not all issues, such brokers or nominees do not have discretionary voting power to vote such shares), if any, will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

What vote is required to approve each item?

Proposal No. 1 — Election of Directors: Directors are elected by a plurality of votes cast. Because there is no minimum vote required, abstentions and broker non-votes will have no direct effect on the outcome of this proposal.

Proposal No. 2 — Ratification of Ernst & Young LLP: A majority of votes cast is necessary for ratification of the selection of Ernst & Young LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019. Abstentions will have no direct effect on the outcome of this proposal.

Proposal No. 3 — Advisory Vote on the Compensation of our Named Executive Officers: Because this proposal asks for a non-binding, advisory vote, there is no “required vote” that would constitute approval. We value the opinions expressed by our stockholders in this annual advisory vote, and the Compensation Committee of our Board of Directors, which is responsible for overseeing and administering our executive compensation programs, will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our named executive officers.

If there are insufficient votes to approve these proposals, your proxy may be voted by the persons named in the proxy card to adjourn the Annual Meeting in order to solicit additional proxies in favor of the approval of such proposals. If the Annual Meeting is adjourned or postponed for any purpose, at any subsequent reconvening of the Annual Meeting, your proxy will be voted in the same manner as it would have been voted at the original convening of the Annual Meeting unless you withdraw or revoke your proxy.

Could other matters be decided at the Annual Meeting?

Verastem does not know of any other matters that may be presented for action at the Annual Meeting. Should any other business come before the Annual Meeting, the persons named on the enclosed proxy will have discretionary authority to vote the shares represented by such proxies in accordance with their best judgment. If you hold shares through a broker, bank or other nominee as described above, they will not be able to vote your shares on any other business that comes before the Annual Meeting unless they receive instructions from you with respect to such matter.

What happens if the Annual Meeting is postponed or adjourned?

Your proxy may be voted at the postponed or adjourned Annual Meeting. You will still be able to change your proxy until it is voted.

What does it mean if I receive more than one proxy card or voting instruction form?

It means that you have multiple accounts at the transfer agent or with brokers. Please complete and return all proxy cards or voting instruction forms to ensure that all of your shares are voted.

Who should I call if I have any additional questions?

If you hold your shares directly, please call Sean Flynn, Secretary of the Company, at (781) 292-4200. If your shares are held in street name, please contact the telephone number provided on your voting instruction form or contact your broker or nominee holder directly.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

In accordance with the Company's certificate of incorporation and bylaws, the Board of Directors (the Board) is divided into three classes of approximately equal size. The members of each class are elected to serve a three-year term with the term of office of each class ending in successive years. Michael Kauffman and Eric Rowinsky are the Class I directors whose terms expire at the Annual Meeting. Each of Messrs. Kauffman and Rowinsky has been nominated for and has agreed to stand for re-election to the Board of Directors to serve as a Class I director of the Company until the 2022 annual meeting of stockholders and until his successor is duly elected.

It is intended that, unless you give contrary instructions, shares represented by proxies will be voted for the election of the two nominees listed above as director nominees. Verastem has no reason to believe that any nominee will be unable to serve. In the event that one or more nominees is unexpectedly not available to serve, subject to compliance with applicable state and federal laws, including the filing of an amended proxy statement and proxy card, as applicable, proxies may be voted for another person nominated as a substitute by the Board of Directors, or the Board of Directors may reduce the number of directors to be elected at the Annual Meeting. Information relating to each nominee for election as director and for each continuing director, including his or her period of service as a director of Verastem, principal occupation and other biographical material is shown below.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Director Independence

As required by the listing standards of The Nasdaq Global Market (Nasdaq), the Board of Directors has affirmatively determined, upon the recommendation of the Nominating and Corporate Governance Committee, that each of our directors and nominees for director other than Robert Forrester, our President and Chief Executive Officer, is independent. To make this determination, our Board of Directors reviews all relevant transactions or relationships between each director and Verastem, its senior management and its independent registered public accounting firm. During this review, the Board considers whether there are any transactions or relationships between directors or any member of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder) and members of our senior management or their affiliates. The Board consults with Verastem’s General Counsel and the Company’s outside corporate counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent Nasdaq listing standards, as in effect from time to time.

Board Meetings and Attendance

The Board of Directors held seven meetings during the year ended December 31, 2018. Each of the directors attended at least 75% of the aggregate number of meetings of the Board of Directors and the committees of the Board of Directors on which he or she served during the year ended December 31, 2018 (in each case, which were held during the period for which he or she was a director and/or a member of the applicable committee). Mr. Forrester attended our 2018 annual meeting of stockholders, as well as our December 18, 2018 special meeting of stockholders, to represent the Board at the meetings.

Board Committees

The Board of Directors has standing Audit, Compensation and Nominating and Corporate Governance Committees, each of which is comprised solely of independent directors, and is described more fully below. Each committee operates pursuant to a written charter and each committee periodically reviews and assesses the adequacy of its charter. The charters for the Audit, Compensation and Nominating and Corporate Governance Committees are all available on our website (www.verastem.com) under "About Us" at "Corporate Profile & Governance."

Audit Committee

Ms. Consylman is the chair and Mr. Barberich and Dr. Kauffman are the other members of the Audit Committee. The Board of Directors has determined, upon the recommendation of the Nominating and Corporate Governance Committee, that each member of the Audit Committee is "independent" within the meaning of the rules and regulations of Nasdaq and the SEC. The Board of Directors has determined, upon the recommendation of the Nominating and Corporate Governance Committee, that Ms. Consylman is an "audit committee financial expert" within the meaning of the rules and regulations of the SEC.

The primary responsibilities of the Audit Committee include: (a) appointing, approving the compensation of and assessing the independence of our independent registered public accounting firm, (b) overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from such firm, (c) reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures, (d) monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics, (e) overseeing our risk assessment and risk management policies, (f) meeting independently with our independent registered public accounting firm and management, (g) reviewing and approving or ratifying any related person transactions, (h) overseeing our compliance program, processing any complaints and assisting in conducting internal and external investigations if necessary, and (i) preparing the audit committee report required by SEC rules. All audit and non-audit services to be provided to us by our independent registered public accounting firm must be approved in advance by the Audit Committee.

During the year ended December 31, 2018, the Audit Committee met four times. The report of the Audit Committee is included in this proxy statement under "Audit Committee Report."

Compensation Committee

Mr. Stuglik is the chair and Dr. Kauffman and Ms. Lawton are the other members of the Compensation Committee. The Board of Directors has determined, upon the recommendation of the Nominating and Corporate Governance Committee, that each member of the Compensation Committee is "independent" within the meaning of the rules and regulations of Nasdaq. In addition, each member qualifies as an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code (the Code) and is a "non-employee director" within Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The primary responsibilities of the Compensation Committee include: (a) annually reviewing and approving corporate goals, objectives and recommendations to our Board relevant to the compensation of executive officers, (b) overseeing and administering our cash and equity incentive plans, and (c) reviewing and making recommendations to our Board with respect to director compensation.

The Compensation Committee engaged Pearl Meyers LLP, an independent compensation consultant, to provide comparative data on executive compensation practices in our industry and to advise on our executive compensation program generally. Although the Board of Directors and Compensation Committee consider the advice and recommendation of independent compensation consultants as to our executive compensation program, the Board of Directors and Compensation Committee ultimately make their own decisions about these matters.

During the year ended December 31, 2018, the Compensation Committee met five times.

Dr. Rowinsky is the chair and Messrs. Barberich and Wendel are the other members of the Nominating and Corporate Governance Committee. The Board of Directors has determined, upon the recommendation of the Nominating and Corporate Governance Committee, that each member of the Nominating and Corporate Governance Committee is “independent” within the meaning of the rules and regulations of Nasdaq.

The primary responsibilities of the Nominating and Corporate Governance Committee include: (a) identifying individuals qualified to become members of our Board, (b) recommending to our Board the persons to be nominated for election as directors and to each of our Board’s committees, (c) reviewing and making recommendations to our Board with respect to our Board leadership structure, (d) reviewing and making recommendations to our Board with respect to management succession planning, (e) developing and recommending to our Board corporate governance principles, and (f) overseeing an annual self-evaluation by our Board.

The Nominating and Corporate Governance Committee does not set specific, minimum qualifications that nominees must meet in order to be recommended to the Board of Directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of Verastem and the composition of the Board of Directors. Additionally, neither the Nominating and Corporate Governance Committee nor the Board of Directors has a specific policy with regard to the consideration of diversity in identifying director nominees; however, both may consider the diversity of background and experience of a director nominee in the context of the overall composition of the Board of Directors at that time, such as diversity of knowledge, skills, experience, geographic location, age, gender, and ethnicity. Members of the Nominating and Corporate Governance Committee discuss and evaluate possible candidates in detail and suggest individuals to explore in more depth.

The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders. Candidates recommended by stockholders are given appropriate consideration in the same manner as other candidates.

During the year ended December 31, 2018, the Nominating and Corporate Governance Committee met four times.

Board of Directors Leadership Structure

Dr. Kauffman, an independent member of our Board of Directors, has served as the Lead Director of our Board of Directors since June 2016. The independent members of the Board of Directors periodically review the Board’s leadership structure and have determined that Verastem and our stockholders are well served with the current structure.

The Board of Directors provides oversight of our management and affairs. Dr. Kauffman, as the Lead Director, presides over the meetings of the independent directors and also serves as a member of the Compensation and Audit Committees. Dr. Kauffman’s leadership encourages open discussion and deliberation, with a thoughtful evaluation of risk, to support the Board’s decision-making. Dr. Kauffman’s leadership also encourages communication among the directors, and between management and the Board of Directors, to facilitate productive working relationships.

The Board of Director’s Role in Risk Oversight

The Board of Directors plays an important role in risk oversight through direct decision-making authority with respect to significant matters as well as through the oversight of management by the Board of Directors and its committees.

In particular, the Board of Directors administers its risk oversight function through (a) the review and discussion of regular periodic reports by the Board of Directors and its committees on topics relating to the risks that we face, (b) the required approval by the Board of Directors (or a committee of the Board of Directors) of significant transactions and other decisions, (c) the direct oversight of specific areas of our business by the Audit, Compensation and Nominating and Corporate Governance Committees, and (d) regular periodic reports from our independent

registered public accounting firm and other outside consultants regarding various areas of potential risk, including, among others, those relating to our internal control over financial reporting. The Board of Directors also relies on management to bring significant matters impacting our Company to the attention of the Board of Directors.

Pursuant to the Audit Committee’s charter, the Audit Committee is responsible for reviewing and discussing with management and the independent registered public accounting firm, our system of internal controls, our critical accounting practices, and policies relating to risk assessment and management. As part of this process, the Audit Committee discusses our major financial risk exposures and steps that management has taken to monitor and control such exposure. In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by employees of concerns regarding questionable accounting or accounting matters.

Because of the role of the Board of Directors and the Audit Committee in risk oversight, the Board of Directors believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. The Board of Directors acknowledges that there are different leadership structures that could allow it to effectively oversee the management of the risks relating to the Company’s operations and believes its current leadership structure enables it to effectively provide oversight with respect to such risks.

NON-EMPLOYEE DIRECTOR COMPENSATION

Under our non-employee director compensation policy, each non-employee director receives an annual base retainer of \$45,000. In addition, our non-employee directors receive the following cash compensation for Board services, as applicable:

Board and Committee Positions	Fees
Lead Director	\$25,000
Audit Committee Chairperson	\$20,000
Audit Committee Member	\$10,000
Compensation Committee Chairperson	\$15,000
Compensation Committee Member	\$ 7,000
Nominating and Corporate Governance Committee Chairperson	\$10,000
Nominating and Corporate Governance Committee Member	\$ 5,000

All amounts are paid in quarterly installments.

In addition, our non-employee directors receive stock options as compensation for their service on our Board of Directors. Newly appointed non-employee directors receive a one-time initial award of options to purchase 50,000 shares of our common stock, which vests monthly over a one-year period subject to the director’s continued service on the Board of Directors. Thereafter, each non-employee director who was serving on the Board of Directors as of the prior year’s annual meeting of the Company’s stockholders receives an annual award of options to purchase shares of our common stock, which vests monthly over a one-year period, subject to the director’s continued service on the Board of Directors (the Annual Grant). Additionally, each non-employee director who has served 12 months on the Board of Directors as of the date of the annual meeting of the Company’s stockholders, but has not yet received an Annual Grant, also receives a pro-rated grant (based on the Annual Grant for such year) to reflect the time such director has served on the Board of Directors since the 12-month anniversary of the commencement of such director’s service; such grant vests monthly over a one-year period, subject to the director’s continued service on the Board of Directors. In 2018, the Annual Grant consisted of options to purchase 25,000 shares of our common stock.

Mr. Forrester, our President and Chief Executive Officer, does not receive compensation for his service as a director. Mr. Forrester’s compensation is described under the heading “*Named Executive Officer Compensation*” above.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed the Verastem audited financial statements for the year ended December 31, 2018, and has discussed these statements with management and Ernst & Young LLP, the Company's independent registered public accounting firm. Verastem management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of disclosure controls and procedures and internal control over financial reporting for that purpose. Ernst & Young LLP is responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls.

The Audit Committee also received from, and discussed with, Ernst & Young LLP all communications required under the standards of the Public Company Accounting Oversight Board (the PCAOB), including the matters required to be discussed by Ernst & Young LLP with the Audit Committee.

Ernst & Young LLP also provided the Audit Committee with the written disclosures and the letter required under the PCAOB, which requires that independent registered public accounting firms annually disclose in writing all relationships that in their professional opinion may reasonably be thought to bear on independence, to confirm their perceived independence and engage in a discussion of independence. The Audit Committee has reviewed this disclosure and has discussed with Ernst & Young LLP its independence from Verastem.

Based on its discussions with management and our independent registered public accounting firm, and its review of the representations and information provided by management and our independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Verastem Annual Report on Form 10-K for the year ended December 31, 2018, filed with the Securities and Exchange Commission.

Respectfully submitted by the
Audit Committee,

Gina Consylman, Chair
Timothy Barberich
Michael Kauffman

**PROPOSAL NO. 2—RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

We are asking our stockholders to ratify the Audit Committee’s selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Although ratification is not required by our bylaws or otherwise, the Board of Directors is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if the committee determines that such a change would be in the best interests of the Company and our stockholders.

Ernst & Young LLP has served as our independent registered public accounting firm since 2011. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will be given an opportunity to make a statement at the Annual Meeting if they desire to do so, and they will be available to respond to appropriate questions.

The Audit Committee pre-approves all auditing services, internal control related services and permitted non-audit services (including the fees and terms thereof) to be performed by Ernst & Young LLP, subject to the de minimis exception for non-audit services that are approved by the Audit Committee prior to the completion of an audit. The Audit Committee may delegate pre-approval authority to one or more members of the Audit Committee consistent with applicable law and listing standards, provided that the decisions of such Audit Committee member or members must be presented to the full Audit Committee at its next scheduled meeting. All of the services described in the following fee table were approved in conformity with the Audit Committee’s pre-approval process.

PROPOSAL NO. 3—ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The compensation-related disclosure elsewhere in this proxy statement describes the structure and amounts of the compensation of our named executive officers for fiscal year 2018. The Compensation Committee and our Board of Directors believe that our executive compensation strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our named executive officers to dedicate themselves fully to value creation for our stockholders.

As required by Section 14A of the Exchange Act, our Board of Directors is asking our stockholders to cast a non-binding advisory vote FOR the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, is hereby APPROVED.

Our Board of Directors is asking that our stockholders support this proposal, commonly referred to as the "say-on-pay" vote. 2018 Base Salary and Bonus

The employment agreement with each named executive officer, described below, establishes a base salary for such officer, which is subject to discretionary increase. None of our executive officers is entitled to a guaranteed salary increase. Each of our named executive officers is paid a base salary reflecting his skill set, experience, performance, role and responsibilities. Effective January 1, 2018, Mr. Forrester received an increase in his base salary to \$555,000. None of our other named executive officers received an increase in his base salary during 2018.

As described below, each named executive officer has a target annual bonus based on his base salary earned with respect to the applicable year, as set forth in his employment agreement. Each named executive officer's target annual bonus for 2018, as a percentage of base salary, was: Mr. Forrester, 60%; Mr. Gagnon, 40%; and Mr. Lobacki, 40%. Annual bonuses for 2018 for our named executive officers were also based on the achievement of performance metrics established by our compensation committee. For 2018, our compensation committee set performance metrics which included: (1) the filing for, and achievement of approval of the Company's New Drug Application for duvelisib, (2) the global development of duvelisib through foreign partnerships, (3) corporate readiness to commercially launch duvelisib in the United States and (4) the achievement of corporate sustainability through financing arrangements. For 2018, each named executive officer received annual bonuses in the following amounts: Mr. Forrester, \$545,000; Mr. Gagnon, \$63,330; and Mr. Lobacki, \$200,000. Mr. Forrester's annual bonus included additional amounts in recognition of the successful approval of the New Drug Application for duvelisib as well as overachievement of established corporate goals during 2018.

Employment Agreements

We have entered into an employment agreement with each of our named executive officers. Each of the employment agreements provides that employment will continue for an indefinite period until either the Company or the employee provides written notice of termination in accordance with the terms of the agreement.

Robert Forrester

Pursuant to his amended and restated employment agreement, as of July 1, 2013, Mr. Forrester was entitled to an initial base salary of \$490,000, subject to increase from time to time by the Board of Directors. As of January 1, 2019, Mr. Forrester's annual base salary is \$600,000. Pursuant to his employment agreement, Mr. Forrester is eligible to receive a bonus of 60% of his annual base salary. Subject to Mr. Forrester's execution of an effective release of claims, Mr. Forrester would be entitled to the severance payments described below if we terminate his employment without cause, as defined in his employment agreement, or if Mr. Forrester terminates his employment for good reason, as defined in his employment agreement.

If Mr. Forrester's employment is terminated by us without cause or by Mr. Forrester for good reason, absent a change in control, as defined in his employment agreement, we would be obligated (1) to pay Mr. Forrester his base salary for a period of 12 months following the termination of his employment, (2) to accelerate the vesting of the portion of any stock options, restricted stock, and restricted stock units granted prior to the date of his amended and restated employment agreement that, by their terms, vest only based on the passage of time and that would have vested during the 12-month period following the termination of his employment, (3) to pay Mr. Forrester any bonus which has been awarded, but not yet paid on the date of termination and (4) if Mr. Forrester exercises his right to continue participation in our health and dental plans under the federal law known as COBRA, to pay Mr. Forrester a monthly cash amount equal to the full premium cost of that participation for 12 months following such termination of employment (or, if earlier, until the time when Mr. Forrester becomes eligible to enroll in the health or dental plan of a new employer).

If Mr. Forrester's employment is terminated by us without cause or by Mr. Forrester for good reason, in each case within 90 days prior to, or within one year following, a change in control, we would be obligated (1) to pay Mr. Forrester a lump sum amount equal to two times the sum of his then-current annual base salary plus an amount equal to his target bonus, (2) to accelerate the vesting of all outstanding stock options, restricted stock and restricted stock units that, by their terms, vest only based on the passage of time, (3) to pay Mr. Forrester any bonus which has been awarded, but not yet paid on the date of termination and (4) if Mr. Forrester exercises his right to continue participation in our

health and dental plans under the federal law known as COBRA, to pay Mr. Forrester a monthly cash amount equal to the full premium cost of that participation for 24 months following such termination of employment (or, if earlier, until the time when provided that such benefits shall end when Mr. Forrester becomes eligible to enroll in the health or dental plan of a new employer).

To the extent that any severance or compensation payable to Mr. Forrester pursuant to his employment agreement or otherwise in connection with a change in control of the Company would be subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, Mr. Forrester would be entitled to an additional cash payment equal to an amount calculated by multiplying the grossed-up amount of such payments (i.e., an amount such that net amount retained by Mr. Forrester after payment of all applicable taxes, interest and penalties thereon is equal to the total payments payable to him) by a fraction, the numerator of which is the portion of such payments related to equity awards granted prior to the execution of his employment agreement and the denominator of which is the portion of such payments related to all equity awards granted to him. However, if it would result in a greater amount payable to Mr. Forrester, Mr. Forrester would instead be entitled to either the full amount of the total payments payable in connection with a change in control or a reduced amount of the total payments payable in connection with a change in control, whichever results in the greater economic benefit for Mr. Forrester.

Robert Gagnon

Pursuant to his employment agreement, Mr. Gagnon was entitled to an initial base salary of \$380,000, subject to increase from time to time by the Board of Directors, and a one-time sign on bonus of \$40,000 that will be earned on the first anniversary of his hire date, but was paid during 2018. If Mr. Gagnon resigns before the first anniversary of his hire date, he will be obligated to repay the sign on bonus in full. As of January 1, 2019, Mr. Gagnon's annual base salary is \$390,000. Pursuant to his employment agreement, Mr. Gagnon is eligible to receive a bonus of 40% of his annual base salary. Subject to Mr. Gagnon's execution of an effective release of claims, Mr. Gagnon would be entitled to the severance payments described below if we terminate his employment without cause, as defined in his employment agreement, or if Mr. Gagnon terminates his employment for good reason, as defined in his employment agreement.

If Mr. Gagnon's employment is terminated by us without cause or by Mr. Gagnon for good reason, absent a change in control, as defined in his employment agreement, we would be obligated (1) to pay Mr. Gagnon his base salary for a period of nine months following the termination of his employment, (2) to pay Mr. Gagnon any bonus which has been awarded, but not yet paid on the date of termination and (3) if Mr. Gagnon exercises his right to continue participation in our health and dental plans under the federal law known as COBRA, to pay Mr. Gagnon a monthly cash amount equal to the full premium cost of that participation for nine months following such termination of employment (or, if earlier, until the time when Mr. Gagnon becomes eligible to enroll in the health or dental plan of a new employer).

If Mr. Gagnon's employment is terminated by us without cause or by Mr. Gagnon for good reason, in each case within 90 days prior to, or within 18 months following, a change in control, we would be obligated (1) to pay Mr. Gagnon a lump sum amount equal to 12 months of his then-current annual base salary, (2) to accelerate the vesting of all outstanding stock options, restricted stock and restricted stock units that, by their terms, vest only based on the passage of time, (3) to pay Mr. Gagnon any bonus which has been awarded, but not yet paid on the date of termination and (4) if Mr. Gagnon exercises his right to continue participation in our health and dental plans under the federal law known as COBRA, to pay Mr. Gagnon a monthly cash amount equal to the full premium cost of that participation for 12 months following such termination of employment (or, if earlier, until the time when provided that such benefits shall end when Mr. Gagnon becomes eligible to enroll in the health or dental plan of a new employer).

Joseph Lobacki

Pursuant to his employment agreement, Mr. Lobacki was entitled to an initial base salary of \$400,000, subject to increase from time to time by the Board of Directors, and a one-time sign on bonus of \$60,000 that will be earned on the first anniversary of his hire date, but was paid during 2018. If Mr. Lobacki had resigned before the first anniversary of his hire date, he would have been obligated to repay the sign on bonus in full. As of January 1, 2019, Mr. Lobacki's annual base salary is \$415,000. Pursuant to his employment agreement, Mr. Lobacki is eligible to receive a bonus of 40% of his annual base salary. Subject to Mr. Lobacki's execution of an effective release of claims, Mr. Lobacki would

be entitled to the severance payments described below if we terminate his employment without cause, as defined in his employment agreement, or if Mr. Lobacki terminates his employment for good reason, as defined in his employment agreement.

If Mr. Lobacki's employment is terminated by us without cause or by Mr. Lobacki for good reason, absent a change in control, as defined in his employment agreement, we would be obligated (1) to pay Mr. Lobacki his base salary for a period of nine months following the termination of his employment, (2) to pay Mr. Lobacki any bonus which has been awarded, but not yet paid on the date of termination and (3) if Mr. Lobacki exercises his right to continue participation in our health and dental plans under the federal law known as COBRA, to pay Mr. Lobacki a monthly cash amount equal to the full premium cost of that participation for nine months following such termination of employment (or, if earlier, until the time when Mr. Lobacki becomes eligible to enroll in the health or dental plan of a new employer).

If Mr. Lobacki's employment is terminated by us without cause or by Mr. Lobacki for good reason, in each case within 90 days prior to, or within 18 months following, a change in control, we would be obligated (1) to pay Mr. Lobacki a lump sum amount equal to 12 months of his then-current annual base salary, (2) to accelerate the vesting of all outstanding stock options, restricted stock and restricted stock units, (3) to pay Mr. Lobacki any bonus which has been awarded, but not yet paid on the date of termination and (4) if Mr. Lobacki exercises his right to continue participation in our health and dental plans under the federal law known as COBRA, to pay Mr. Lobacki a monthly cash amount equal to the full premium cost of that participation for 12 months following such termination of employment (or, if earlier, until the time when provided that such benefits shall end when Mr. Lobacki becomes eligible to enroll in the health or dental plan of a new employer).

2018 Equity-Based Compensation

Our use of equity awards is intended to align our named executive officers' interests with the interests of our stockholders by providing an incentive to increase long-term stockholder value. Furthermore, we believe that in the biopharmaceutical industry, equity awards are a primary motivator to retain executives. We determine the size and frequency of awards based on numerous factors, including the executive's skills and experience, the executive's responsibilities, internal equity, and competitive market data. Additionally, we believe that our use of long-term incentive awards is a key mechanism to reward successful performance by our named executive officers, and such awards consistently are comprised of a combination of time-based and performance driven grants.

On January 5, 2018, Mr. Forrester was granted an option to purchase 300,000 shares of our common stock under our Amended and Restated 2012 Incentive Plan. The option vests with respect to 150,000 shares based on continued employment, with such portion of the option vesting as to 25% of the shares underlying such portion of the option on January 1, 2019 and, thereafter, as to 6.25% of the shares underlying such portion of the option at the end of each successive three-month period after such date until January 1, 2022. The option vests with respect to the remaining 150,000 shares based on the achievement of certain performance milestones by June 30, 2018, by March 31, 2019, and within the first 24 months after the achievement of certain net sales targets. As of December 31, 2018, 60% of the performance-based portion of Mr. Forrester's option had vested in accordance with its terms.

Employee Benefit Plans

We currently provide broad-based health and welfare benefits that are available to all of our employees, including our named executive officers, including medical, dental, vision, life and disability insurance. We maintain a

defined contribution employee retirement plan for our employees. Our 401(k) plan is intended to qualify as a tax-qualified plan under Section 401(a) of the Code. Employee contributions may be made on a pre-tax basis or after-tax (Roth) basis. The 401(k) plan provides for employer matching contributions equal to (1) 100% of employee deferral contributions up to a deferral rate of 3% of eligible compensation plus (2) 50% of employee deferral contributions up to a deferral rate of an additional 2% of eligible compensation. Other than the 401(k) plan, we do not provide any qualified or non-qualified retirement or deferred compensation benefits to our employees, including our named executive officers.

Payments on Termination of Employment or Change in Control

Each of our named executive officers is a party to an employment agreement with us that provides for certain payments and benefits in connection with a qualifying termination of his employment, including in the context of a change in control, as described in “*Employment Agreements*” above.

Competitive Market Data

Market practices are one of the considerations taken into account when determining the compensation of our executive officers. Our Compensation Committee used peer group compensation data as a reference point in setting pay levels for executives for fiscal 2018. These peers were chosen primarily based on selection criteria, as defined by our compensation committee. That criteria included companies (1) in the biopharmaceutical space, (2) that are either commercializing products or are in a late-stage clinical status, (3) which have achieved a market capitalization between approximately \$200,000,000 and \$2,000,000,000, and (4) which maintain an employee workforce between approximately 50 and 200 employees as of the last fiscal year end. During the peer selection process, preference was given to Massachusetts-based companies and to companies pursuing oncology indications.

The approved peer group consists of the publicly-traded companies listed below:

Acceleron Pharmaceuticals, Inc.	Eagle Pharmaceuticals, Inc.	Progenics Pharmaceuticals, Inc.
Adamas Pharmaceuticals, Inc.	ImmunoGen, Inc.	Puma Biotechnology, Inc.
Athenex, Inc.	INSYS Therapeutics, Inc.	Radius Health, Inc.

No “Gross-Ups”

We do not now, and expect not to in the future, provide tax “gross-ups” for compensation, perquisites or other benefits provided to our executive officers, other than in the case of certain payments made to Mr. Forrester in connection with a change in control of the Company, as described in “*Employment Agreements*” above which are intended to be limited to equity awards granted prior to the execution of Mr. Forrester’s 2013 amended and restated employment agreement.

Prohibition on Hedging and/or Pledging our Common Stock

We prohibit our executives and directors from engaging in short sales of Company securities; purchasing or selling puts, calls or other derivative securities based on our securities; and entering into hedging transactions, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds.

POLICIES AND PROCEDURES FOR RELATED PERSON TRANSACTIONS

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which the Company is a participant, the amount involved exceeds \$120,000 and one of our executive officers, directors, director nominees or 5% stockholders, or their immediate family members, each of whom we refer to as a “related person,” has a direct or indirect material interest.

Transactions with related persons

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a “related person transaction,” the related person must report the proposed related person transaction to our principal financial officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our Audit Committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the Audit Committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between Audit Committee meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person’s interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person’s interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person’s interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify the transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in our best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC’s related person transaction disclosure rule, our Board of Directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person’s position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the

related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction and (c) the amount involved in the transaction is less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and

- a transaction that is specifically contemplated by provisions of our charter or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.
