PROXY STATEMENT  
FOR ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD MAY 16, 2001

This statement is furnished in connection with the solicitation of proxies by the Board of Directors of Reliance Steel & Aluminum Co. ("Reliance" or the "Company") for use at the Annual Meeting of its shareholders to be held at the Ritz Carlton Huntington Hotel, 1401 South Oak Knoll Avenue, Pasadena, California 91106, on Wednesday, May 16, 2001 at 10:00 a.m., California time, or at any

adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting.

#### INFORMATION CONCERNING PROXY

The persons named as proxyholders were selected by the Board of Directors. The shares of Common Stock represented by the proxies will be voted at the Annual Meeting. The cost of solicitation of proxies will be borne by Reliance. The Board of Directors (the "Board") will solicit proxies by mail, by telephone, and electronically via the Internet. In addition, certain officers and agents of the Company may solicit proxies by telephone, telegraph, and personal interview (the cost of which will be nominal). It is anticipated that banks, brokerage houses and other custodians, nominees and fiduciaries will be requested to forward soliciting material to beneficial owners and to obtain authorizations for the execution of proxies. They will be reimbursed by Reliance for their out-of-pocket expenses incurred in connection therewith.

The only matters of business which Reliance's management intends to present at the Annual Meeting are the (1) election of four directors to serve for the ensuing two years and until their successors are duly elected and qualified, (2) the amendment of the Company's Bylaws to increase the number of authorized directors, (3) the amendment of the Company's Incentive and Non-Qualified Stock Option Plan ("Stock Option Plan") to increase the number of shares available for the grant of options, and (4) the approval of the Board's selection of Ernst & Young LLP as the Company's independent auditors for 2001. If no contrary instructions are indicated on the proxy, each proxy will be voted FOR the election of the four nominees named herein as directors, FOR the amendment of the Bylaws, FOR the amendment of the Stock Option Plan, and FOR the approval of Ernst & Young LLP. If other matters properly come before the meeting, each proxy will be voted by the persons named therein in a manner which they consider to be in the best interests of the Company.

Shareholders who execute proxies may revoke them at any time before they are voted (i) by filing with the Secretary of Reliance either an instrument revoking the proxy or a proxy bearing a later date, duly executed by the shareholder, or (ii) by giving written notice to Reliance of the death or incapacity of the shareholder who executed the proxy. In addition, the powers of a proxyholder are suspended if the person executing the proxy is present at the Annual Meeting and elects to vote in person.

An Annual Report with audited financial statements for the fiscal year ended December 31, 2000 accompanied by a letter to the shareholders from the President and Chief Executive Officer, the Executive Vice President and Chief Operating Officer and the Senior Vice President and Chief Financial Officer is included herewith. Such report and letter are not incorporated in, and are not a part of, this Proxy Statement and do not constitute proxy-soliciting material. Reliance intends to mail this Proxy Statement and accompanying material on or about April 16, 2001.

#### INFORMATION CONCERNING THE COMPANY'S SECURITIES

Shares of common stock, no par value (hereinafter sometimes called "shares" or "Common Stock"), are the only voting securities of Reliance. As of February 28, 2001 a total of 25,179,542 shares were issued and outstanding, all of which may be voted at the Annual Meeting. Only holders of shares of record on the books of the Company at the close of business on April 12, 2001 will be entitled to vote at the Annual Meeting.

In the election of directors, shareholders are entitled to cumulate their votes for candidates whose names have been placed in nomination prior to the voting, if a shareholder has given notice at the Annual Meeting prior to the voting of his or her intention to cumulate votes. Cumulative voting entitles every shareholder who is otherwise entitled to vote at an election of directors to cumulate their votes, that is, to give any one candidate a number of votes equal to the number of directors to be elected, multiplied by the number of votes to which the shareholder's shares are normally entitled, or to distribute those cumulated votes on the same principle among as many candidates as a shareholder thinks fit. If any one shareholder gives notice of the intention to cumulate votes, all shareholders may cumulate their votes for candidates. On all matters other than election of directors, each share has one vote.

The affirmative vote of at least a plurality of the aggregate number of votes represented by the shares present at the Annual Meeting in person or by proxy is required to elect directors. That means that the four individuals receiving the largest number of votes cast will be elected as directors, whether or not they receive a majority of the votes cast. The affirmative vote of a majority of the votes cast is required to approve the amendment of the Bylaws, to approve the amendment of the Stock Option Plan and to approve the independent auditors.

#### ELECTION OF DIRECTORS

The Bylaws of the Company provide that the Board of Directors shall be divided into two classes, as nearly equal in number as possible, and that one class shall be elected each year and serve for a two-year term. The terms of four of the incumbent directors expire as of the date of the Annual Meeting. THE NOMINEES OF THE BOARD OF DIRECTORS FOR ELECTION AT THE ANNUAL MEETING AS DIRECTORS OF THE COMPANY ARE DOUGLAS M. HAYES, ROBERT HENIGSON, KARL H. LORING AND LESLIE A. WAITE. The term of office for each director elected at the Annual Meeting will be two years, until the second following Annual Meeting of Shareholders and until their successors are duly elected and qualified.

In the absence of any direction to the contrary, the proxies will be voted FOR the above-named nominees. In voting the proxies for election of directors, the persons named as proxyholders have the right to cumulate the votes for directors covered by the proxies (unless otherwise instructed) and may do so if such action is deemed desirable.

The nominees for the office of director expiring in 2001 were elected to their present term of office by vote of the shareholders of the Company at the Annual Meeting of Shareholders held in May 1999. Although it is not contemplated that any nominee will decline or be unable to serve as a director, in the event that, at the date of the Annual Meeting or any adjournment thereof, any nominee declines or is unable to serve, the proxies will be voted for such other person for director as the Board of Directors may select or, if no other person is so selected, as the persons named in the proxies may, in their discretion, select.

CERTAIN INFORMATION WITH RESPECT TO EACH NOMINEE IS SET FORTH IN "MANAGEMENT" BELOW. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF EACH NOMINEE AS A DIRECTOR OF THE COMPANY.

#### AUTHORIZED NUMBER OF DIRECTORS

Under Section 3.2 of the Restated and Amended Bylaws (the "Bylaws") of the Company, the authorized number of directors of the Company shall not be less than five nor more than nine with the exact number of directors to be fixed, within the specified limits, by the Board of Directors. The Company currently has nine directors. The Board of Directors believes that it would be in the best interest of the Company and its shareholders to increase the number of authorized directors to allow the Company to provide for succession planning and to meet the needs of the Company for certain expertise. Accordingly, the Board of Directors adopted, and is seeking shareholder approval of, the following resolution:

"NOW, THEREFORE, IT IS HEREBY RESOLVED that Section 3.2 of the Bylaws be amended to provide that the authorized number of directors shall be not less than nine and not more than fifteen, with the exact number of directors to be nine until and unless the fixed number of directors is changed by resolution of the Board of Directors."

The resolution must be approved by the affirmative vote of holders of a majority of the shares of the Company's Common Stock represented and entitled to vote at the Annual Meeting. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THIS AMENDMENT OF THE BYLAWS TO INCREASE THE AUTHORIZED NUMBER OF DIRECTORS.

In addition, the Chairmen of the Audit Committee and the Compensation and Stock Option Committee are paid an additional \$1,000 per quarter. All directors are reimbursed for expenses incurred in connection with Board or committee meetings. Under the Directors Stock Option Plan, non-employee directors are entitled to receive options to acquire the Company's Common Stock in accordance with that plan. During 2000, the Board of Directors met six times. No person attended fewer than 80% of the aggregate of the total number of Board meetings and the total number of committee meetings held by the committees on which he served.

The Audit Committee confers formally with the Company's independent auditors, as well as with members of the Company's management, members of the Company's internal audit department and those employees performing internal accounting functions, to inquire as to the manner in which the respective responsibilities of these groups and individuals are being discharged. The three-member Audit Committee, which is composed entirely of independent, non-employee directors, met six times during 2000. The Audit Committee reviewed its Charter and suggested changes to the Board. A copy of the revised Audit Committee Charter adopted by the Board is

attached as Appendix A.

In fulfilling its responsibilities under the Charter, the Audit Committee reviewed and discussed the audited financial statements for fiscal 2000 with management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended. The Audit Committee also has discussed with the independent auditors the auditors' independence from management and the Company, including the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended, and considered the compatibility of non-audit services with the auditors' independence.

In reliance on the Audit Committee's reviews and discussions outlined above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Reliance's Annual Report on Form 10-K for the fiscal year ended December 31, 2000 for filing with the Securities and Exchange Commission. The Audit Committee also evaluated and recommended to the Board of Directors, subject to approval of the shareholders, that Ernst & Young LLP be re-appointed as the Company's independent auditors for fiscal year 2001.

#### COMPENSATION AND STOCK OPTION COMMITTEE REPORT

#### THE COMMITTEE

The four-member Compensation and Stock Option Committee of the Board of Directors (the "Compensation and Stock Option Committee" or the "Committee"), which is composed entirely of independent, non-employee directors, makes recommendations to the Board of Directors regarding compensation of the Company's officers. The following report submitted by the Compensation and Stock Option Committee addresses the Company's compensation policies for 2000 applicable to the Company's Corporate officers, including the executive officers named in the Summary Compensation Table, and the Stock Option Plan and Supplemental Executive Retirement Plan (the "SERP").

#### PRINCIPLES AND PROGRAMS

The Company's executive compensation program is a pay for performance program. It is designed to:

- motivate executives to enhance shareholder value with compensation plans that are tied to Company performance; and
- target executive compensation at a level to ensure the Company's ability to attract and retain superior executives.

#### CASH SALARIES AND INCENTIVE COMPENSATION PROGRAMS

To meet the above objectives, the program has both cash and equity elements which consist of base salary, an annual cash (and stock) incentive bonus and stock options. In determining executive compensation, the Compensation and Stock Option Committee evaluates both the total compensation package and its individual elements. As part of its review, the Committee considers compensation data publicly available with respect to the Company's key competitors. When competitive data is used, the Committee gives primary consideration to the companies in its peer group.

Generally, the base compensation is set in the mid to high-range for comparable companies, and the cash and stock incentive bonus is used to compensate employees for their performance. It is expected that total

compensation will vary annually based on Company and individual performance and individual contributions to the Company and its performance. The Compensation and Stock Option Committee and the management of the Company believe that compensation should be based both on short-term and long-term measurements and be directly tied to Company performance. The Compensation and Stock Option Committee applied the same standards to Mr. Hannah as Chief Executive Officer of

the Company as to other officers.

Under the Company's Key-Man Incentive Plan, the cash portion of the annual bonus is designed to provide a short-term (one-year) incentive to officers based on an evaluation of their individual contribution to the Company's financial performance for the year and to assist in their exercise of the Company's stock options for a long-term incentive. Corporate officers and division managers are eligible for incentive payments. Incentive awards are made after the prior fiscal year's results are known. Generally, the aggregate of all awards made as an annual bonus may not exceed that amount which is equal to 20% of the amount by which the Company's net income for that year exceeds the rate of return on a one-year Treasury bill multiplied by the Company's net worth at the beginning of the year (the "Incentive Pool"). No awards are made unless the Company's net income for that year exceeds the average rate of return on a one-year Treasury bill (considered as a risk-free rate of return) multiplied by the Company's net worth. Upon recommendation of the Compensation and Stock Option Committee, the Board approves all Corporate officer incentive payments. Officers of the subsidiaries are not currently eligible to participate in the Key-Man Incentive Plan, but are eligible to participate in other plans that this Committee does not administer. These plans are based on each subsidiary's financial performance for the year.

The formula used to distribute the Incentive Pool among the key personnel is reviewed annually to reflect better the individuals' respective contributions to the operational profitability of the Company. The Company's officers are awarded points based on their individual performance, as determined appropriate by the Committee. Participating Division Managers are ranked according to four criteria (size of the division, measured in sales dollars; profitability of the division, in dollars; pretax return on sales percentage; and pretax return on division assets percentage) and awarded points based on their rankings. The Incentive Pool is then allocated to participants based on their respective number of points.

The maximum incentive bonus for division managers is 40% of base compensation. The maximum incentive bonus for the Company's Corporate officers ranges from 40% to 125% of base compensation. This incentive compensation bonus is payable 75% in cash and 25% in the Company's Common Stock, which is restricted for two years and is considered a long-term incentive. The Company's Corporate officers have the option of having this incentive compensation bonus payable 100% in cash.

With respect to stock options that may be granted, which are considered long-term incentives, the Compensation and Stock Option Committee has its scope and authority defined for it by the Stock Option Plan which it administers. The Committee has complete authority to interpret the Plan and make all decisions with respect to how it functions. The Committee recommends to whom and in what number, and with what terms and conditions, options should be granted but the Board must authorize the issuance of the options.

The Committee recommended to the Board in 2000 that an aggregate of 146,500 options be issued to key employees, of which 30,000 were issued to named executive officers, which recommendations were approved and options granted by the Board in January 2000.

Typically, the Committee receives recommendations from the executive officers of the Company as to who should receive options and in what amounts and then the Committee meets to review and discuss those recommendations. In making its recommendations to the Board, the Committee considers the position of the intended optionee, his or her importance to the Company's activities, the number of options already granted to that individual and the option price or prices at which those earlier granted options are exercisable, the total number of options to be recommended for granting and the relative number of such recommended option grants among the various individuals then under consideration for option grants.

The Committee generally does not consider the number of options granted by other unrelated companies to their respective employees, nor has it ever sought such information.

STOCK OPTION PLANS

In 1994, the Board of Directors of the Company adopted an Incentive and Non-Qualified Stock Option Plan (the "1994 Plan"), which was approved by the shareholders in May 1994. There are 1,687,500 shares of Common Stock reserved for issuance under the 1994 Plan. The 1994 Plan provides for granting of stock options that may be either "Incentive Stock Options" within the meaning of Section 422A of the Internal Revenue Code of 1986 (the "Code") or "Non-Qualified Stock Options" which do not satisfy the provisions of Section 422A of the Code. Incentive Stock Options are required to be issued at an option exercise price per share equal to the fair market value of a share of Common Stock on the date of grant, except that the exercise price of options granted to any employee who owns (or, under pertinent Code provisions, is deemed to own) more than 10% of the outstanding Common Stock must equal at least 110% of fair market value on the date of grant. Non-Qualified Stock Options must be issued at an option exercise price equal to at least fair market value on the date of grant. Exercise of a stock option will be subject to terms and conditions established by the Committee and set forth in the instrument evidencing the stock option. Stock options may be exercised with either cash or shares of the Company's Common Stock or other form of payment authorized by the Committee. Stock options may not be granted more than ten years from the date of the 1994 Plan and expire five years from the date of the grant.

In March 1998, options to purchase 121,500 shares of the Company's Common Stock were issued at \$23.33 per share. In June 1998, options to purchase 31,500 shares of the Company's Common Stock were issued at \$24.67 per share. In October 1998, options to purchase 136,500 shares of the Company's Common Stock were issued at \$19.87 per share. Of these options, 9,000 options were issued to named executive officers of the Company. In March 1999, options to purchase 518,250 shares of the Company's Common Stock were issued at \$18.83 per share, and options to purchase 60,000 shares of the Company's Common Stock were issued in May 1999 at \$25.46 per share. Of these options, 237,750 options were issued to named executive officers of the Company. In January 2000, options to purchase 146,500 shares of the Company's Common Stock were issued at \$22.00 per share. Of these options, 30,000 options were issued to named executive officers of the Company. In 1998, options to acquire 64,875 shares of the Company's Common Stock were exercised at \$8.11 per share, none of which were exercised by named executive officers of the Company. In 1999, options to acquire 111,275 shares of the Company's Common Stock were exercised at prices ranging from \$8.11 to \$19.50 per share, 24,938 of which were exercised by named executive officers of the Company. In 2000, options to acquire 182,863 shares of the Company's Common stock were exercised at prices ranging from \$8.11 to \$19.88 per share, 59,437 of which were exercised by named executive officers of the Company.

In May 1998, the shareholders approved the Directors Stock Option Plan for non-employee directors (the "Directors Plan"). There are 300,000 shares of the Company's Common Stock reserved for issuance under the Directors Plan. In February 1999, the Directors Plan was amended to authorize the Board of Directors of the Company to grant additional options to acquire the Company's Common Stock to non-employee directors. Options under the Directors Plan are non-qualified stock options, with an exercise price equal to fair market value at the date of grant. All options granted expire five years from the date of grant. None of the stock options becomes exercisable until one year after the date of the grant, unless specifically approved by the Board of Directors. In each of the following four years, 25% of the options become exercisable on a cumulative basis. In 1998, options to purchase 37,500 shares of the Company's Common Stock were issued at \$26.08 per share. In January 1999, options to purchase 7,500 shares of the Company's Common Stock were issued at \$18.58 per share. In February 1999, options to purchase 7,500 shares of the Company's Common Stock were issued at \$18.04 per share. In March 1999, options to purchase 105,000 shares of the Company's Common Stock were issued at \$18.83 per share. With this grant, 20% of the options were immediately exercisable, and, in each of the following four years, 20% of the options become exercisable on a cumulative basis, as specifically approved by the Board of Directors. No options were issued in 2000. No options were exercisable during 1998. In 1999, options to acquire 1,500 shares of the Company's Common Stock were exercised at a price of \$18.83 per share. In 2000, options to acquire 6,000 shares of the Company's Common Stock were exercised at a price of \$18.83 per share.

#### 401(k) SAVINGS PLAN

Various 401(k) and profit sharing plans were maintained by the Company and its subsidiaries. Effective in 1998, the Reliance Steel & Aluminum Co. Master 401(k) Plan (the "Master Plan") was established, which combined several of the various 401(k) and profit sharing plans of the Company and its subsidiaries into one plan. Salaried and certain hourly employees of the Company and its participating subsidiaries are covered under the Master Plan. The Master Plan will continue to allow each subsidiary's Board to determine independently the annual matching percentage and maximum compensation limits or annual profit sharing contribution. Eligibility occurs after three months of service, and the Company contribution vests at 25% per year, commencing one year after the employee enters the Master Plan. The Company contributions to the Master Plan for the years ended December 31, 2000, 1999 and 1998 were \$3,792,000, \$2,596,000 and \$2,965,000, respectively. Other 401(k) and profit sharing plans exist as certain subsidiaries have not yet combined their plans into the Master Plan as of December 31, 2000. During 2000, the 401(k) benefit plans acquired as a result of the acquisitions of certain subsidiaries were merged into the Master Plan, resulting in additional contribution expense during the 2000 year of approximately \$1,210,000.

The Company also participates in various multi-employer pension plans covering certain employees not covered under the Company's benefit plans pursuant to agreements between the Company and collective bargaining units who are members of such plans.

#### SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

In 1996, the Company adopted a Supplemental Executive Retirement Plan ("SERP"), which provides post-retirement benefits to key officers of the Company. Under the SERP, benefit payments equal 50% of the average of the participant's highest five years of the last ten years of total cash compensation, less benefits from other Company sponsored retirement plans, including the 401(k) Plan and ESOP. The SERP was amended in 1999 to provide for a pre-retirement death benefit. A separate SERP exists for one of the companies acquired during 1998, which provides post-retirement benefits to its employees. The Company expenses were \$1,096,000, \$1,007,000 and \$681,000 for the plans for the years ended December 31, 2000, 1999 and 1998, respectively, based on calculations made by the Company's actuaries.

The estimated present value of annual benefits payable by the SERP, net of amounts received under other Company sponsored retirement plans, at the normal retirement age of 65 for each of the executive officers named above is as follows:

NAME ----	ESTIMATED ANNUAL BENEFITS PAYABLE UPON RETIREMENT -----
David H. Hannah.....	\$284,388
Gregg J. Mollins.....	\$219,600
Karla R. McDowell.....	\$ 94,764
James P. MacBeth.....	\$106,860
William K. Sales, Jr. ....	\$117,228

#### INCENTIVE PLAN

The Company has maintained a Key-Man Incentive Plan for division managers and officers since 1965, with subsequent amendments. The Key-Man Incentive Plan was most recently modified in January 1999, to reflect the conditions of the Company and the industry, and to allocate the incentive bonus pool in accordance with the contributions of the eligible personnel. The initial incentive bonus pool is calculated to equal 20% of the amount by which the Company's net income for that year exceeds the rate of return on a one-year Treasury bill multiplied by the Company's net worth at the beginning of the year. That pool is then adjusted by additional calculations, including the accrual of the calculated incentives. The Company's officers and division managers are eligible to participate in the pool and are ranked according to certain criteria, and awarded points based on their rankings. The incentive compensation bonus is payable 75% in cash and 25% in the Company's Common Stock, except that the Company's Corporate officers have the option of having this bonus paid 100% in cash. Officers of the subsidiaries are not currently eligible to participate under the Key-Man Incentive Plan. See "Compensation and Stock Option Committee Report".

The Company also maintains a bonus plan for division managers that allows them to participate in pre-tax income from their respective divisions if that income exceeds an amount equal to a 15% return on division assets. This bonus plan has been in effect for many years. In 2000, all 24 division managers received bonuses under this plan. In addition, most divisions have informal incentive compensation arrangements for other employees, which are proposed by division managers and approved from time to time by executive officers of the Company. The Company's subsidiaries have separate incentive bonus plans structured in the same manner to provide bonuses to certain of the officers and managers of these subsidiaries, based upon the earnings of the respective subsidiary. These subsidiary bonus plans are also reviewed periodically by the executive officers of the Company.

#### EMPLOYEE STOCK OWNERSHIP PLAN

In 1974, the Company adopted an Employee Stock Ownership Plan ("ESOP") that was approved by the Internal Revenue Service as a qualified plan and that allows eligible employees to acquire stock in the Company. Bank of America was the trustee of the ESOP until March 1, 1999, when Union Bank of California was appointed the ESOP trustee. All non-union employees, including officers, are eligible to participate in the ESOP as of January 1 after one and one-half years of service with the Company. An employee who is eligible to participate is fully vested in the shares of the Company's Common Stock allocated to his/her ESOP account. Allocation is based on the participant's compensation each year, including bonuses, as compared to the total compensation of all participants, subject to the maximum amounts established by the Internal Revenue Service. Each year, the Company contributes to the ESOP an amount determined by the Board of Directors, but no less than that amount necessary to cover the obligations of the ESOP, including any trustee's fees. The Company's cash contributions were \$800,000 in each of 2000, 1999 and 1998. The cash contributions are then used to purchase shares of the Company's Common Stock on the open market. The shares are retained by the ESOP until a participant retires or otherwise terminates his/her employment with the Company. Employees of the subsidiaries, except for RSAC Management Corp., are not eligible to participate under the Company's ESOP.

Section 5 of the Reliance Steel & Aluminum Co. 1994 Incentive and Non-Qualified Stock Option Plan (the "Plan") allows the Board of Directors to grant options under the Plan to acquire up to 1,687,500 shares of the Company's Common Stock. The Board of Directors believes it is in the best interest of the Company and its shareholders to amend the Plan to authorize the Board of Directors to grant options to acquire up to 2,500,000 shares of Common Stock to officers and key employees of the Company in order for the Company to attract and retain well-qualified employees. The Board of Directors has adopted the following resolution to amend the Plan:

"NOW, THEREFORE, IT IS HEREBY RESOLVED that Section 5 of the Plan be amended, subject to shareholder approval, to allow the Board of Directors to grant options to acquire up to 2,500,000 shares of the Company's Common Stock pursuant to the terms and conditions of the Plan."

The Company is seeking shareholder approval of this resolution. If this resolution is approved by the shareholders, the Company will register the additional shares with the Securities and Exchange Commission and will apply to have the additional shares listed on the New York Stock Exchange. The affirmative vote of holders of a majority of the shares of the Company's Common Stock represented and entitled to vote at the Annual Meeting is required to approve this resolution. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE AMENDMENT OF THE INCENTIVE AND NON-QUALIFIED STOCK OPTION PLAN TO INCREASE THE NUMBER OF SHARES AVAILABLE FOR THE GRANT OF OPTIONS.

PERFORMANCE GRAPHS

The following graph compares the performance of the Company's Common Stock with that of the S&P 500, the Russell 2000 and a peer group selected by the Company for the five-year period from December 31, 1995, adjusted for the September 1999 and June 1997 3-for-2 stock splits, through December 31, 2000. The comparison of total return assumes that a fixed investment of \$100 was invested on December 31, 1995 in the Company's Common Stock and assumes the reinvestment of dividends. Since there is no nationally-recognized industry index consisting of metals service center companies to be used as a peer group index, the Company constructed its own peer group. The peer group consists of Steel Technologies Inc., Olympic Steel Inc., and Gibraltar Steel Corporation, all of which have securities listed for trading on NASDAQ; A. M. Castle & Co., which has securities listed for trading on the American Stock Exchange; and Huntco, Inc., Metals USA, Inc. and Ryerson Tull, Inc. which have securities listed for trading on the New York Stock Exchange, as of December 31, 2000. The returns of each member of the peer group are weighted according to that member's stock market capitalization as of the period measured. Although the performance of the Company's Common Stock has been better than the performance of the securities of those companies in the peer group, the stock price performance shown on the graph below is not necessarily indicative of future price performance.

## CERTAIN TRANSACTIONS

In addition to a provision authorizing the indemnification of directors, the Company's Restated Articles of Incorporation include a provision which limits or eliminates the personal liability of directors for monetary damages to the Company or its shareholders for the breach of fiduciary duty as a director in accordance with California corporate law. This provision does not limit or eliminate the liability of a director for the following: (i) for acts or omissions that involve intentional misconduct or a knowing and culpable violation of law; (ii) for acts or omissions that a director believes to be contrary to the best interests of the corporation or its shareholders, or that involve the absence of good faith on the part of the director; (iii) for any transaction from which a director derived an improper personal benefit; (iv) for acts or omissions that show a reckless disregard of the director's duty to the corporation or its shareholders in circumstances in which the director was aware, or should have been aware, in the ordinary course of performing a director's duties, of a risk of serious injury to the corporation or its shareholders; (v) for acts or omissions that constitute an unexcused pattern of inattention that amounts to an abdication of the director's duty to the corporation or its shareholders; (vi) for transactions between the corporation and a director, or between corporations having interrelated directors; and (vii) for improper distributions and stock dividends, loans and guaranties. The provisions of the Indemnification Agreements described below will be available to directors in the event of claims made against a director for certain types of liability which are not eliminated in the Restated Articles of Incorporation.

The Company's Bylaws require the Company to indemnify officers, directors, employees and agents to the fullest extent permissible by California Corporations Code Section 317 against expenses, judgments, fines, settlements or other amounts actually and reasonably incurred by that person as a result of being made or threatened to be made a party to a proceeding. The Company has entered into indemnification agreements (such contracts are hereinafter referred to as the "Indemnification Agreements") with all of its present directors and all of its officers, to indemnify these persons against certain liabilities. The form of these Indemnification Agreements was approved by the Board of Directors and shareholders of the Company in March 1988, and the shareholders also authorized the Board of Directors to enter into Indemnification Agreements with all existing and future directors at the time they are so elected and to determine, from time to time, whether similar Indemnification Agreements should be entered into with other individual officers who are not directors. The Indemnification Agreements provide for indemnification in cases where indemnification might not otherwise be available in the absence of the Indemnification Agreements under the Company's Restated Articles of Incorporation.

Each Indemnification Agreement provides that the Company will indemnify the indemnitee and hold him or her harmless, to the fullest extent permitted by law, from all amounts which he or she pays or is obligated to pay as a result of claims against him or her arising out of his or her service to the Company, including derivative claims by or in the right of the Company. The Company has agreed to indemnify against the amounts of all damages, judgments, sums paid in settlement (if approved by the Company, which approval will not be unreasonably withheld), counsel fees, costs of proceedings or appeals, and fines and penalties (other than fines and penalties for which indemnification is not permitted by applicable law) within the scope of the indemnification.

In addition, the Company has purchased directors and officers liability insurance for the benefit of its directors and officers and excess directors and officers liability insurance for the benefit of its Audit Committee members.

## COMPLIANCE WITH SECTION 16(a)

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that the officers and directors of the Company and any person who directly or indirectly is the beneficial owner of more than 10% of the Company's Common Stock must file reports of beneficial ownership and any changes in such ownership. The three forms used for reports are: the Form 3, which is an initial statement of beneficial ownership of such securities; the Form 4, which reports changes in beneficial ownership, generally occurring in the previous month; and the Form 5, which is an annual statement to report changes that have not

previously been reported. Each of these forms must be filed at specified times.

17

20

Based solely on the Company's review of such forms and written representations made by certain of such reporting persons, the Company believes that during the year ended December 31, 2000, all such persons have complied with the requirements of Section 16(a).

#### INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP has acted as the Company's independent auditors for more than sixty years. The Board of Directors has selected Ernst & Young LLP to serve in that capacity again for 2001. Fees for the last annual audit were \$1.0 million and all other fees were \$1.9 million including audit related services of \$0.7 million, and non-audit services, primarily tax consulting services, of \$1.2 million. Audit related services generally include fees for internal audit, accounting consultations, benefit plan audits and business acquisitions.

A representative of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. At the Annual Meeting, the shareholders will be asked to ratify and approve this selection. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS.

#### OTHER MATTERS

While management has no reason to believe that any other business will be presented at the Annual Meeting, if any other matters should properly come before the Annual Meeting, the proxies will be voted as to such matters in accordance with the best judgment of the proxy holders.

#### SHAREHOLDER PROPOSALS FOR 2002 ANNUAL MEETING

Shareholder proposals intended to be presented at the 2002 Annual Meeting and included in the Company's proxy materials relating to such meeting must be received not later than December 19, 2001. Such proposals must be addressed to the Secretary of the Company.

The Company will furnish without charge to any shareholder, upon written request directed to the Secretary of the Company at its address appearing at the top of the first page of this Proxy Statement, a copy of its most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission.

By Order of the Board of Directors,

Yvette M. Schiotis  
Secretary

Los Angeles, California

1. Review with Reliance's internal auditors the independence and authority of their reporting obligations and proposed audit plans and their coordination with the independent auditors, as well as any significant findings or reports

prepared by the Internal Audit Department and management's response and follow-up. The Internal Audit Department shall be responsible to senior management, but shall report to the Board through the Audit Committee.

2. Review the performance of Reliance's internal auditors. The Committee must approve management's appointment, termination or replacement of the internal auditors.

Other Responsibilities

1. Consider, and, if appropriate, investigate any matter brought to the attention of the Audit Committee within the scope of its duties. 2. Maintain minutes of meetings and periodically report to the Board on its activities.

3. Annually prepare a report to shareholders as required by the Securities and Exchange Commission.

Those duties are the responsibility of management and the independent auditors. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditors or to assure compliance with laws and regulations and Reliance's Code of Conduct.
