PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

Each stockholder of record on April 6, 2001 is entitled to one vote for each share of common stock held by such stockholder on April 6, 2001. All votes will be tabulated by the inspector of elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

#### Quorum Required

The Company's bylaws provide that the holders of a majority of the Company's common stock issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent public accountants for the fiscal year ending December 31, 2001 requires the affirmative vote of a majority of those shares present in person, or represented by proxy, and cast either affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted as having been voted on the proposal.

In addition, at each of the Company's annual stockholders' meetings, beginning in 2001, each non-employee director who will continue to be a director after that meeting will automatically be granted at that meeting an option for 10,000 shares of the Company's common stock. #### COMPENSATION COMMITTEE REPORT

The Compensation Committee was formed on July 19, 2000. Since its formation, the Compensation Committee has had the exclusive authority to establish the level of base salary payable to the chief executive officer ("CEO") and certain other executive officers of the Company and to administer the Company's 2000 Equity Incentive Plan and Employee Stock Purchase Plan. In

addition, the Compensation Committee has the responsibility for approving the individual bonus programs to be in effect for the CEO and certain other executive officers and other key employees each fiscal year. For the 2000 fiscal year, compensation decisions were made by the Board of Directors until formation of the Compensation Committee.

For the 2000 fiscal year, the process utilized by the Board of Directors in determining executive officer compensation levels was based on the subjective judgment of the Board of Directors. Among the factors to be considered by the Compensation Committee are the recommendations of the CEO with respect to the compensation of the Company's key executive officers. However, the Committee will make the final compensation decisions concerning such officers.

**General Compensation Policy.** The Compensation Committee's fundamental policy is to offer the Company's executive officers competitive compensation opportunities based upon overall Company performance, their individual contribution to the financial success of the Company and their personal performance. It is the Committee's objective to have a substantial portion of each officer's compensation contingent upon the Company's performance, as well as upon his or her own level of performance. Accordingly, each executive officer's compensation package consists of: (i) base salary, (ii) discretionary cash bonus and (iii) long-term stock-based incentive awards.

**Base Salary.** The base salary for each executive officer is set on the basis of general market levels and personal performance. Each individual's base pay is positioned relative to the total compensation package, including cash incentives and long-term incentives.

**Annual Cash Bonuses.** Executive officers who are eligible for bonuses receive such bonuses if they achieve individual performance objectives that are set on an annual basis. Actual bonuses paid reflect an individual's accomplishment of these individual objectives and are based on a percentage of the individual's base salary.

**Long-Term Incentive Compensation.** During fiscal 2000, the Compensation Committee approved modest option grants to each of the executive officers largely in consideration of their efforts in connection with the Company's initial public offering. Generally, a significant grant is made in the year that an officer commences employment. Thereafter, option grants may be made at varying times and in varying amounts in the discretion of the Compensation Committee. Generally, the size of each grant is set at a level that the Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's position with the Committee, the individual's potential for future responsibility and promotion, the individual's performance in the recent period and the number of unvested options held by the individual at the time of the new grant. The relative weight given to each of these factors will vary from individual to individual at the Compensation Committee's discretion.

Each grant allows the officer to acquire shares of the Company's common stock at a fixed price per share (the market price on the grant date) over a specified period of time. The option vests in periodic installments over a two to four year period, contingent upon the executive officer's continued employment with the Company. The vesting schedule and the number of shares granted are established to ensure a meaningful incentive in each year following the year of grant. Accordingly, the option will provide a return to the executive officer only if he or she remains in the Company's employ, and then only if the market price of the Company's common stock appreciates over the option term.

**CEO Compensation.** The annual base salary for Mr. Van Camp, the Company's CEO, was established in connection with his commencement of employment and has not been adjusted. Also in connection with his commencement of employment, a sizable option grant was made to Mr. Van Camp. No additional options have been granted during fiscal 2000. No bonus was paid to the CEO for fiscal 2000 except an employee referral bonus.

**Tax Limitation.** Under the Federal tax laws, a publicly held company such as the Company will not be allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that compensation exceeds \$1 million per officer in any year. To qualify for an exemption from the \$1 million deduction limitation, the stockholders approved

a limitation under the Company's 2000 Equity Incentive Plan on the maximum number of shares of common stock for which any one participant may be granted stock options per fiscal year. Because this limitation was adopted, any compensation deemed paid to an executive officer when he exercises an outstanding option under the 2000 Equity Incentive Plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation that will not be subject to the \$1 million limitation. Since it is not expected that the cash compensation to be paid to the Company's executive officers for the 2001 fiscal year will exceed the \$1 million limit per officer, the Compensation Committee will defer any decision on whether to limit the dollar amount of all other compensation payable to the Company's executive officers to the \$1 million cap.

	Number of Underlying Options Granted (#) (1)	% of Total Options Granted to Employees in 2000 (2)	Exercise or Base Price (\$/sh) (3)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (4) (\$)	
					5%	10%
Peter F. Van Camp.....	3,105,000	38%	\$4.50	5/14/10	\$8,787,230	\$22,268,567

Peter T. Ferris.....	56,000	1	7.00	6/13/10	246,527	624,747

(1) Each of the options listed in the table is immediately exercisable, subject to a right of repurchase by the Company at the original price for all unvested shares. The shares vest at a rate of 25% of the option shares upon completion of one year of service measured from the grant date and the balance in a series of 36 successive equal monthly installments thereafter, except that Mr. Van Camp's option shares vest at a rate of 2.083% in a series of 48 successive equal monthly installments measured from the grant date. The plan administrator has the discretionary authority to re-price the options through the cancellation of those options and the grant of replacement options with an exercise price based on the fair market value of the option shares on the re-grant date. The options have a maximum term of 10 years measured from the option grant date, subject to earlier termination in the event of the optionee's cessation of service with the Company. Under each of the options, the option shares will vest upon an acquisition of the Company by merger or asset sale, unless the acquiring entity or its parent corporation assumes the outstanding options. Any options which are assumed or replaced in the transaction and do not otherwise accelerate at that time shall automatically accelerate (and any unvested option shares which do not otherwise vest at that time shall automatically vest) in the event the optionee's service terminates by reason of an involuntary or constructive termination within 18 months following the transaction.

(2) Based on an aggregate of 8,160,625 shares subject to options granted in the fiscal year ended December 31, 2000.

(3) The exercise price for each option may be paid in cash, in shares of common stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares. The Company may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares, together with any federal and state income tax liability incurred by the optionee in connection with such exercise.

(4) In accordance with the rules of the Securities and Exchange Commission ("SEC"), the table sets forth the hypothetical gains or "option spreads" that would exist for the options at the end of their respective ten-year terms based on assumed annualized rates of compound stock price appreciation of 5% and 10% from the dates the options were granted to the end of the respective option terms. Actual gains, if any, on option exercises are dependent on the future performance of the Company's common stock and overall market conditions. There can be no assurance that the potential realizable values shown in this table will be achieved.

## Aggregate Option Exercises in 2000 and Fiscal Year-End Option Values

The following table sets forth for each of the Named Executive Officers the

shares acquired and the value realized on each exercise of stock options during the year ended December 31, 2000 and the number and value of securities underlying options held by the Named Executive Officers at December 31, 2000:

	Shares Acquired on Exercise (#)	Value Received (1)	Number of Securities Underlying Unexercised Options at December 31, 2000 (#)		Value of Unexercised In-the- Money Options at December 31, 2000 (2)	
			Vested	Unvested	Vested	Unvested
Peter F. Van Camp.....	0	\$ --	452,813	2,652,188	\$ 0	\$ 0
Albert M. Avery, IV.....	0	--	0	56,000	0	0
Philip J. Koen.....	0	--	233,750	506,250	866,822	1,580,676
Marjorie S. Backaus.....	0	--	121,875	384,125	411,328	1,107,422
Peter T. Ferris.....	255,000	663,000	180,625	385,375	669,817	1,221,431

(1) Based on the fair market value of the Company's common stock on the exercise date, minus the exercise price, multiplied by the number of shares exercised.

(2) Based on the fair market value of the Company's common stock as of December 31, 2000 (\$4.375 per share), minus the exercise price, multiplied by the number of shares underlying the options. The options are immediately exercisable for all the option shares, but any shares purchased under those options will be subject to repurchase by the Company, at the original exercise price paid per share, upon the optionee's cessation of service with the Company, prior to the vesting in such shares. The heading "Vested" refers to shares no longer subject to repurchase; the heading "Unvested" refers to shares subject to repurchase as of December 31, 2000.

Employment Agreements, Change of Control Arrangements and Severance Agreements

The Compensation Committee, as plan administrator of the 2000 Equity Incentive Plan, has the authority to provide for accelerated vesting of the shares of common stock subject to outstanding options held by the Named Executive Officers and any other person in connection with certain changes in control of Equinix. In connection with the adoption of the 2000 Equity Incentive Plan, the Company has provided that upon a change in control of the Company, each outstanding option and all shares of restricted stock will generally become fully vested unless the surviving corporation assumes the option or award or replaces it with a comparable award. Any options which are assumed or replaced in the transaction and do not otherwise accelerate at that time shall automatically accelerate (and any unvested option shares which do not otherwise vest at that time shall automatically vest) in the event the optionee's service terminates by reason of an involuntary or constructive termination within 18 months following the transaction. Except as noted below, none of the Company's executive officers have employment agreements with the Company, and their employment may be terminated at any time.

The Company extended an offer of employment to Peter F. Van Camp, the Company's chief executive officer, pursuant to an offer letter dated April 25, 2000, which provides that his salary shall be \$310,000 per year. The letter provides for the grant of an option to purchase 3,105,000 shares of common stock at the fair market value on the grant date vesting over four years. The letter provides that the Company will extend a no-interest loan to Mr. Van Camp for up to \$3,000,000 to purchase a primary residence. The loan will be secured by Mr. Van Camp's primary residence and any shares of stock that Mr. Van Camp obtains by exercising the options described above. The agreement also provides for reimbursement of up to \$80,000 of relocation expenses. In addition, the Company reimbursed Mr. Van Camp's prior employer for relocation costs totaling \$70,000. The agreement further provides for 12 months of severance pay if Mr. Van Camp is terminated by the Company for reasons other than cause or disability. The Company has also entered into a stock option agreement with Mr. Van Camp, which provides that the Company's right to repurchase unvested shares shall lapse upon certain changes in control of the Company.

The Company has also delivered an offer letter to Philip J. Koen, the Company's chief financial and corporate development officer, dated July 9, 1999, which provides that his salary shall be \$195,000 per year. The letter provides that the Company will grant him an option to purchase 660,000 shares of common stock at the fair market value on the grant date vesting over four years. The letter further provides for six months of severance pay if Mr. Koen is terminated by the Company for reasons other than cause.

The Company extended an offer of employment to Peter T. Ferris, the Company's vice president of sales, pursuant to an offer letter dated June 28, 1999, which provides that his salary shall be \$190,000 per year and he is eligible for a target bonus of \$60,000. The letter provides for the grant of an option to purchase 510,000 shares of common stock at the fair market value on the grant date vesting over four years. The letter also provides that the Company will extend a no-interest loan to Mr. Ferris of up to \$750,000 to purchase his primary residence. The loan will be secured by Mr. Ferris' primary residence and any shares of stock that Mr. Ferris obtains by exercising the options described above. The letter also provides for acceleration of vesting of option shares as if Mr. Ferris remained employed for one additional year if there are certain changes in control of the Company. The Company also agreed to indemnify Mr. Ferris for any claims brought by his former employer under an employment and non-compete agreement he had with his former employer.
