**PROXY STATEMENT**  
**FOR 2003 ANNUAL MEETING OF STOCKHOLDERS**

**General Information**

This proxy statement is furnished to the stockholders of DSP Group, Inc., a Delaware corporation (the “Company”), in connection with the solicitation by the board of directors of the Company of proxies in the accompanying form for use in voting at the annual meeting of stockholders of the Company (the “Annual Meeting”) to be held on Tuesday, May 27, 2003, at 9:00 a.m., local time, at Swissotel New York, the Drake, 440 Park Avenue at 56th Street, New York City, New York 10022, and any adjournment or postponement thereof. The shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting.

The Company’s Internet Web site address is [www.dspg.com](http://www.dspg.com). The Company’s annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act are available free of charge through the Company’s Web site as soon as reasonably practicable after they are electronically filed with, or furnished to, the Securities and Exchange Commission. We will also provide the reports in electronic or paper form free of charge upon request. All materials filed by the Company with the Commission also can be obtained at the Commission’s Public Reference Room at 450 Fifth Street, N.W. Washington, D.C. 20549 or through the Commission’s Web site at [www.sec.gov](http://www.sec.gov). You may obtain information on the operation of the Public Reference Room by calling 1-800-SEC-0330.

**Solicitation, Record Date and Voting Procedures**

The solicitation of proxies will be conducted by mail and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company’s common stock. The Company may conduct further solicitation personally, telephonically or by facsimile through its officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on April 11, 2003 has been fixed as the record date (the “Record Date”) for determining the holders of shares of common stock of the Company entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, the Company had 27,349,909 shares of common stock outstanding and entitled to vote at the Annual Meeting. The presence at the Annual Meeting of a majority of these shares of common stock of the Company, either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. An automated system administered by the Company’s transfer agent will tabulate votes cast by proxy and a representative of the transfer agent will act as inspector of elections to tabulate votes cast in person at the Annual Meeting. Each outstanding share of common stock on the Record Date is entitled to one vote on all matters.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker “non-vote” are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting. Abstentions are included in determining the number of shares voted on the proposals submitted to stockholders (other than the election of directors) and will have the same effect as a “no” vote on such proposals. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does

---

not vote on a particular matter because the nominee does not have the discretionary voting power with respect to that matter and has not received instructions from the beneficial owner. Broker “non-votes,” and shares as to which proxy authority has been withheld with respect to any matter, are generally not deemed to be entitled to vote for purposes of determining whether stockholders’ approval of that matter has been obtained.

With respect to proposal 1 of this proxy statement, the director nominee will be elected by a plurality of the votes of the shares of common stock represented and voted at the Annual Meeting, and abstentions and broker “non-votes” will have no effect on the outcome of the election of the director nominee. With respect to proposals 2 and 3 of this proxy statement, the affirmative vote of a majority of the shares of common stock represented and voted at the Annual Meeting is required for approval of the proposed amendments to the 1993 Director Stock Option Plan (the “Director Option Plan”) and ratification of the independent auditors. Abstentions will have the same effect as “no” votes on proposals 2 and 3, whereas broker “non-votes” will have no effect on such proposals.

### **The Proxy**

The persons named as proxyholders, Eliyahu Ayalon and Moshe Zelnik, were selected by the Company’s board of directors and currently serve as executive officers of the Company.

All shares represented by each properly executed, unrevoked proxy received in time for the Annual Meeting will be voted in the manner specified therein. If no specification is made on the proxy as to any one or more of the proposals, the common stock of the Company represented by the proxy will be voted as to the proposal for which no specification is given as follows: FOR the election of the director nominee named in this proxy statement, FOR the adoption of the amendment and restatement of the Director Option Plan, FOR the ratification of the selection of Kost, Forer & Gabbay, a member of Ernst & Young Global, as the Company’s independent auditors for the 2003 fiscal year and, with respect to any other matters that may come before the Annual Meeting, at the discretion of the proxyholders. The Company does not presently know of any other such business to be conducted at the Annual Meeting.

### **Revocability of Proxy**

If the shares of common stock are held in your name, you may revoke your proxy given pursuant to this solicitation at any time before the proxy card is voted by: (i) delivering to the Company (to the attention of Moshe Zelnik, the Company’s Secretary), at the address of the Company’s principle executive offices, a written notice of revocation or a duly executed proxy bearing a later date, or (ii) attending the Annual Meeting and voting in person. If your shares are held in “street name,” you should follow the directions provided by your broker regarding how to revoke your proxy. Your attendance at the Annual Meeting after having executed and delivered a valid proxy card will not in and of itself constitute a revocation of your proxy. You will be required to give oral notice of your intention to vote in person to the inspector of elections at the Annual Meeting.

## PROPOSAL NO. 1

### ELECTION OF DIRECTORS

The Company's bylaws authorize the number of directors to be not less than five or more than nine. The number of directors on the board of directors is currently fixed at six. The board is divided into three classes: Class I, Class II and Class III. Each director serves a three-year term. The board is currently composed of three Class I directors (Messrs. Ayalon, Limon and Silver), whose terms will expire upon the election and qualification of directors at the annual meeting of stockholders to be held in 2004; two Class II directors (Messrs. Yair Seroussi and Yair Shamir), whose terms will expire upon the election and qualification of directors at the annual meeting of stockholders to be held in 2005, and one Class III director (Mr. Tanguy), whose term will expire at the Annual Meeting. At each annual meeting of stockholders, directors will be elected for full terms of three years to succeed those directors whose terms are expiring.

At the Annual Meeting, the stockholders will elect one Class III director. Mr. Tanguy has been nominated to serve a three-year term, until the annual meeting of stockholders to be held in 2006, or until his successor is elected or appointed and qualified, or until his earlier resignation or removal. The board has no reason to believe that Mr. Tanguy will be unable or unwilling to serve as a nominee or as a director if elected.

#### **Class III Director Nominee**

Patrick Tanguy has served as a director of the Company since November 1999. Mr. Tanguy has served as Chief Executive Officer of Technical Group, an aluminum building systems company, since October 1999. From August 1993 to April 1998, he served as the Chairman of Groupe DAFSA, a supplier of economic data and financial information about French companies.

#### **Required Vote**

The nominee will be elected by a plurality of the votes cast. Abstentions and broker non-votes are not counted toward the nominee's total.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR*  
THE ELECTION OF THE DIRECTOR NOMINEE NAMED ABOVE.**

During 2002, the board of directors met 10 times and acted once by unanimous written consent. The committees of the board currently include: the compensation committee and the audit committee.

The compensation committee held 2 meetings in 2002. The compensation committee currently consists of Messrs. Limon, Shamir and Silver. Its functions are to establish and apply the Company's compensation policies with respect to the Company's executive officers. Mr. Silver became a member of the compensation committee when Mr. Saul Shani resigned as a director of the Company in February 2002.

The audit committee held 5 meetings in 2002. The audit committee currently consists of Messrs. Limon, Seroussi, Shamir and Tanguy. Each outside director of the Company is also entitled to participate in the 1993 Director Stock Option Plan (the "Director Option Plan"). The Director Option Plan provides for the grant of non-statutory options to non-employee directors of the Company. The Director Option Plan is designed to work automatically; however, to the extent administration is necessary, it will be provided by the board of directors. The Director Option Plan currently provides that each eligible director is granted an option to purchase 30,000 shares of common stock under the Director Option Plan on the date on which he first becomes a director of the Company (the "First Option"). In addition, on the same date, each new director is granted an option to purchase 20,000 shares of common stock under the 2001 Stock Incentive Plan. Thereafter, each outside director is currently granted an option to purchase 10,000 additional shares of common stock (a "Subsequent Option") under the Director Option Plan on January 1 of each year if, on such date, he shall have served on the Company's board of directors for at least six months. In addition, an option to purchase 10,000 shares of common stock (a "Committee Option") under the Director Option Plan is currently granted on January 1 of each year to each outside director for each committee of the board on which he shall have served as a chairperson for at least six months.

Subject to stockholder approval at the Annual Meeting, the board of directors has approved amendments to the Director Option Plan to prospectively increase the First Option from 30,000 shares to 60,000 shares and to prospectively increase each of the Subsequent Options and Committee Options from 10,000 shares to 20,000 shares.

On January 1, 2002, each of Messrs. Limon, Shamir, Silver and Tanguy was granted a Subsequent Option, at an exercise price of \$18.39 per share, under the Director Option Plan. Additionally, each of Messrs. Limon and Shamir was also granted a Committee Option for their service on one of the Company's board committees, at an exercise price of \$18.39 per share, under the Director Option Plan. All options to purchase the Company's common stock held by Limon, Seroussi, Shamir, Silver and Tanguy and the exercise price for such options were adjusted in connection with the separation of the DSP cores licensing business. For more information, see the note marked by "†" in the section captioned "Security Ownership of Certain Beneficial Owners and Management."

#### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who own more than 10% of the Company's common stock (collectively, "Reporting Persons") to file initial reports of ownership and changes in ownership of the Company's common stock with the Securities and Exchange Commission and the Nasdaq Stock Market, Inc. Copies of these reports are also required to be delivered to the Company.

The Company believes, based solely on its review of the copies of such reports received or written representations from certain Reporting Persons, that during the fiscal year ended December 31, 2002, all Reporting Persons complied with all applicable filing requirements, except that Mr. Silver inadvertently filed late one Form 4 reflective of an option grant transaction. A Form 5 was subsequently filed by Mr. Silver to disclose the option grant transaction.

#### **Compensation Committee Report on Executive Compensation**

*Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 or the Exchange Act of 1934 that might incorporate future filings, including this proxy statement, with the Securities and Exchange Commission, in whole or in part, the following report and the stock performance graph that follows shall not be deemed to be incorporated by reference into any such filings, nor shall the following report be deemed to be incorporated by reference into any future filings under the Securities Act or the Exchange Act.*

The compensation committee of the Company's board of directors, which is comprised solely of independent, non-employee board members, has the authority and responsibility to establish the overall compensation strategy for the Company, including salary and bonus levels, administer the Company's incentive compensation and benefit plans, 401(k) plans, and stock option and purchase plans, and review and make recommendations to the board of directors with respect to the Company's executive compensation. Messrs. Limon, Shamir and Silver were the members of the compensation committee in fiscal year 2002. Mr. Shani was a member of the compensation committee until his resignation as a director of the Company in February 2002.

*Compensation Policy.* The Company's compensation policy, as established by the compensation committee, states that the executive officers' total annual cash compensation should vary with the performance of the Company and that long-term incentives awarded to such officers should be aligned with the interest of the Company's stockholders. The Company has designed its executive compensation program to attract and retain executive officers who will contribute to the Company's long-term success, to reward executive officers who contribute to the Company's financial performance and to link executive officer compensation and stockholder interests through the grant of stock options under the 2001 Stock Incentive Plan (the "2001 Stock Plan").

Compensation of the Company's executive officers consists of three principal components: salary, bonus and long-term incentive compensation consisting of stock option grants.

*Salary.* The base salaries of the Company's executive officers are reviewed annually and are set by the compensation committee. When setting base salary levels, in a manner consistent with the compensation committee's policy outlined above, the Committee considers competitive market conditions for executive compensation, the Company's performance and the performance of the individual executive officer.

*Bonus.* For the fiscal year ended December 31, 2002, the compensation committee evaluated the performance of, and set the bonuses payable to, the Chief Executive Officer and the other executive officers of

the Company. The performance factors utilized by the compensation committee in determining whether bonuses should be awarded to the Company's executive officers included the following: (1) increased sales of the Company's products and changes in profitability of the Company during fiscal 2002; (2) the officer's overall individual performance in his position and his relative contribution to the Company's performance during the year; and (3) the desire of the board of directors to retain the executive officer in the face of considerable competition for executive talent within the industry. The board of directors or the compensation committee in the future may modify the foregoing criteria or select other performance factors with respect to bonuses paid to executive officers for any given fiscal year.

*Long-term Incentive Compensation.* The Company believes that stock option grants (1) align executive officer interests with stockholder interests by creating a direct link between compensation and stockholder return; (2) give executive officers a significant, long-term interest in the Company's success; and (3) help retain key executive officers in a competitive market for executive talent.

The 2001 Stock Plan authorizes the board of directors, or a committee thereof, to grant stock options to employees and consultants of the Company, including the executive officers. Stock option grants are made from time to time to executive officers whose contributions have or will have a significant impact on the Company's long-term performance. The Company's determination of whether stock option grants are appropriate is based upon individual performance measures established for each individual on an annual basis. Options are not necessarily granted to each executive officer during each year. Generally, options granted to executive officers vest as to 25% of the grant on the first anniversary of the date of grant with the remaining options vesting quarterly over the next three years and expire seven years from the date of grant. Details on stock options granted to certain executive officers in 2002 are provided in the table entitled "Option Grants in 2002" contained in this Proxy Statement.

*Compensation of Chief Executive Officer.* The board of directors considered the following factors in evaluating the performance of, and setting the bonus compensation for, Mr. Ayalon, the Company's Chairman of the Board and Chief Executive Officer: the changes in the net income of the Company from the prior year, the Company's stock price and the time and effort that Mr. Ayalon individually applied in connection with the execution of his duties. The compensation committee believes that the salary, bonus and long-term incentive compensation paid to Mr. Ayalon for the fiscal year ended December 31, 2002 were appropriate based on the above criteria.

*Compensation Policy Regarding Deductibility.* Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain of the corporation's executive officers. The limitation applies only to compensation which is not considered to be performance-based. The 1991 Stock Plan and the 2001 Stock Plan are structured so that any compensation deemed paid to an executive officer in connection with the exercise of option grants made under the respective plan will qualify as performance-based compensation which will not be subject to the \$1 million limitation. The compensation committee is aware of the limitations imposed by Section 162(m), and the exemptions available therefrom, and will address the issue of deductibility when and if circumstances warrant, and may use such exemptions in addition to the exemption contemplated under the 1991 Stock Plan and the 2001 Stock Plan.

The purpose of amending and restating the Director Option Plan is to enable the Company to continue to attract and retain talented personnel for service as outside directors of the Company by offering them participation in the Director Option Plan. In the event the stockholders do not approve the proposed increase in the number of shares of common stock reserved for issuance under the Director Option Plan, the Company will not be able to issue its outside directors additional stock options under the Director Option Plan because options have already been granted with respect to substantially all of the shares currently reserved for issuance under the Director Option Plan.

The board of directors of the Company has approved the proposed amendment and restatement of the Director Option Plan as described above.

A general description of the principal terms of the amended and restated Director Option Plan is set forth below. However, the summary does not purport to be a complete description of all of the provisions of the Director Option Plan. A copy of the Director Option Plan is attached hereto as *Exhibit B* and is also available to any stockholder upon request.

#### *General Description*

In November 1993, the board of directors of the Company adopted the Director Option Plan, which was approved by the stockholders in January 1994. The Director Option Plan was subsequently amended and restated, as approved by the stockholders in May 1996. The board of directors amended the Director Option Plan in June 1999 to increase the number of shares of common stock reserved for issuance under the Director Option Plan by 200,000 shares, which amendment was approved by the Company's stockholders. In July 2001, the board of directors adopted and approved an amendment and restatement of the Director Option Plan to amend various terms of the Director Option Plan in anticipation of the distribution of the shares of capital stock of Ceva, Inc. (now known as ParthusCeva, Inc.) held by the Company to the stockholders of the Company. In June 2002, the board of directors amended the Director Option Plan to increase the number of shares of common stock reserved for issuance under the Director Option Plan by 200,000 shares and amend the term of the Director Option Plan from 10 years to 20 years, which amendments were approved by the Company's stockholders. In connection with the Separation, the number of shares of common stock available for issuance under the Director Option Plan was adjusted with an increase of additional 140,875 shares. To comply with changes in Israeli tax law effective January 1, 2003, the board of directors amended the Director Option Plan in November 2002 to adopt a program for option grants to eligible directors who are residents of Israel. A total of 890,875 shares are currently reserved for issuance under the Director Option Plan. Options granted under the Director Option Plan shall be nonstatutory stock options. See "Federal Income Tax Information" below for information concerning the tax treatment of nonstatutory stock options. As of April 1, 2003, options to purchase approximately 373,628 shares of common stock were outstanding under the Director Option Plan, a total of approximately 243,975 options to

---

purchase shares of common stock had been exercised under the Director Option Plan, and approximately 273,272 shares of common stock remained available for issuance thereunder. All stock and option numbers provided relating to the Director Option Plan have been restated to give effect retroactively to the adjustment in connection with the separation of the DSP cores licensing business. For more information, see the note marked by “†” in the section captioned “Security Ownership of Certain Beneficial Owners and Management.”

#### *Purposes of Director Option Plan*

#### *Administration*

The Director Option Plan shall be administered by the board of directors, but all grants of options under the Director Option Plan shall be automatic and nondiscretionary and shall be made strictly in accordance with the terms of the Director Option Plan.

The Director Option Plan currently provides that each eligible outside director is granted an option to purchase 30,000 shares of common stock on the date on which the outside director first becomes a director of the Company (the “First Option”). Thereafter, each outside director is currently to be granted an option to purchase 10,000 additional shares of common stock under the plan on January 1 of each year if, on such date, he shall have served on the Company’s board of directors for at least six months (a “Subsequent Option”). In addition, an option to purchase 10,000 shares of common stock is currently to be granted under the plan on January 1 of each year to each outside director for each committee of the board of directors on which he shall have served as a chairperson for at least six months (a “Committee Option”). The board of directors has approved the amendments to the Director Option Plan to increase (1) the First Option from 30,000 shares to 60,000 shares, (2) the Subsequent Option from 10,000 shares to 20,000 shares, and (3) the Committee Option from 10,000 shares to 20,000 shares. Subject to stockholder approval, the increases will be implemented on a prospective basis. The board of directors shall have the authority, in its discretion, to interpret the terms of the Director Option Plan. All decisions, determinations and interpretations of the board of directors shall be final and binding.

#### *Eligibility*

The Director Option Plan provides that options may be granted only to outside (non-employee) directors of the Company.

#### *Stock Options*

Each option granted under the Director Option Plan is to be evidenced by a written stock option agreement between the Company and the optionee and is subject to the following additional terms and conditions:

*Exercise of the Options.* Any stock option granted under the Director Option Plan shall vest and become exercisable as to one-third of the shares of common stock subject to the option 12 months from the date of grant and shall vest and become exercisable as to an additional one-third of the shares of common stock subject to the option at the end of each 12 month period thereafter. The board of directors may accelerate the unvested portion of any option granted under the Director Option Plan and held by a director whose service to the Company as a director has terminated prior to the option being fully exercisable.

*Exercise Price.* The exercise price of options granted under the Director Option Plan shall be 100% of the fair market value per share of common stock on the date of grant of the option.

*Termination.* If an outside director ceases to serve as a director of the Company, he may, but only within three (3) months after the date he ceases to be a director, exercise his options as to all or part of the

---

shares as to which he was entitled to exercise at the date of such termination. The board of directors may extend the exercise period of an option held by a director whose term is expiring to any date prior to the option's expiration date. In no event may an option be exercised after its expiration date.

*Disability.* If a director is unable to continue his service as an outside director with the Company as a result of total and permanent disability, he may exercise, but only within six months from the date of such termination of service as an outside director, his options to the extent such options were exercisable at the date of termination. The board of directors may extend the exercise period of an option held by a director whose service to the Company as a director has terminated due to disability. In no event may an option be exercised after its expiration date.

*Death.* If a director should die during his service to the Company, options may be exercised at any time within twelve months after the date of death by the director's estate or a person who acquired the right to exercise the option by bequest or inheritance, but only to the extent of the right to exercise that would have accrued had the director continued living and remained in continuous service as a director for six months after the date of death. The board of directors may extend the exercise period of an option held by a director whose service to the Company as a director has terminated due to death. If a director should die within three months after the termination of his service to the Company as a director, the options may be exercised at any time within 12 months after the date of death by the director's estate or a person who acquired the right to exercise the option by bequest or inheritance, but only to the extent that such options were exercisable at the date of termination, provided that the option is exercised no later than its expiration date. The board of directors may extend the exercise period of an option held by a director who dies within three months after the termination of his service to the Company as a director. In no event may an option be exercised after its expiration date.

*Term of Options.* The term of each option shall be 10 years from the date of the grant.

*Nontransferability of Options.* An option is not transferable by a director, other than by will or the laws of descent and distribution, and is exercisable during the director's lifetime only by the director.

*Other Provisions.* The option agreement may contain such other terms, provisions and conditions not inconsistent with the Director Option Plan as may be determined by the board of directors.

*Israeli Option Grant Program.* Effective January 1, 2003, stock options may be granted to eligible directors who are residents of Israel pursuant to a certain program under the Director Option Plan. Options granted pursuant to the program are eligible for favorable tax treatment under Israeli tax law. The option grants under the program to eligible directors who are Israeli residents are subject to the general terms of the Director Option Plan.

#### *Adjustments, Dissolutions, Mergers and Asset Sales*

In the event any change, such as a stock split or dividend, is made in the Company's capitalization which results in an increase or decrease in the number of outstanding shares of common stock without receipt of consideration by the Company, an appropriate adjustment shall be made in the number of shares under the Director Option Plan and the price per share covered by each outstanding option. In the event of the proposed dissolution or liquidation of the Company, all outstanding options will terminate immediately prior to the consummation of such proposed action. However, the board of directors may, in its discretion, make provision for accelerating the exercisability of options outstanding under the Director Option Plan in the event of such a proposed dissolution or liquidation.

In the event of any of the following corporate transactions, each outstanding option under the Director Option Plan automatically shall become fully vested and exercisable immediately prior to the effective date of such corporate transaction:

- the sale, transfer or other disposition of all or substantially all of the assets of the Company;
- a merger or consolidation in which the Company is not the surviving entity; or

- 
- any reverse merger in which the Company is the surviving entity but in which securities possessing more than 50% of the total combined voting power of the Company's outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger.

Upon the consummation of any of the foregoing corporate transactions, all outstanding options under the Director Option Plan will terminate and be cancelled, unless the options are assumed by the successor corporation.

In the event of any change in control described below, each outstanding option under the Director Option Plan automatically shall become fully vested and exercisable:

- the direct or indirect acquisition of 50% or more of the stock of the Company by any individual or entity which a majority of the directors do not recommend the stockholders accept, including a tender offer; or
- a change in composition of the board of directors over a period of thirty-six months such that a majority of the board members ceases to be comprised of board members who (a) have been board members for a period of at least thirty-six months, or (b) have been board members for less than thirty-six months but were elected or nominated for election as board members by at least a majority of the board members described in clause (a) who were still in office at the time such election or nomination was approved by the board of directors.

In the event of a change in control as described above, all outstanding options shall remain exercisable until the termination of the applicable option term.

#### *Amendment and Termination of the Director Option Plan*

The board of directors may amend the Director Option Plan at any time or from time to time or may terminate the Director Option Plan without approval of the stockholders; provided, however, that stockholder approval is required for any amendment to the Director Option Plan for which stockholder approval would be required under applicable law, as in effect at the time. In addition, no action by the board of directors or stockholders may alter or impair any option previously granted under the Director Option Plan. The Director Option Plan will terminate in January 2014.

#### *Amended Director Option Plan Benefits*

Pursuant to the proposed amendment and restatement of the Director Option Plan, the First Option is proposed to be increased to 60,000 shares, and each of the Subsequent Options and Committee Options is proposed to be increased to 20,000 shares, but all grants of options under the Director Option Plan shall remain automatic and non-discretionary, as described above. The Company will be entitled to a tax deduction in the same amount as the ordinary income recognized by a director with respect to shares acquired upon exercise of an option.

Any gain or loss on the director's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

In so doing, the Committee shall endeavor to maintain free and open means of communication between the directors, the independent auditors and the financial management of the Corporation. In addition, the Committee shall review the policies and procedures adopted by the Corporation to fulfill its responsibilities regarding the fair and accurate presentation of financial statements in accordance with generally accepted accounting principles and applicable rules and regulations of the Securities and Exchange Commission and the National Association of Securities Dealers (the “NASD”) applicable to Nasdaq listed issuers. Accordingly, the independent auditors are ultimately accountable to the Board and the Committee.

  - b. Review the independence of the independent auditors, including a review of management consulting services, and related fees, provided by the independent auditors. The Committee shall require the independent auditors at least annually to provide a formal written statement delineating all relationships between the independent auditors and the Corporation consistent with the rules of the NASD applicable to Nasdaq listed issuers and request information from the independent auditors and management to determine the presence or absence of a conflict of interest. The Committee shall actively engage the auditors in a dialogue with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors. The Committee shall take, or recommend that the full Board take, appropriate action to oversee the independence of the auditors.
3. Review and concur with management on the scope and responsibilities of an internal audit department, if any, and on the appointment, replacement, reassignment or dismissal of an internal audit department manager or director, as appropriate.

- 
5. In connection with its review of the Corporation's interim and audited financial statements, if no report is made by the independent auditors and management, the Committee shall inquire of the Corporation's management and the independent auditors as to whether there were any significant financial reporting issues and judgments made in connection with the preparation of such financial statements, as well as the potential impact on the Corporation's financial statements of any proposed changes in accounting and financial reporting rules.
  6. In consultation with the independent auditors, the internal audit department, if any, and management, consider and review at the completion of the annual examinations and such other times as the Committee may deem appropriate:
    - a. The Corporation's annual financial statements and related notes.
    - b. The independent auditors' audit of the financial statements and their report thereon.
    - c. The independent auditors' reports regarding critical accounting policies, alternative treatments of financial information and other material written communications between the independent auditors and management, including the written disclosures and letter from the independent auditors required by Independence Standards Board Standard No. 1 (or any amended or successor standard).

  7. The Committee shall at least annually inform the independent auditors, the Chief Financial Officer, the Controller, and the most senior other person, if any, responsible for the internal audit activities, that they should promptly contact the Committee or its Chairman about any significant issue or disagreement concerning the Corporation's accounting practices or financial statements that is not resolved to their satisfaction.
  8. Periodically, and to the extent appropriate under the circumstances, it may be advisable for the Committee, with the assistance of the independent auditors, the internal audit department, if any, and/or management, to consider and review the following:

  12. Prepare a report in the Corporation's proxy statement in accordance with SEC requirements.

- 
13. To the extent appropriate or necessary, it is advisable that Committee review the rationale for employing audit firms other than the principal independent auditors; and, where an additional audit firm has been employed, review the coordination of audit efforts to assure completeness of coverage, reduction of redundant efforts and the effective use of audit resources.
  14. To the extent that it is practical, it is recommended that one or more members of the Committee periodically review, before release, the unaudited operating results in the Corporation's quarterly earnings release and/or discuss the contents the quarterly earnings release with management.
  15. The Committee shall direct the independent auditors to use their best efforts to perform all reviews of interim financial information prior to disclosure by the Corporation of such information, and to discuss promptly with the Committee and the Chief Financial Officer any matters identified in connection with the auditors' review of interim financial information which are required to be discussed by Statement on Auditing Standards No. 61 (or any amended or successor statement).

In March 2000, the Company effected a two-for-one split of the Company’s common stock thereby increasing the number of Shares reserved for issuance under the Plan to 550,000 Shares. In June 2002, the Plan was amended and restated to increase the number of Shares reserved for issuance under the Plan by 200,000 Shares for a total reserve of 750,000 Shares. As a result of the Company’s distribution of all (or

If Shares which were acquired upon exercise of an Option are subsequently repurchased by the Company, such Shares shall not in any event be returned to the Plan and shall not become available for future grant under the Plan.

4. Administration of and Grants of Options under the Plan.

a. Administrator. Except as otherwise required herein, the Plan shall be administered by the Board.

b. Procedure for Grants. All grants of Options hereunder shall be automatic and nondiscretionary and shall be made strictly in accordance with the following provisions:

i) No person shall have any discretion to select which Outside Directors of the Company shall be granted Options or to determine the number of Shares to be covered by Options granted to Outside Directors of the Company.

ii) Each person who is an Outside Director of the Company on the Effective Date of this Plan shall be automatically granted an Option to purchase 30,000 Shares (the "First Option") on the Effective Date of this Plan, as determined in accordance with Section 6 hereof. Each Outside Director who becomes a member of the Board after the Effective Date but prior to January 21, 2003 shall be automatically granted an Option to purchase 30,000 Shares (also a "First Option") on the date on which such person first becomes an Outside Director of the Company, whether through election by the stockholders of the Company or appointment by the Board to fill a vacancy. Each Outside Director who becomes a member of the Board after January 21, 2003 shall be automatically granted an Option to purchase 60,000 Shares (also a "First Option") on the date on which such person first becomes an Outside Director of the Company, whether through election by the stockholders of the Company or appointment by the Board to fill a vacancy.

iii) From January 1, 1997 through December 31, 2003, each Outside Director of the Company shall be automatically granted (i) an Option to purchase 10,000 Shares (a "Subsequent Option"), on January 1 of each year, if on such date, he or she shall have served on the Board for at least six (6) months and (ii) an Option to purchase 10,000 Shares (a "Committee Option"), on January 1 of each year, for each committee of the Board on which he or she shall have served as the chairperson for at least six (6) months on such date. Beginning on January 1, 2004, each Outside Director of the Company shall be automatically granted (i) an Option to purchase 20,000 Shares (also a "Subsequent Option"), on January 1 of each year, if on such date, he or she shall have served on the Board for at least six (6) months and (ii) an Option to purchase 20,000 Shares (also a "Committee Option"), on January 1 of each year, for each committee of the Board on which he or she shall have served as the chairperson for at least six (6) months on such date.

iv) Notwithstanding the provisions of subsections ii) and iii) hereof, in the event that a grant would cause the number of Shares subject to outstanding Options, plus the number of shares previously purchased upon exercise of Options to exceed the Pool, then each such automatic grant shall be for that number of Shares determined by dividing the total number of Shares remaining available for grant by the number of grants to be made on the automatic grant date. Any further grants shall then be deferred until such time, if any, as additional Shares become available for grant under the Plan through action of the stockholders to increase the number of Shares which may be issued under the Plan or through cancellation or expiration of Options previously granted hereunder.

v) Notwithstanding the provisions of subsections ii) and iii) hereof, any grant of an Option made before the Company has obtained stockholder approval of the Plan in accordance with Section 17 hereof shall

---

have their exercisability conditioned upon obtaining such stockholder approval of the Plan in accordance with Section 17 hereof.

vi) The terms of any Option granted hereunder shall be as follows:

a) The Option shall be exercisable only while the Outside Director remains a Director of the Company or ParthusCeva, Inc., except as set forth in Section 9 hereof.

b) The exercise price per Share shall be 100% of the fair market value (as defined in Section 8.b. hereunder) per Share on the date of grant of the Option.

c) The Option shall vest and become exercisable as to one-third of the Shares subject to the Option on the first anniversary of the date of grant of the Option, and shall vest and become exercisable as to one-third of the Shares subject to the Option at the end of each twelve-month period thereafter, subject to the provisions set forth in Section 9, below.

d) The Board may accelerate the unvested portion of any Option granted under the Plan held by any Director whose Continuous Status as Director terminates for any reason prior to the Option being fully exercisable.

c. Powers of the Board. Subject to the provisions and restrictions of the Plan, the Board shall have the authority, in its discretion: (i) to determine, upon review of relevant information and in accordance with Section 8.b. of the Plan, the fair market value of the Common Stock; (ii) to determine the exercise price per share of Options to be granted, which exercise price shall be determined in accordance with Section 8.a. of the Plan; (iii) to interpret the Plan; (iv) to prescribe, amend and rescind rules and regulations relating to the Plan; (v) to authorize any person to execute on behalf of the Company any instrument required to effectuate the grant of an Option previously granted hereunder; and (vi) to make all other determinations deemed necessary or advisable for the administration of the Plan.

d. Effect of Board's Decision. All decisions, determinations and interpretations of the Board shall be final and binding on all Optionees and any other holders of any Options granted under the Plan.

5. Eligibility. Options may be granted only to Outside Directors of the Company. All Options shall be automatically granted in accordance with the terms set forth in Section 4.b. hereof. An Outside Director who has been granted an Option may, if he or she is otherwise eligible, be granted an additional Option or Options in accordance with such provisions.

The Plan shall not confer upon an Optionee any right with respect to continuation of service as a Director or nomination to serve as a Director, nor shall it interfere in any way with any rights which the Director or the Company may have to terminate his or her directorship at any time.

6. Term of Plan; Effective Date. The Plan shall become effective on the date on which the Company's registration statement on Form S-1 (or any successor form thereof) is declared effective by the Securities and Exchange Commission (the "Effective Date"). It shall continue in effect for a term of twenty (20) years, unless sooner terminated under Section 13 of the Plan, subject to the limitations set forth in this Plan.

7. Term of Option. The term of each Option shall be ten (10) years from the date of grant thereof.

8. Exercise Price and Consideration.

a. Exercise Price. The per Share exercise price for the Shares to be issued pursuant to exercise of an Option shall be 100% of the fair market value per Share on the date of grant of the Option.

b. Fair Market Value. The fair market value per Share shall be the mean of the bid and asked prices of the Common Stock in the over-the-counter market on the date of grant, as reported in The Wall Street Journal (or, if not so reported, as otherwise reported by the National Association of Securities Dealers Automated

Quotation ("NASDAQ") System) or, in the event that the Common Stock is traded on the NASDAQ National Market System or listed on a stock exchange, the fair market value per Share shall be the closing price on such system or exchange on the date of grant of the Option, as reported in The Wall Street Journal; provided, however, that if such market or exchange is closed on the date of the grant of the Option then the fair market value per Share shall be based on the most recent date on which such trading occurred immediately prior to the date of the grant of the Option; provided, further, that for purposes of First Options granted on the Effective Date, the fair market value per share shall be the initial public offering price as set forth in the final prospectus filed with the Securities and Exchange Commission pursuant to Rule 424 under the Securities Act of 1933, as amended.

c. Form of Consideration. The consideration to be paid for the Share to be issued upon exercise of an Option shall consist entirely of cash, check, other Shares having a fair market value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised (which, if acquired from the Company, shall have been held for at least six months), delivery of a properly executed exercise notice, together with such other documentation as the Company and the broker, if applicable, shall require to effect an exercise of the Option and delivery to the Company of the funds required to pay the exercise price, or any combination of such methods of payment and/or any other consideration or method of payment as shall be permitted under applicable corporate law.

9. Exercise of Option.

a. Procedure for Exercise: Rights as a Stockholder. An Option granted hereunder shall be exercisable at such times as are set forth in Section 4.b. hereof; provided, however, that no Options shall be exercisable until stockholder approval of the Plan in accordance with Section 17 hereof has been obtained.

An option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may consist of any consideration and method of payment allowable under Section 8.c. of the Plan. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. A share certificate for the number of Shares so acquired shall be issued to the Optionee as soon as practicable after exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan.

Exercise of an Option in any manner shall result in a decrease in the number of Shares which thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

b. Termination of Status as a Director. If an Outside Director ceases to serve as a Director, he or she may, but only within three (3) months after the date he or she ceases to be a Director, exercise his or her Option to the extent that he or she was entitled to exercise it at the date of such termination Option's expiration date. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. The Board may extend the exercise period of an Option held by a Director whose term is expiring to any date prior to the Option's expiration date. To the extent that such Outside Director was not entitled to exercise an Option at the date of such termination, or does not exercise such Option (which he or she was entitled to exercise) within the time specified herein, the Option shall terminate.

c. Disability of Optionee. Notwithstanding the provisions of Section 9.b. above, in the event a Director is unable to continue his or her service as a Director as a result of his or her total and permanent disability (as defined in Section 22(e)(3) of the Internal Revenue Code), he or she may, but only within six (6) months from the date of such termination, exercise his or her Option to the extent he or she was entitled to

exercise it at the date of such termination. The Board may extend the exercise period of an Option held by a Director whose Continuous Status as Director terminates as a result of his or her total and permanent disability. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that he or she was not entitled to exercise the Option at the date of termination, or if he or she does not exercise such Option (which he or she was entitled to exercise) within the time specified herein, the Option shall terminate.

d. Death of Optionee. In the event of the death of an Optionee:

i) during the term of the Option who is, at the time of his or her death, a Director and who shall have been in Continuous Status as a Director since the date of grant of the Option, the Option may be exercised, at any time within twelve (12) months following the date of death, by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that would have accrued had the Optionee continued living and remained in Continuous Status as Director for six (6) months after the date of death. The Board may extend the exercise period of an Option held by a Director whose Continuous Status as Director terminates as a result of his or her death. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired.

ii) within three (3) months after the termination of Continuous Status as a Director, the Option may be exercised, at any time within twelve (12) months following the date of death, by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of termination. The Board may extend the exercise period of an Option held by a Director who dies within three (3) months after the termination of Continuous Status as a Director. Notwithstanding the foregoing, in no event may the option be exercised after its term set forth in Section 7 has expired.

10. Nontransferability of Options. The Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. The designation of a beneficiary by an Optionee does not constitute a transfer. An Option may be exercised during the lifetime of an Optionee only by the Optionee or a transferee permitted under this Section.

11. Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

a. Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Option and the number of Shares which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per Share covered by each such outstanding Option, shall be proportionately adjusted for an increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or prices of Shares subject to an Option. Notwithstanding any terms of the Plan to the contrary, in the event of a Spin-off Transaction, the Board may in its discretion and without stockholder approval make such adjustments and take such other action as it deems appropriate with respect to outstanding Options under the Plan, including but not limited to adjustments to the number and kind of shares, the price per share and the vesting periods of outstanding Options or the substitution, exchange or grant of Options to purchase securities of the Subsidiary; provided that the Board shall not be obligated to make any such adjustments or take any such action hereunder.

b. Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, to the extent that an Option has not been previously exercised, it will terminate immediately prior to

the consummation of such proposed action. The Board may, in the exercise of its sole discretion in such instances, declare that any Option shall terminate as of a date fixed by the Board and give each Optionee the right to exercise his or her Option as to all or any part of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable.

c. Merger or Asset Sale. In the event of a Corporate Transaction, each Option which is at the time outstanding under the Plan automatically shall become fully vested and exercisable and be released from any restrictions on transfer and repurchase or forfeiture rights, immediately prior to the specified effective date of such Corporate Transaction, for all of the Shares at the time represented by such Option. Effective upon the consummation of the Corporate Transaction, all outstanding Options under the Plan shall terminate unless assumed by the successor company or its Parent. In the event of a Change in Control (other than a Change in Control which also is a Corporate Transaction), each Option which is at the time outstanding under the Plan automatically shall become fully vested and exercisable and be released from any restrictions on transfer and repurchase or forfeiture rights, immediately prior to the specified effective date of such Change in Control, for all of the Shares at the time represented by such Options. Each such Option shall remain exercisable until the expiration or sooner termination of the applicable Option term.

12. Time of Granting Options. The date of grant of an Option shall, for all purposes, be the date determined in accordance with Section 4.b. hereof. Notice of the determination shall be given to each Outside Director to whom an Option is so granted within a reasonable time after the date of such grant.

13. Amendment and Termination of the Plan.

a. Amendment and Termination. The Board may amend or terminate the Plan from time to time in such respects as the Board may deem advisable; provided that, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act (or any other applicable law or regulation), the Company shall obtain approval of the stockholders of the Company to Plan amendments to the extent and in the manner required by such law or regulation. In addition, the approval of the stockholders is required for any Plan amendment which would permit decreasing the exercise price of any Option outstanding under the Plan, subject to Section 11(a). Further, the approval of the Company's stockholders is required for any Plan amendment which would change any of the provisions of this Section 13(a). For purposes of this Section, approval of the stockholders means, except as provided by Applicable Law, approval by the holders of a majority of the Shares of Common Stock of the Company present or represented by proxy (and entitled to vote) at a meeting of the Company's stockholders.

b. Effect of Amendment or Termination. Any such amendment or termination of the Plan that would impair the rights of any Optionee shall not affect Options already granted to such Optionee and such Options shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Optionee and the Board, which agreement must be in writing and signed by the Optionee and the Company.

14. Conditions Upon Issuance of Shares. Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, state securities laws, and the requirements of any stock exchange upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares, if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

---

Inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. Option Agreement. Options shall be evidenced by written option agreements in such form as the Board shall approve.

17. Plan Approval. The Plan was adopted by the Board on November 29, 1993 and adopted by the stockholders of the Company in January 10, 1994. The Plan was subsequently amended and restated, as approved by the Company's stockholders in May 1996. In June 1999, the Board adopted and approved an amendment and restatement of the Plan to increase the number of shares of common stock reserved for issuance under the Plan, which amendment was approved by the Company's stockholders. In July 2001, the Board adopted and approved an amendment and restatement of the Plan to amend various terms of the Plan in anticipation of the distribution of all (or substantially all) of the shares of capital stock of Ceva, Inc., a Delaware corporation and a wholly-owned subsidiary, held by the Company to the stockholders of the Company. In April 2002, the Board adopted and approved an amendment and restatement of the Plan to increase the number of shares of common stock reserved for issuance under the Plan and the term of the Plan, which amendments were approved by the Company's stockholders. In November 2002, the Board adopted and approved an amendment and restatement of the Plan to include an appendix to the Plan designed to comply with changes in Israeli tax law effective January 1, 2003, which amendment did not require approval by the Company's stockholders. Subject to stockholder approval, the Board further adopted and approved in January 2003 an amendment and restatement of the Plan to (a) increase the number of shares of Common Stock reserved for issuance under the Plan, (b) increase the number of shares subject to each First Option, Subsequent Option and Committee Option (which increases shall be effective on a prospective basis) and (c) amend certain other administrative terms of the Plan. In March 2003, the Board adopted and approved an amendment and restatement of the Plan to amend the appendix to the Plan in order to comply with further changes in Israeli tax law which amendment did not require approval by the Company's stockholders.
